PURPOSE OF RFP:

The NJ Department of Community Affairs (DCA) seeks a qualified professional consultant to plan, develop and implement a lead-based paint hazard reduction training institute for organizations servicing New Jersey. The State of New Jersey received \$180 million in ARP funds to provide lead remediation and abatement services to address lead-based paint hazards in housing units. Of the \$180 million, \$7.5 million has been allocated for this purpose.

DCA will allocate seed funding to 10 to 15 community-based organizations and housing services providers to enter the lead hazard remediation field, at a one-time cost of \$3.5 million (\$233,000 to \$350,000 per agency). These funds will provide new agencies who work in the most impacted neighborhoods and are seeking the opportunity to build expertise in lead hazard remediation with start-up capital, technical assistance, and capacity-building support.

New Jersey's Lead Programs include:

- Lead-Safe Home Remediation Grant Program
 - \$5 million in program funds to provide lead remediation and abatement services Statewide except in those municipalities covered by the Single-Family Home Remediation Grant Program.
- Single-Family Home Remediation Grant Program
 - \$5 million in program funds to provide lead remediation and abatement services in the Camden, Newark, Passaic, Paterson and Trenton.
- NEW Lead Remediation and Abatement Program (LRAP)
 - A minimum of \$70 million in Tranche 1 in program funds to provide lead remediation and abatement services Statewide.

The consultants must follow the below requirements when developing the training curriculum:

- NJ Lead-Based Paint Inspection Law
- NJAC 5:17
- NJAC 8:15
- EPA Renovation, Repair and Paint Rule (EPA RRP)
- New Jersey's State Procurement Laws

BUDGET:

DCA estimates a budget of \$150,000 for the completion of this work. Proposed budgets must include expected itemized costs for each scope of work as described below.

SCOPE OF WORK:

1. Coordination with DCA on a consistent basis to ensure project timelines and objectives are being met.
2. Identify the current training needs in New Jersey including the impact of the new Lead Unit Inspection Law.
3. Develop and implement relevant courses for the below lead positions to ensure that

participants will obtain the training needed to obtain their certifications.

4. Market the programs to community-based agencies that are servicing the most impacted neighborhoods but do not have experience implementing lead-based paint assistance programs through the development and implementation of a marketing plan.
5. Assist in building the capacity of new nonprofit organizations by providing web-based classes for the board and staff to strengthen their organization's ability to do more such as lead-based paint abatement and remediation and increase their impact in the community. The topics for training such include budgeting, grant writing, grant management and technology.
6. If trainings need to be provided by certified training providers beyond the capacity and qualifications of the Awardee, then the Awardee must coordinate with qualified training providers as needed for those trainings. Any costs associated with required outside trainings, certifications and/or examinations, must be budgeted and paid by the Awardee.
7. Submitting monthly reports of training sessions and names of participants
Applicants may choose to apply for some or all of the proposed Scope of Work
