**State of New Jersey Substantial Amendment to the
SFY2013 Community Development Block Grant Disaster
Recovery Program Action Plan (Hurricane Irene)**

The Department of Community Affairs is proposing a substantial amendment to the State of New Jersey Community Development Block Grant - Disaster Recovery, CDBG-DR (Hurricane Irene) Program Action Plan for SFY2013. The amendment addresses budget changes to the Passaic County and Statewide categories.

Summary of Substantial Amendment:

New Jersey received an allocation of \$15,598,506 in CDBG-DR funds for the purpose of assisting the communities most impacted and distressed by Hurricane Irene. The 2013 NJ Community Block Grant Disaster Recovery Program Action Plan identified Passaic County as the eligible entity and recipient of 80% of the CDBG-DR Funds. The remaining 20% was available, through a competitive application process for recovery efforts Statewide. This grant provided a 5% administrative fee resulting in \$14,818,581 being available for program activities. Based on this, DCA prepared and submitted an estimated spending plan and the CDBG-DR Action Plan on July 23, 2012 to the U.S. Department of Housing and Urban Development, which was approved on September 28, 2012.

Based on HUD's unmet needs and information obtained from several community forums held in Passaic County, the NJ CDBG-DR Action Plan based its Passaic County (80%) allocation/budget on projects identified by nine municipalities that were impacted by the storm. In all, eleven projects were formally submitted to NJDCA under one application.

Applications for grants from the Statewide funding category were received through a competitive process. NJDCA conducted a technical assistance workshop on January 8, 2013 to inform the Statewide applicants of the rules,

regulations, and procedures of the Statewide allocation. In all, 12 applications were submitted to NJDCA on or before February 28, 2013. The process resulted in funding of eight (8) of these applications, and awarding the entire Statewide allocation of \$2,963,716. The eight (8) Statewide awards will fund nine (9) projects, including two (2) bulkhead repairs projects, a bridge replacement, dike restoration and generator repair, repairs to a parking lot at municipal/police station building and detention basin, the restoration of a County ARC facility, rehabilitation of public housing authority apartments and two (2) buyout projects to create public open space.

This Substantial Amendment #3 expands activities within the Plan's Relocation Policy, a) Optional Relocation Policy (\$16,000) and Home Buyouts Category- a) Resettlement Incentives - Renters (\$10,000) and b) Acquisition – Standard CDBG (\$700,000). These changes will allow renters who were displaced by a buyout activity to receive relocation assistance and to address properties in Paterson City that were acquired by tax liens placed on them before Hurricane Irene. Funds budgeted in the Home Buyout line item was shifted to these new activities. The new proposed activities necessitates a Substantial Amendment, per the April 16, 2012 Federal Register Notice (Docket No. FR-5628-N-01) requirements.

The amount to be awarded to Passaic County (80%) and the amount to be allocated statewide (20%) have not changed, but the budget within the remaining grant categories has been modified based on the needs of the subgrantees and subrecipients, which supports efforts to complete program objectives. Please refer to the Distribution of Allocation Table on the following page.
