

## **Request For Qualifications For Lead-Based Paint Abatement Services**

PROCEED, Inc. is seeking certified Lead Abatement contractors to provide abatement services in homes found to have lead-based paint risks for PROCEED, Inc.'s Lead Safe Home Remediation Pilot (LSHR). PROCEED, Inc. is seeking qualifications from NJ contractors with certified for LEAD-Based Paint Abatement Services to be contracted for residential properties within Union County, NJ, with a primary focus on the cities of Plainfield and Elizabeth, NJ. PROCEED, will select qualified contractors who will be utilized to complete the abatement services for PROCEED, Inc. from October 1, 2017 through October 31, 2018.

PROCEED LSHR Pilot program is expected to include Home Repair/Rehab and/or similar housing activities. Up to 12 units are expected to be completed through this initiative.

PROCEED, Inc.'s goal is to have small pool of certified Lead Abatement contractors available to contact when needed to provide the abatement/repairs needed to establish clearance by the municipality. The construction work items will be between \$5,000 and \$15,000 per unit, and will require lead-safe Renovation, Remodeling and Rehabilitation and/or Abatement.

Interested parties are invited to obtain a "Lead Remediation RFQ" package by contacting Joseph Diaz, 908.351.7727 ext.260, [jdiaz@proceedinc.com](mailto:jdiaz@proceedinc.com) or Joseph Sardina, 908.351.7727 ext. 215, [jsardina@PROCEED.com](mailto:jsardina@PROCEED.com).

All proposals must be received by 4:00PM on October 17th in order to be considered. PROCEED, Inc. is an Equal Opportunity Employer.
