

**DEPARTMENT OF COMMUNITY AFFAIRS
DIVISION OF FIRE SAFETY
MEMORANDUM**

To: NFIRS Program Managers
From: Heather Puskar, NFIRS Supervisor
Date: July 2007
Re: New Plus-One Code

In response to the many phone calls and emails we have received about how to code a mulch fire, we are adding a Plus-One code to our State NFIRS software. We have added the Plus-One code to the “*BASIC MODULE, INCIDENT TYPES*” code menu. Please add this new Plus-One code to your system.

BASIC MODULE, INCIDENT TYPES:

142M Mulch Fire

Please be sure to add the Plus-One code to the **correct** code list menu.

If you need assistance adding Plus-One codes to your NFIRS software please call me at 609-324-7715 (Firehouse Software users) or call your software vendor.

Thank you.
