New Jersey Home Energy Programs

Home Energy Assistance
Universal Service Fund
Weatherization Assistance

HOW TO APPLY FOR ENERGY ASSISTANCE:
1. Find out if you are eligible for the program. Review the Energy Assistance Program Fact Sheet and Income Guidelines.
2. If you are eligible, fill out an application.
3. Submit a completed application to your Local Community Action Agency. Choose from the list of Local Application Agency's contact information at the end of this application.
The Low-Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. This year, the application period is October 1, 2019 to July 31, 2020. To apply for LIHEAP, contact the authorized local community action agency or community-based organization in your area. For persons age 60 or over, or who are disabled, applications may be received and returned by mail. Other households may apply by mail at the discretion of the local agency.

To be eligible for LIHEAP benefits, the applicant household must be responsible for home heating or cooling costs, either directly or included in the rent; and have gross income at or below 200% of the federal poverty level. The chart below gives specific monthly gross income maximums for FFY 2020. Persons who live in public housing and/or receive rental assistance are not eligible unless they pay for their own heating costs directly to the fuel supplier. The amount of the LIHEAP heating benefit is determined by income, household size, fuel type, and heating region. The medically necessary cooling assistance benefit amount will be $200, which will be issued as a direct credit to an active electric account in our system, otherwise they will be issued as one-party check to the eligible applicant.

An eligible household that heats with natural gas or electricity may have its benefits directly forwarded to its utility company. Otherwise, in most cases eligible households directly responsible to a fuel supplier for payment of home heating costs receive a two-party check in the name of the applicant and “the fuel supplier”. Households whose heating costs are included in their rent receive a single party check made out to the eligible applicant.

Please Note: The FFY 2020 LIHEAP application is also an application for the Universal Service Fund Program (USF). You apply for two benefit programs at the same time. USF is a program created by the State of New Jersey to help make natural gas and electric bills more affordable for low-income households. If you are eligible, USF can lower the amount you pay for gas and electricity. To be eligible, a household gross income must be at or below 185% of the Federal Poverty Level, (please refer to income guidelines listed below), and pay more than 3% of its annual income for electric, or more than 3% for natural gas. If a household has electric heat, it must spend more than 6% of its annual income on electricity to be eligible. For more information about USF, call: 1-800-510-3102.

For further information on LIHEAP or to locate the nearest application agency, call 1-800-510-3102. Additional information about LIHEAP and USF, including an application, is also available at www.energyassistance.nj.gov

Program Definitions

Low Income Home Energy Assistance Program
The Low Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. To be eligible, a household must have a gross income at or below 200% of the Federal Poverty Level and be responsible for the cost of heating. Please refer to the program web page above to verify income guidelines.

Universal Service Fund
USF is a program created by the State of New Jersey to help make natural gas and electric bills more affordable for low-income households. If you are eligible, USF can lower the amount you pay for gas and electricity. To be eligible, a household must have a gross income at or below 175% of the Federal Poverty Level and pay more than 3% of its annual income for electric, or more than 3% for natural gas. If a household has electric heat, it must spend more than 6% of its annual income on electricity to be eligible. Please refer to the program web page above to verify income guidelines.

Weatherization
New Jersey's Weatherization Assistance Programs will help reduce energy bills and keep your home warm by providing you with: 1) A home energy audit to see how much money you can save on energy bills by weatherizing; and 2) Installation of energy efficient measures which may include air sealing, insulation, heating system repair and/or replacement of refrigerators and heating systems if necessary. To be eligible, a household must have a gross income at or below 200% of the Federal Poverty Level.

LIHEAP and USF Recertification
If you received USF or HEA benefits during the previous season and did not move, you will receive a Recertification form in the mail instead of a full application. Contact your local participating agency for the recertification form if you do not receive one. If you now have a new address you must submit a complete application with all the required documentation.

SNAP (Food Stamp) and PAAD Automatic Enrollments
Food Stamp recipients and Lifeline/PAAD recipients are automatically screened for USF and HEA and only need to fill out a full USF/HEA application if it is requested by the county USF/HEA agency or more information is needed.

NJ FamilyCare
Beginning January 2014 NJ FamilyCare will include CHIP, Medicaid and Medicaid Expansion population. This means documented New jersey residents who are low income may be eligible for free or low cost health insurance that covers doctor visits, prescription, vision, dental care, and even hospitalization. For more information, call 1-800-701-0710.
