1 MR. CUNNINGHAM: This meeting previously

- 2 being opened upstairs is reconvening in room 129. We
- 3 can proceed with the agenda. The first matter before
- 4 the Board today is a matter on the Consent Agenda
- 5 regarding the Pompton Lakes Borough Utilities Authority
- 6 who is coming before the Board seeking approval under
- 7 the New Jersey Environmental Infrastructure Trust
- 8 Program. Obviously under Consent Agenda no appearance
- 9 is required. With this, I would ask my colleagues on
- 10 the Board for a motion and a second to approve the
- 11 financing for us.
- MR. BLEE: Motion.
- MR. AVERY: Second.
- MR. CUNNINGHAM: Roll call, please.
- MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- 23 MR. CUNNINGHAM: Next matter before the
- 24 Board is Hopewell Borough Fire District Number one.
- 25 (All parties sworn.)

1 MR. McMANIMON: Thank you. Ed McManimon

- 2 from McManimon, Scotland and Baumann. And our firm is
- 3 the bound counsel to the Hopewell Township Fire
- 4 District Number One. I do note on your agenda it says
- 5 Hopewell Borough. It is Hopewell Township. As you
- 6 know, fire districts are (inaudible). So even though
- 7 they have a vote they still have to come here to have
- 8 findings. So asking for the Board to make positive
- 9 findings in connection with financing \$175,000 to
- 10 acquire an ambulance to replace an ambulance that
- 11 they've had for several years, since 2000, actually,
- 12 that has over 100,000 miles on it. So they're trying
- 13 to just continue their upgrade of the facilities. They
- have a loan that's being provided by the Hopewell Bank.
- I know there's a question raised about
- 16 whether they sought other options. And they did. They
- 17 asked the Peapack Gladstone Bank. Peapack Gladstone
- has agreed to acquire bonds that are in the million
- 19 dollar less range, but they on March 10th sent a letter
- 20 back indicating they were not interested in this loan
- 21 because it was too small to do the due diligence. That
- is generally the problem trying to market very small
- 23 fire district bonds. But they did seek from and did
- 24 not get a quote from Peapack Gladstone but they did get
- 25 an e-mail that said they were not interested because

they didn't have the ability to do a due diligence for

- 2 that small of an amount. So I believe this is a very
- 3 beneficial rate for a deal this small in the market.
- But, you know, Matt's here to answer any questions you
- 5 have about it.
- 6 MR. CUNNINGHAM: Counsel, I'll address
- 7 to you first. We have two other fire districts before
- 8 us today. And competitive financing was sought under
- 9 them. And I don't think that the rate that Hopewell
- 10 Community Bank is offering the township is a bad rate,
- 11 but it's not as low as some of the other rates that
- 12 I've been seeing over the last couple of months coming
- in front of the Board for approvals. Had it been an
- 14 egregiously high rate I think I would have probably
- 15 called and asked that the application be pulled from
- 16 the agenda, but I just wanted to -- I'm glad to hear
- 17 that you explored alternate financings, but going
- forward I would ask that you perhaps broaden the pool
- 19 of potential lenders to make sure that you are getting
- 20 in fact the rate.
- I reviewed the application. I
- 22 understand the need for the new vehicle. I also know
- 23 that the financing fees as originally presented to this
- 24 Board in the application have been reduced. So I think
- 25 that your counsel has answered the questions that I

1 had. And I would ask any of my colleagues on the Board

- 2 had additional questions for this application. Hearing
- 3 none, I would seek a motion.
- 4 MR. BLEE: Motion.
- 5 MR. LIGHT: Second.
- 6 MR. CUNNINGHAM: Take a roll call.
- 7 MS McNAMARA: Mr. Cunningham?
- 8 MR. CUNNINGHAM: Yes.
- 9 MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- 11 MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: Okay. Thank you. The
- 16 next two matters listed on the agenda are also fire
- 17 districts acquiring equipment. These applications were
- 18 complete. And we, therefore, waive the appearance
- 19 requirement. So just on the first one, Maurice River
- 20 Fire District Number Three, the fees were good. They
- 21 received a low rate and put \$60,000 cash down into the
- 22 deal. So on Maurice River there is no need to have the
- 23 fire district appear. So I would ask for, unless any
- of the Board members have questions, I would ask for a
- 25 motion and a second on that.

- 1 MR. BLEE: Motion.
- 2 MR. CUNNINGHAM: Thank you.
- 3 MR. LIGHT: Second.
- 4 MR. CUNNINGHAM: Second. Take roll
- 5 call.
- 6 MS McNAMARA: Mr. Cunningham?
- 7 MR. CUNNINGHAM: Yes.
- 8 MS McNAMARA: Mr. Avery?
- 9 MR. AVERY: Yes.
- 10 MS McNAMARA: Ms Rodriguez?
- 11 MS RODRIGUEZ: Yes. I just walked in
- 12 but I saw all these applications. So yes.
- MR CUNNINGHAM: Thank you.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- 18 MR. CUNNINGHAM: Next matter before the
- 19 Board, and I perhaps spoke incorrectly, we did not
- 20 waive the appearance on this one, Wall Township fire
- 21 District Number Three. Good morning, gentlemen.
- MR. SENDZIK: Good morning, Mr.
- 23 Chairman. Jay Sendzik appearing before the Board of
- 24 Fire -- representing Board of Fire Commissioners. To
- 25 my left is Chief John Sahatjian.

_ (	(All	parties	sworn.)	)

- 2 MR. CUNNINGHAM: Thank you very much for
- 3 coming in today. The Board's read the application in
- 4 front of us. And I note that the fire district is
- 5 achieving a good rate on the financing. And I thought
- 6 the fee structure assigned to the application was
- 7 certainly prudent. The one question I had just deals
- 8 kind of with the fire district's overall budget. And I
- 9 note that in most of the applications that have been
- 10 coming in front of the Board we see that some cash is
- 11 put down and that we're not financing the entirety of
- 12 the application. I was hoping that perhaps on behalf
- of the district you could just talk about that a little
- 14 bit and help us understand, you know, why that's not
- 15 happening here.
- MR. SENDZIK: Yes, we do have a reserve,
- a surplus in our budget of about \$600,000. The Board
- has a plan, a replacement schedule. And we're trying
- 19 to maintain a level tax rate. And when one financing
- 20 ceases we try to substitute it with another financing
- of a similar rate so that we're not impacting the tax
- 22 rate. But the Board does have healthy surplus, about
- 23 \$650,000. If they had to they could put down a deposit
- 24 on it, but they found to maintain the tax rate in the
- 25 district it's a lot more prudent to do it this way.

- 1 Especially with interest rates at 1.99.
- 2 MR. CUNNINGHAM: Okay. Any of my
- 3 colleagues on the Board have additional questions or
- 4 concerns for the district?
- 5 MR. LIGHT: No. I move the application
- 6 be approved.
- 7 MR. CUNNINGHAM: We have a motion.
- 8 MS. RODRIGUEZ: Second.
- 9 MR. CUNNINGHAM: We have a second. Roll
- 10 Call.
- MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- 18 MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: Thank you for your
- 22 appearance today. We'll next move to Chesterfield
- 23 Township. The township's before the Board today for a
- 24 proposed cap waiver utilizing surplus. And perhaps you
- 25 could just walk the Board through the highlights of the

- 1 application before we ask questions.
- 2 MR. MALEY: The township is requesting
- 3 some \$476,000 cap waiver for the use of surplus outside
- 4 the 1977 cap law. This is year number 11 the township
- 5 has had to do this. It's as a result of them having a
- 6 tax rate of less than \$.10 when the law changed
- 7 bringing in those communities with less than \$.10 tax
- 8 rate. And the base was never high enough to support
- 9 the operations of the township. Additionally, over the
- 10 years the township's been growing. It's expanding.
- 11 And obviously, those expenses within the cap are
- increasing but at a rate greater than what the law will
- 13 allow.
- 14 MR. CUNNINGHAM: Okay. The township has
- been growing significantly. And a lot of this as I
- 16 understand in reading the application, and I should
- mention for my colleagues on the Board that Tina
- 18 Zapicchi from the DLGS staff is here. And Tina has
- 19 reviewed this application and has been in contact with
- 20 the applicants. And to the extent we need her
- 21 expertise on any of this she's available to us. But
- 22 it's my understanding from the application that
- 23 development rights have been sold and have consistently
- 24 put an influx of cash into the budget. But I guess the
- 25 concern I have is the surplus is decreasing. And I'm

1 wondering at what point are you going to get into an

- 2 issue with the levy cap.
- MR. MALEY: Will be soon. We are
- 4 projecting we will get through 2016. We're expecting
- 5 in 2017 to have to go to the voters to request a
- 6 waiver, this waiver and the two percent levy waiver.
- 7 Of course, as the surplus decreases it affects both of
- 8 our waivers. Our caps. So you may not see us after
- 9 2017.
- 10 MR. CUNNINGHAM: So you would do the
- 11 referendum in '17?
- 12 MR. MALEY: We're thinking, yes. Of
- 13 course, it would work well if this waiver became
- 14 permanent. Then we'd only have to ask the voters for
- 15 the two percent waiver. In this case we're going to
- 16 ask the voters for two waivers at the same time. It
- 17 hurts.
- 18 MR. CUNNINGHAM: Understood. I mean,
- 19 that was my biggest concern with the application and in
- 20 talking to the staff about it. It's just I understand
- 21 and I used to live not that far Chesterfield. And I
- 22 have seen the growth that's occurred there, but I
- 23 imagine that, you know, the corresponding expenses, the
- 24 police, public works and all those things have been
- 25 increased at a must be extraordinary rate considering

- where the township may have been 20 years ago.
- 2 MS WULSTEIN: It's envisioned that the
- 3 police department with be not increased as the full
- 4 development completes, but under varying circumstances
- 5 which is it used to only be one officer per shift, as
- 6 the development was starting through varying, you know,
- 7 as we know the world today, it became prudent to put
- 8 two officers per shift. But yet, all that development
- 9 is still not yet built. We still have another three or
- 10 four years until we get to that final population in the
- 11 town.
- 12 MR. CUNNINGHAM: So considering that the
- 13 township in this instance has grown so quickly has
- 14 there been conversations with other municipalities
- 15 about, you know, shared services or any other programs
- 16 that, you know, could be consolidated in order to
- 17 somewhat lessen the impact on the tax rate and
- 18 potentially obviating the need to go for a levy cap
- 19 waiver down the road?
- 20 MS WULSTEIN: They have looked at it on
- 21 some areas. There's a lot of shared services. It's
- 22 not a technical shared service agreement. There's a
- 23 lot of, you know, back and forth with other towns. The
- first department we're actually going to probably look
- 25 at is public works as that's a very small department of

- 1 a certain age. And all of them are going to go at
- once. As for the police department, the township
- 3 supports that police department. The residents support
- 4 it. So there's areas that they've looked at in terms
- of communication is done on a countywide level. But
- 6 whether or not they're going to go to some kind of
- 5 shared police force, I'm not sure that's where they're
- 8 headed, but it has been analyzed. It will continue to
- 9 be. We have privatized the rescue services. We have
- 10 fire districts. So they are actually out of the
- 11 township budget.
- 12 MR. CUNNINGHAM: I'm sure the residents
- 13 support the police as I'm sure the council do, but
- 14 every time you're putting a referendum in front of them
- 15 to exceed the property.
- MR. MALEY: 23 referendums.
- 17 MS WULSTEIN: We know it. It's
- 18 something that's actually been discussed. I've been in
- 19 the township over three years. It's discussed every
- 20 year. A referendum is something we know is coming.
- 21 Even before the levy cap they knew eventually it was
- going to lead to a vote. How the vote will actually go
- when the vote is held is the unknown, but we explain it
- 24 to the residents. We educate them. They're our
- 25 partners in this. We're not doing this without their

- 1 knowledge.
- 2 MR. CUNNINGHAM: Understood. I've asked
- 3 a lot of questions. I don't know if any other members
- 4 of the Board have additional questions on this
- 5 application.
- 6 MS. RODRIGUEZ: Seems like, if I may,
- 7 seems like you're preparing yourself for the growth
- 8 that is basically at hand.
- 9 MS WULSTEIN: But Chesterfield's
- 10 population has doubled in the past, you know, seven
- 11 years. And it will continue to increase on that end.
- 12 That's something with the TDR program that's the
- inevitable effect. So it's just a way of managing it.
- 14 MR. CUNNINGHAM: I would then seek a
- 15 motion to approve. And I would just ask that you take
- 16 my comments to heart and share them with the governing
- 17 body just in advance of what you may be facing in 2017.
- MS. RODRIGUEZ: Make a motion.
- MR. BLEE: Second.
- MR. CUNNINGHAM: Take roll call.
- 21 MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?

STATE SHORTHAND REPORTING SERVICE, INC.

- 1 MS RODRIGUEZ: Yes.
- 2 MS McNAMARA: Mr. Blee?
- 3 MR. BLEE: Yes.
- 4 MS McNAMARA: Mr. Light?
- 5 MR. LIGHT: Yes.
- 6 MR. CUNNINGHAM: Thank you very much.
- 7 Next matter before the Board is Kearny. Hudson County
- 8 proposed adoption of a qualified bond issuance.
- 9 MR. McMANIMON: By the way, before
- 10 presenting this matter I asked the Wall Township people
- 11 who they got their loan from. And he gave me the card.
- 12 And I gave it to Hopewell Township party to check out.
- MR. CUNNINGHAM: We appreciate that.
- 14 The system works.
- MR. McMANIMON: Ed McManimon from
- 16 McManimon, Scotland and Baumann, bond counsel to the
- 17 Town of Kearny. As you know, the town is under the
- 18 Qualified Bond Act program. So any bond ordinance that
- 19 they adopt has to come before the Board for
- 20 consideration. They have introduced two bond
- 21 ordinances. One for water utility infrastructure
- improvements in the amount of \$600,000 and the other a
- 23 million and a half dollars for the acquisition of
- 24 property for the Dukes street pump station in the
- amount of 1.5 million with \$1,425,000 in bonds and

- 1 notes.
- 2 The outstanding debt that's covered by
- 3 the Qualified Bond Act is 7,304,000. The annual
- 4 Qualified Bond Act revenues are 18,465,000. So even
- adding the 150,000 which would be the approximate debt
- 6 service on these bonds over that 20 years doesn't
- 7 affect at all the almost 3 to 1 ratio of revenues to
- 8 debt service.
- 9 Now, I know there was a question raised
- 10 about the fact that the water utility is not self
- 11 liquidating which is why this down payment here on it
- 12 when you wouldn't need one if it was self liquidating.
- And at the behest of the staff the town asked to
- 14 represent that they put a rate increase in in December.
- 15 They're putting another rate increase in in November.
- 16 And they have a lot of surplus water. And they're
- 17 exploring who they can sell that water to. And until
- 18 they figure out the revenue benefits from doing that
- 19 they don't really want to put in a rate increase that's
- too high, but they think they will know by the end of
- 21 the year what the revenue requirements are to be self
- 22 liquidating and will expect to be that.
- MR. CUNNINGHAM: Well, that was the
- 24 concern I had with the application. And I wasn't sure
- 25 the answer we were going to get, but, certainly, the

1 answer I wanted to hear is that a move toward a self

- 2 liquidating utilities is on tract. So that was my
- 3 question. Do any of the other Board members have
- 4 questions for the applicant at this time? Hearing
- 5 none.
- 6 MR. LIGHT: Motion.
- 7 MR. BLEE: Second.
- 8 MR. CUNNINGHAM: Roll call, please.
- 9 MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: Thank you, gentlemen.
- 20 And I should have mentioned that there had been a
- 21 matter on the agenda. Next matter before the Board,
- 22 the City of Newark.
- 23 (All parties sworn.)
- 24 MR. CUNNINGHAM: Gentlemen, City of
- 25 Newark under transitional aid. I've been working with

STATE SHORTHAND REPORTING SERVICE, INC.

- officials in the city very closely. Working together
- with the professionals, obviously, to try to move the
- 3 city toward a better structural budget position.
- 4 You're here in front of us today for an application.
- 5 And I believe, counsel, you may want to amend the
- 6 application from before a little bit or we can have
- 7 that conversation --
- 8 MR. MAYER: Yes, thank you, Mr.
- 9 Chairman. As I discussed with you and Ms McNamara, I
- 10 would ask that the qualified bonds be increased from
- 11 51,553,000 to the total of 56,673,000. I am expecting
- 12 that we may need to issue the whole amount as qualified
- 13 bonds. We would like the rest of the application to go
- as presented in the agenda, but it would go to 51,533
- for the qualified bonds to 56,673. That's just the
- 16 total of the two pieces. That's all I got.
- 17 MR. CUNNINGHAM: Dan, I would address
- 18 this question to you given the city's complicated
- 19 financing the amount of debt they have outstanding,
- 20 it's no secret that one of the issues that I've talked
- 21 about on this deal and others is the city's need for a
- 22 nonconforming maturity schedule. And for the rest of
- the Board's benefit, the application, the nonconforming
- 24 maturity schedule that's in the application, is
- 25 different than the one first presented. And we've gone

- back and forth on that a little bit as the Board often
- gets a little bit leery about doing those types of
- 3 things, but I think we landed at a place where we
- 4 thought was kind of in the best interest. And I would
- 5 just ask you to explain why this is being done and the
- 6 benefit it has on the city's finances to the sit.
- 7 MR. MARINIELLO: Sure. The application
- 8 that was originally submitted was revised. We had been
- 9 going back and forth with regard to what fit with what
- 10 the city could afford and what the city's current debt
- 11 situation is. Obviously, any financial or economic
- 12 benefit that the state can help provide to the city is
- 13 what we're looking for.
- 14 There were two series of bonds here.
- 15 The school bond we amended from the original
- 16 application to the revised to be a conforming schedule.
- 17 The city piece of it we revised to bring it not so back
- 18 loaded as we had originally showed. We created a chart
- 19 that gives an idea our debt service significantly drops
- 20 as you go out. And in fact, in 2028 it drops
- 21 significantly. So the idea of it was the city's
- 22 dealing with a lot of budgetary issues not add income
- compound to that as we go. We have to permanently
- finance these bonds. It's not something that we're
- 25 going to be able to avoid. So the idea was how we best

fit it into the schedule that we have. And I think

- 2 we've come up with an opportunity not only to fit into
- 3 the current schedule but there are going to be other
- 4 things that the city has to finance over the years.
- 5 And we didn't want to in the next few years add a
- 6 significant burden to the budget that we're already
- 7 trying as best we can to deal with.
- 8 MR. CUNNINGHAM: Yeah, it certainly is a
- 9 balancing act because we want to restore fiscal sanity
- 10 to the city. And sometimes I'm tempted to feel the
- 11 pain and get it over with and then the city would be on
- a better long term footing, but we can't go too far
- 13 with that. I'm speaking from the Division standpoint
- 14 as, you know, head of the Transitional Aid Program
- 15 because we wound up -- you know, we would up spiting
- ourselves and hurting the residents of the city. So I
- think, you know, the revised nonconforming maturity
- 18 schedule while certainly not, you know, in a perfect
- 19 would I think we would avoid it, but given the city's
- 20 current debt and given the debt that's going to be
- 21 coming off I think it is prudent. Do any of the other
- 22 members of the Board have any questions on that?
- 23 Dan, we have a couple different versions
- 24 of the maturity schedule floating around. Just for
- 25 purposes of the record, can you confirm the date so we

all make sure we're looking at the right one? I

- believe it's March 25th.
- MS. DANIELS: Yes, March 25th is the
- 4 last one.
- 5 MR. CUNNINGHAM: Okay. So assuming the
- 6 Board votes in a positive manner then Board staff would
- 7 work with you to amend the resolutions that may be
- 8 needed to fully understand the decision to go with the
- 9 56 and QBA. And again, hearing no other questions from
- 10 the Board members I would seek a motion for this
- 11 application.
- MR. BLEE: Motion.
- MS. RODRIGUEZ: Second.
- MR. CUNNINGHAM: Roll call.
- MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: Thanks, gentlemen.

STATE SHORTHAND REPORTING SERVICE, INC.

- 1 Next matter before the Board is the proposed
- 2 dissolution of redevelopment agency in Morristown.
- 3 (All parties sworn.)
- 4 MR. CUNNINGHAM: I'm sorry. I wasn't
- 5 listening. Would you kindly introduce yourself to the
- 6 Board?
- 7 MR. DONATELLI: My name is Dean
- 8 Donatelli. I'm with Inglesino, Webster, Wyciskala and
- 9 Taylor. We are special redevelopment counsel for the
- 10 Town of Morristown. With me today is Frank Mason. He
- is the CFO for the town.
- MR. CUNNINGHAM: Good morning. And
- 13 thank you for attending. So this is a proposed
- 14 dissolution of a redevelopment agency. And as I read
- 15 the report that was prepared by staff of the Division
- it appears that the redevelopment entity no longer has
- 17 real estate or assets, does not have debt, neither a
- 18 tenant or a landlord. Is there anything else that
- 19 would still be on the books, so to speak, that would
- 20 have to continue to exist or is this final and done and
- 21 no other lingering obligations?
- MR. MASON: The only thing that's on the
- 23 books is \$2,188 that the town owes the redevelopment
- 24 agency. It's been on the books for at least a number
- of years. And I think it's a moot point to pay it over

- 1 and then take over those funds. So that can be
- 2 cancelled on the town's side.
- 3 MR. CUNNINGHAM: Okay. And the purpose
- 4 of the MRA was redeveloping something referred to as
- 5 the Vale Mansion site?
- 6 MR. DONATELLI: Yeah, it's a Vale
- 7 Mansion redevelopment area which was established in
- 8 1998. The redevelopment project has now been completed
- 9 to its full execution. All the space is occupied.
- 10 There's a new restaurant that just went in. You should
- 11 try it. It's actually really good, Jockey Hollow Bar
- 12 and Kitchen. And now most of the redevelopment
- projects go to the town council now as a redevelopment
- 14 authority. So the agency really has no further
- 15 function.
- MR. CUNNINGHAM: Okay. Any other
- 17 questions?
- 18 MR. LIGHT: So that I understand,
- 19 financially all that they need to do so far as the
- 20 books are concerned is cancel the debt that's due to
- 21 the town?
- 22 MR. MASON: The town has to cancel it on
- 23 our side. Correct. We can do that as soon as it's
- 24 dissolved.
- MR. CUNNINGHAM: Any other questions?

STATE SHORTHAND REPORTING SERVICE, INC.

1 MS. RODRIGUEZ: No, I have a comment.

- 2 He's right. That's a great restaurant. I've been
- 3 there.
- 4 MR. CUNNINGHAM: No employees of MRA.
- 5 Right?
- 6 MR. DONATELLI: No employees.
- 7 MR. LIGHT: I'll move the application.
- 8 MR. BLEE: Second.
- 9 MR. CUNNINGHAM: Roll call.
- 10 MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- 17 MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- 20 MR. CUNNINGHAM: Thank you for your
- 21 appearance this morning. Union County Improvement
- 22 Authority.
- 23 (All parties sworn.)
- 24 MR. CUNNINGHAM: Thank you very much for
- 25 your appearance this morning. I would ask just because

STATE SHORTHAND REPORTING SERVICE, INC.

- 1 I didn't hear all the introductions if folks would
- 2 introduce themselves prior to speaking. And I guess
- 3 the first thing that caught my eye in the application
- 4 was the Roselle Mind and Body Complex project. And I
- 5 was hoping maybe someone could just kind of enlighten
- 6 the Board about exactly what that is and then talk
- about the two components of the project, one for the
- 8 Borough and one for the Board of Ed. So, Counsel
- 9 Jessup.
- 10 MR. JESSUP: Chairman, I'll take a crack
- 11 at that. Let me first introduce everybody. You Dan
- 12 Sullivan, the executive director of the Union County
- 13 Improvement Authority. Allan Roth who is counsel to
- 14 Roselle Board of Education. Mayor Dansereau, mayor of
- 15 the Borough of Roselle. Dave Block who's the business
- 16 administrator for the Board of Education. And all the
- 17 way at the end there is Dan Mariniello who's financial
- 18 advisor to the Improvement Authority.
- 19 This is essentially a true shared
- 20 service facility project financial between the Borough
- 21 and the Board of Education. The Board of Education has
- 22 a significant need for a pre K and kindergarten
- 23 facility. Those kids are about 200 kids that are
- 24 currently spread out in two separate facilities that
- are leased by the Board of Education. They're not

owned by the Board of Education. They are substandard

- 2 facilities. Recreation takes place in a parking lot in
- 3 one facility. There's no recreation opportunity in a
- 4 second facility. One of them is located on Saint
- 5 George's Avenue which is a main thoroughfare without
- 6 Roselle. There is overcrowding in significant number
- 7 of the classrooms. Many have upwards of 20 kids pre K
- 8 and kindergarten. The target number is more like 15
- 9 kids. So there's overcrowding. There's currently a
- 10 wait list for pre K enrollment that can't be
- 11 accommodated by the current leased facilities. And
- 12 obviously, with a wait list there's no expansion
- 13 possibilities under the existing facilities at all.
- 14 The new pre K and kindergarten
- 15 facilities, the Board of Ed piece of this project,
- 16 alleviates all those issues, obviously. This is a
- 17 brand new state of the art built facility particular to
- 18 pre K and kindergarten. And the nice thing about it
- 19 because both of these projects are on the same parcel
- 20 of land about 200 feet across the hall or across the
- 21 way from the pre K and kindergarten facility will be a
- 22 brand new library and a community center and a
- 23 recreation center where there will be there's a
- 24 swimming facility. There's recreation opportunities.
- 25 There is currently no rec center throughout the

- 1 borough. So the borough has rec center needs.
- 2 The borough has a very popular and
- 3 active library which right now is antiquated and too
- 4 small. They run all of their -- a lot of there
- 5 community services through the library. In Roselle
- 6 there is a significant and growing immigrant
- 7 population. So the library does things like employment
- 8 opportunities, English as a second language,
- 9 citizenship. They run all of those types of programs
- 10 through their library. In addition, you know, in
- 11 Roselle and a lot of other places where you have, you
- 12 know, two working parents you want a nice facility, a
- good facility where kids can go after school and end up
- 14 at a library versus out somewhere else. In this case,
- 15 obviously, that facility is literally right across the
- 16 way on the same parcel of property.
- So there's a need by both. Obviously,
- 18 the mayor and the business administrator can describe
- 19 it in more detail if you'd like. There's a need for
- 20 both. Because construction is all taking place on one
- 21 parcel of land and because there's a need for financing
- 22 the borough and the Board of Ed had entered into a
- 23 shared services agreement with the Improvement
- 24 Authority requesting that the Improvement Authority
- 25 control everything sort of from top down. So letting

of contracts, contracts management. And if you had two

- 2 separate entities doing it you've got trucks from two
- 3 different places coming at the wrong time, obviously
- 4 that can end up being a disaster on one parcel of
- 5 property.
- 6 So recognizing that there's a financing
- 7 need and recognizing that there's administrative
- 8 efficiencies obviously, there's contract letting
- 9 efficiencies, the borough and the Board of Ed had
- 10 requested that the Improvement Authority through a
- 11 shared services agreement that was executed last May
- 12 that they basically run the construction as well as do
- 13 the financing for the project. That financing is --
- 14 will be two bond resolutions but sold at the same time.
- 15 It will be bonds will be issued by the Improvement
- 16 Authority. The proceeds of the bonds will be used by
- 17 the borough of side to build the community and rec
- 18 center not to exceed \$30 million. And proceeds will be
- 19 used on the Board of Ed side to build early childhood
- 20 education center not to exceed 19 and a half million
- 21 which is why you have a total of 49 and a half million
- 22 on the agenda.
- The borough will make a lease payment
- 24 equal to debt service on the bonds under a lease
- 25 agreement. They will be leasing the facility from the

1 Improvement Authority once it's complete. That's a ad

- 2 valorem lease payment made by the borough. The Board
- 3 of Ed will be making a lease payment. That will be
- 4 subject to appropriation lease payments by the Board of
- 5 Ed to lease to build early childhood education center
- from the Union County Improvement Authority. That
- 7 lease payment will also be equal to debt service on the
- 8 bonds.
- 9 MR. CUNNINGHAM: Mayor, did you want
- 10 make a statement in support of the project?
- MR. MAYER: Yes. I think he's pretty
- 12 thorough with what our needs are, you know, from the
- 13 community side. You know, when we talk about the
- 14 children, the need for education, capturing them in
- they terms of just the library alone, you know, you
- 16 have a captured audience. You know, we have schools
- that can't afford to put libraries within the school.
- 18 So having it right in that general area where the
- 19 teachers can bring them right in there is a big plus.
- 20 In our community the average income per
- 21 household is about \$60,000 gross. So there is -- and
- 22 there are two working parents minimally. The issue
- 23 comes down to after school and what is a safe
- 24 environment for them to have an opportunity to know
- 25 their children, not in the sense of needing a daycare

operation because these are the middle school children

- 2 who can be independent, but to have places for them to
- 3 go for recreation that's safe off the streets so they
- 4 don't align themselves with groups that we all know,
- 5 you know, are pervasive in communities like ours in
- 6 particular when they are having no direction. The
- 7 library has done a phenomenal job. But as they said,
- 8 it is too small and it houses so many of our youth.
- 9 And it does so much for them but it can't do all of
- 10 this.
- 11 Having a structured recreational
- 12 environment that they can go to daily, you know, will
- 13 keep them off the streets, keep them you culturally
- 14 active and to help to educate them in terms of the
- 15 needs that they have to understand how to become fully,
- 16 you know, full citizens of this community in a positive
- 17 direction. The parents simply cannot afford to send
- 18 their children outside the community for these
- 19 extracurricular activities. And so therefore, their
- 20 education of the world in general is not comprehensive
- 21 or as comprehensive as it could be if not having these
- other opportunities in an urban community. So we are
- asking you humbly. We appreciate the Board's, you
- 24 know, giving us this opportunity to express this need.
- 25 And I would ask you please to continue passing this

- 1 application. Thank you.
- 2 MR. CUNNINGHAM: Is there a significant
- 3 tax increase that would be required to support the
- 4 lease payment that the borough would now have to the
- 5 Improvement Authority?
- 6 MR. JESSUP: The debt service on the
- 7 bonds of approximately \$1,600,000 for the borough
- 8 portion is level.
- 9 MR. CUNNINGHAM: And that would equal
- 10 the -- the lease payment you said would equal the debt
- 11 service. Correct?
- MR. JESSUP: That's exactly right. And
- 13 that would equate to -- I can't speak to whether they
- 14 need to do this, but it would be on the average
- assessed valued home of \$118,400. It's a tax increase
- of approximately \$253.
- 17 MR. CUNNINGHAM: Do any of the other
- 18 Board members have questions for the applicant?
- 19 MR. LIGHT: I was going to ask -- and I
- 20 appreciate you asking that. The other one I was
- 21 concerned with is that I realize this is a large
- 22 application. It's \$50 million, but the cost of
- issuance is over \$600,000. And that seemed to strike
- 24 me as being high. A lot of it I quess are fixed fees
- 25 like the underwriter fees and so forth, but there's a

- 1 miscellaneous \$50,000 down at the bottom. And it's
- 2 small compared to some of the other numbers we're
- 3 talking about, but \$600,000 for full issuance cost of
- 4 issuance seems.
- 5 MR. CUNNINGHAM: I had the same
- 6 question. And I'm glad that another Board member asked
- 7 it before I had to. But that is a concern that the
- 8 Board has. And perhaps you could just discuss the fee
- 9 structure.
- 10 MR. MARINIELLO: Just to add to that,
- 11 two big fees in that are driven obviously by the size
- 12 of the deal. It's a big deal.
- MR. LIGHT: \$50,000,000 bond structure.
- 14 MR. MARINIELLO: The miscellaneous and
- 15 the other big piece is really on the insurance part of
- 16 it, the bond insurance premium which is this is not a
- 17 county guaranteed project. So at \$50 for the Borough
- 18 of Roselle to get bond insurance which would save them
- 19 a lot more money in the interest rate when they go out
- and issue the bond, what that price is going to be is
- 21 still up in the air. We've had a number of
- 22 conversations but we don't know where it's going to end
- 23 up. So the numbers that you see in there for bond
- insurance and miscellaneous is for that fluctuation.
- 25 We're just not sure what the insurance company is going

- 1 to look for.
- 2 MS. RODRIGUEZ: If I may, I'm trying to
- 3 wrap my head around the fee for the UCIA of \$104,000.
- 4 Improvement Authorities come in front of us all the
- 5 time. And I've never seen a fee this high. Maybe you
- 6 can explain it to me. Is it because it's two separate
- 7 entities? It is \$104,000. Never seen anything like
- 8 that.
- 9 MR. JESSUP: I think it's couple things.
- 10 One, the structure is sort of a standard structure that
- 11 the Improvement Authority uses across all deals. Part
- of is related to the size of the bond issue, but in
- this case I think what's more applicable is the fact
- 14 that, again, unlike a deal where maybe the Improvement
- 15 Authority is simply passed through financing deals for
- other municipalities, in this case the Improvement
- 17 Authority is going to be doing all of the construction
- 18 management, contract letting, et cetera. So in this
- 19 case there is an active role of the Authority and of
- 20 its members to coordinate letting of contracts across
- 21 both entities and both projects, coordinating the
- 22 professionals, the engineer, the architect, et cetera,
- 23 across both contracts. Letting those contracts,
- 24 managing distribution of funds and managing the higher
- 25 construction process.

1 MS. RODRIGUEZ: So they're acting as

- 2 contract, plus we're talking about construction
- 3 management -- not construction management. But
- 4 contract managers in this. And this is what you're
- 5 telling? So my question is they're going to be --
- 6 you're going to be -- the Authority, okay, is going to
- 7 be the contract or the project manager for this
- 8 project?
- 9 MR. JESSUP: That's correct.
- 10 MS. RODRIGUEZ: Because in that case the
- 11 fee would make sense to me. You're going to oversee
- 12 all the soft costs and then into the actual fruition of
- 13 the project.
- 14 MR. SULLIVAN: That's what we're doing
- now on several other projects. It's the same thing.
- MR. AVERY: And the Authority has the
- 17 staff to -- expertise to do this, to rely on
- 18 consultants?
- MR. SULLIVAN: We have two active
- 20 construction projects right now. We'll have a third in
- 21 the City of Plainfield over the next couple of months.
- 22 And yes, we have the ability to do it.
- 23 MR. LIGHT: I want to thank the mayor
- for coming. I know he thanked you already but it's
- obvious you care about your community and the young.

- 1 What is the population of Roselle?
- MS. DANIELS: We have almost 23,000 in a
- 3 2.6 mile square town. So we're quite dense. And of
- 4 course, you know, in our school I believe it's over --
- 5 our schools it's over 2,000 children and growing.
- 6 There's documented coming into the community. Of
- 7 course other children age out. But as we speak, and I
- 8 know I'm speaking on behalf of the schools, you know,
- 9 but that's part of your community because there are no
- 10 boundaries. And so it's very important, you know, as a
- 11 whole family if we're servicing the entire families of
- 12 Roselle we have to be mindful of the needs. And a
- 13 piece that hasn't really been discussed, the extra
- 14 rooms that will be part of the recreation center will
- 15 house a great many services, you know, additionally
- that the community needs. Social services through
- 17 nonprofit, you know, organizations that we work with
- 18 currently now that need the kind of help. And kind of
- 19 a one-stop shopping area for community activism and
- 20 positive cultural exposure.
- MR. LIGHT: Thank you.
- 22 MR. ROTH: Chairman, if I may. I'm
- 23 Allan Roth, counsel for the Board. We have almost 2800
- 24 kids. We have a waiting list for pre K of 100
- 25 children. We only can accommodate right now 200. So

without -- we're talking about being able to expand our

- 2 program. The way the aging out as the mayor said our
- 3 population is high school's getting smaller, our
- 4 elementary's getting larger. So we will be tapped out.
- 5 And I think everyone would appreciate even though this
- 6 is not the Department of Education, but appreciate that
- 7 I don't want to have to put 6th, 7th and 8th graders
- 8 into my high school. That would be a concern.
- 9 The other thing is that with the
- 10 buildings, Mr. Jessup said, I don't know, 400 yards
- 11 apart, whatever would be, we would be able to now put
- in the community center a wrap around program which we
- do not have now. And quite frankly, an urban type
- 14 district really needs as the mayor had said. And the
- 15 Board is looking to develop a wrap around program which
- we would be able to accommodate the needs of not only
- 17 the pre K but the older kids. And there is not a
- 18 resource facility to do that here.
- 19 MR. CUNNINGHAM: Thank you. I do want
- 20 to return to the fees. I guess these are proposed and
- 21 estimated fees. Correct?
- MR. JESSUP: Absolutely.
- 23 MR. CUNNINGHAM: So they may not be this
- 24 high?
- MR. JESSUP: Correct.

STATE SHORTHAND REPORTING SERVICE, INC.

- 1 MR. CUNNINGHAM: I think as I go down
- 2 the list I think some of them are significant. I think
- 3 the underwriter's counsel, county bond counsel I would
- 4 ask why that's \$20,000 when this isn't a county
- 5 guaranteed deal. So I'm just curious, you know, was
- 6 that just a place holder or do you guys actually expect
- 7 that to be that full amount?
- 8 MR. JESSUP: That's correct. That's
- 9 just a place holder. There was a discussion about
- 10 whether or not the county would be involved in that
- 11 regard. At this point obviously through this
- 12 application there is no county guarantee being
- 13 contemplated. So that, for example, would be a cost
- 14 that would not be incurred. Obviously, if the county
- 15 got involved we'd have to come back to you anyway for
- 16 additional approvals.
- 17 MR. CUNNINGHAM: Then the last thing I
- 18 would say, this would be directed toward the
- 19 Improvement Authority, I'm not prepared at this time,
- 20 but staff is preparing an analysis of Improvement
- 21 Authority fees. So I'm not singling out Union County
- in anyway, but as the Improvement Authority deals come
- 23 before the Board it has often been a concern among
- 24 Board members over various years of the fees being
- varied and the fees of some complex being too high.

1 And it's no secret that I started my career off in an

- 2 improvement authority. So I'm particularly sensitive
- 3 to that. And in this case I certainly understand as Ms
- 4 Rodriguez asked that the Board is doing more than just
- financing, they're also doing construction management.
- 6 But on a kind of going forward basis, I just want all
- 7 the improvement authorities to know that the Division
- 8 staff are going to be undertaking analysis to try to
- 9 identify the spectrum of fees. And those improvement
- 10 authorities of outliers potentially could be questioned
- on that. So I only mention that as an advisement but
- that study is not complete. And I'm not indicating
- anything untoward about the fee or saying that UCI
- 14 would be one of the outliers on the spectrum. I'm just
- making you aware of that future and ongoing effort.
- 16 I think the project is an exciting
- 17 project for the borough to include the Board of
- 18 Education. Clearly, it's expensive, but, nevertheless,
- 19 it seems for the impact on the tax rate the result
- 20 that's being kind of attributed or provided to the
- 21 children and to the residents of the town is fairly
- 22 extraordinary. So unless there's any other questions
- on the application, but, again, I would please ask you
- to be mindful of the fees as you move forward in all
- 25 respects. I would ask if there's any other questions.

- 1 If not, we'll seek a motion.
- 2 MR. BLEE: Motion.
- 3 MS. RODRIGUEZ: Second.
- 4 MR. CUNNINGHAM: We have a second Ms
- 5 Rodriguez. Take roll call.
- 6 MS McNAMARA: Mr. Cunningham?
- 7 MR. CUNNINGHAM: Yes.
- 8 MS McNAMARA: Mr. Avery?
- 9 MR. AVERY: Yes.
- 10 MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: I'd just like to have a
- 17 sidebar with counsel very, very quickly and then we'll
- 18 move to the next item on the agenda. Thank you for
- 19 your appearance.
- 20 (Whereupon there is a recess.)
- 21 MR. CUNNINGHAM: Next application before
- the Board is the Monmouth County Improvement Authority.
- 23 (All parties sworn.)
- MR. CUNNINGHAM: So the Improvement
- 25 Authority is in front of the Board today for some

1 significant refundings. And Counsel Draikiwicz was

- 2 kind enough to talk to myself and Division staff just
- 3 explain a little bit about the set up of how the
- 4 Improvement Authority in Monmouth does their issuances.
- 5 As I look through the application, I know that there's
- 6 a broad variety of participants in the deal. And the
- 7 vast majority are achieving the requisite savings. I
- 8 know that two of the participants, Manalapan and
- 9 Shrewsbury in particular, may not have or Shrewsbury's
- 10 case may be close. Would you just be prepared to
- 11 discuss that a little bit, counselor, and explain to
- 12 the Board why nevertheless although those participants
- 13 it makes sense to include those issuances in the
- 14 refunding? Please.
- MR. DRAIKIWICZ: There are actually --
- 16 thank you, Director and rest of the Board. There are
- 17 18 participants that are involved in the transactions.
- And we're taking out the 2007, 2008 Monmouth County
- 19 Improvement Authority bonds where there are many
- 20 participants as well as three other entities, Red Bank,
- 21 Avon Board of Education and Little Silver Board of
- 22 Education. But in connection with the two Improvement
- 23 Authority refundings that are going on from '07 and
- '08, there's 15 participants involved in those. And
- out of those 15 participants three of them, Manalapan,

1 Township of Shrewsbury and the Borough of Shrewsbury,

- 2 are below three percent -- are either close to three
- 3 percent or below three percent. Depending upon
- 4 obviously time of the market. Since this refunding
- 5 involves 15 participants in those two series of bonds
- 6 some of them are at five percent, six percent, four
- 7 percent, three percent. There's a variety. Because
- 8 when the bond issued originally their debt schedule
- 9 obviously varied depending upon their own needs.
- 10 So in order to finance -- refinance the
- 107, '08 deal and get the three percent savings the
- 12 savings varied. And in order for us to do the
- 13 transaction to get overall three percent savings some
- do not have that requisite three percent. So if we
- 15 refunded it without those three participants those
- three participants would be left behind. And if
- they're left behind that would mean there's still
- ongoing fees from the trustee in terms of annual fee
- 19 from the trustee for one to have ongoing fees still.
- 20 Not significant but they're still ongoing fees. And
- 21 the ability to refund those bonds in which probably
- 22 have four to six years left on them would probably
- would not be occurring.
- 24 So in order to pick up those negligible
- 25 savings and towns really benefits the other 15. So

- 1 even though they may not have done it on their own
- 2 they're still getting some savings. And it's
- 3 benefitting the entire pool of participants.
- 4 MR. CUNNINGHAM: So speaking of the
- 5 entire pool, as I understand it the net present value
- 6 savings on this deal is 2.9 million or about
- 7 5.2 percent?
- MR. DRAIKIWICZ: Financial advisor.
- 9 MR. MARINIELLO: As a whole that's about
- 10 it.
- 11 MR. CUNNINGHAM: When the Board requires
- 12 minimum savings one of the prime goals of that is to
- 13 prevent fees from being generated on projects that
- 14 really don't have a lot of merit to them. Not that
- there wouldn't be savings. It would be negligible
- savings and it wouldn't justify the professional fees.
- 17 Here a different situation as explained by counsel in
- 18 that those fees are really being absorbed across a
- 19 large pool. So once again, I know I've done most of
- the questioning, but if any of the members of the Board
- 21 have questions for this applicant please feel free. If
- 22 not, I would certainly entertain a motion and a second.
- MR. LIGHT: Staggering, again, on the
- 24 cost of issuance, but the 2.9 is net with the cost of
- 25 issuance. Included in that you still have a 2.9 and

- 1 five percent savings.
- 2 MR. DRAIKIWICZ: Yes.
- 3 MR. LIGHT: So you're spending a million
- 4 to get. Almost three million savings. No. Okay.
- 5 MR. CUNNINGHAM: Motion on the table.
- 6 We'll resume that. Seeking a second. Mr. Blee.
- 7 MR. AVERY: Second.
- 8 MR. CUNNINGHAM: Mr. Avery with the
- 9 second. Roll call, please.
- 10 MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- 20 MR. DRAIKIWICZ: Thank you for your
- 21 consideration.
- MR. CUNNINGHAM: City of Asbury Park.
- 23 (All parties sworn.)
- 24 MR. McMANIMON: I'm going to briefly
- 25 introduce the matter because Jen has spent a great deal

of the last few years working on this project. This is

- 2 a companion financing to a very large waterfront
- 3 redevelopment project in Asbury Park. The primary
- 4 project itself was approved by this Board on
- 5 February 13, 2013. Involved a very large residential
- 6 component development on the waterfront. And this is a
- 7 hotel piece that's a companion part of the financing
- 8 which is why there is a lot of documents and a lot of
- 9 structure to this, similar to the transaction that was
- 10 presented to you back in 2013.
- This involves a \$1,250,000 completely
- 12 non-recourse redevelopment area bond for which the city
- is not on the hook at all. It involves two matters
- under the redevelopment statute, 40A:12A-29A-3 which is
- 15 the approval of a financing that's a private sale and
- 16 40A:12A-67b which is a financial institute that
- 17 involves a special assessment and a payment in lieu of
- 18 tax. And the bond issue is being done primarily to
- 19 facilitate a payment in lieu of tax that will make this
- 20 project feasible. Without the bond issue and the
- 21 removal from the constrictors that are under the
- 22 formulas under the long-term tax exemption law this
- 23 project would not be affordable. There is a specific
- 24 payment that's being made. And the amount of this
- issue and the interest rate on it does not impact in

anyway on the amount of money that the City of Asbury

- 2 Park will receive both in the special assessment and
- 3 the payment in lieu of tax. And so it's not as if this
- 4 interest rate, it's not that we don't care about this
- 5 interest rate. It's a high interest rate. But it's
- 6 consistent with the project from 2013. And it is
- 7 because it's a non-recourse obligation. It has a
- 8 construction risk. The person who's buying the bond
- 9 has to rely on this project being built and then
- 10 producing the revenue that it's designed to produce so
- 11 they get paid. There's no backup to this. So there is
- 12 a complete risk element to this type of financing.
- So I'd open it up to questions because I
- 14 think the project itself speaks for itself. The
- 15 contract has been before this Board on a much broader
- 16 scale. I asked Dave Kaplin to come with the city and
- John Cantalupo who is the city bond counsel. I don't
- 18 know why they changed from us to him. I can't figure
- 19 that out. So the city is not involved -- with regard
- 20 to the city who is intimately involved in this even
- 21 though their credit is not, I just wanted them here so
- 22 that if you had questions about it they could address
- it because they've been as involved as Jen has been.
- 24 MR. CUNNINGHAM: I should first note
- 25 that Asbury Park being a transitional aid town is

- obviously then of particular interest to the Division.
- 2 I hadn't had a lot of interaction with the city. I
- 3 didn't know all that much about it when I took this
- job, but last week I did go down and actually met with
- 5 the city. I met with the developer. And I actually
- 6 walked the sites. And I'm now much more familiar from
- 7 a visual concept with the redevelopment that's going
- 8 there. As I said to the mayor and I think I would want
- 9 to reiterate in the front of the Board and in front of
- 10 the public is I think Asbury Park is on the precipice
- 11 of some incredibly exciting development opportunities.
- 12 And I think that as Asbury Park is also getting very
- 13 close to redeveloping their way out of the Division's
- 14 transitional aid program. So I think it's incumbent
- 15 upon the Division to support the programs that are
- 16 going forward. Our effort then becomes ensuring that
- 17 the deals that are being put forth are truly in the
- 18 best interest of the city and ultimately the residents
- 19 Asbury Park. And I will also fully and freely admit
- that when I looked at the application and realized that
- 21 I don't have a lot of perspective into it I did call,
- 22 you now, counsel. I called Mr. Jessup. And I had a
- 23 question about that rate. And I appreciate you
- 24 bringing it up this morning because I did have concern
- 25 and I thought it was high. But we did have a

- 1 conversation that you relayed to the entirety of the
- 2 Board it's not a rate that adversely affects the City
- of Asbury which, then, therefore, reduces a lot of my
- 4 concerns as a Director of the Division. And I can kind
- of just put my Chairman of the LP hat back on and move
- 6 forward with it.
- 7 So I don't know that the hotel project
- 8 by itself could be called transformative, but I do
- 9 think that and the by (sic) project which the developer
- 10 had done will be catalyst for some of the larger
- 11 development coming. And those larger developments, and
- including the PILOT revenues and other things, are
- going to put cash or payments in lieu of taxes into the
- 14 city's coffers which I think is ultimately, you know, a
- 15 very, very good thing. So I appreciate the time that
- 16 all of you put into this deal and helping explain it to
- 17 the Board. Did any of the Board members want to talk
- about the project or about the financing?
- 19 MS. RODRIGUEZ: I guess more of a
- 20 comment. Because I go to Asbury Park all time. I
- 21 think this is -- I think you hit the nail on the head
- 22 when you said transformative because right now with the
- 23 flow of people that come to Asbury Park, and I always
- 24 encourage people to go to the beach there because I've
- 25 never seen anything like that in any beach in New

- 1 Jersey. And I think this is an asset for the city
- 2 because I think more people would come down, more
- 3 people would stay there if there was an alternative
- 4 hotel. Not that the one that is there -- I mean, the
- one that's there is pretty much booked all through the
- 6 Summer. So I think it's a good project for the city.
- 7 I do.
- 8 MR. CUNNINGHAM: Any other questions for
- 9 the applicants? I'll make motion to approve this.
- 10 MS. RODRIGUEZ: I second it.
- 11 MR. CUNNINGHAM: Take roll call.
- MS McNAMARA: Mr. Cunningham?
- MR. CUNNINGHAM: Yes.
- MS McNAMARA: Mr. Avery?
- MR. AVERY: Yes.
- MS McNAMARA: Ms Rodriguez?
- MS RODRIGUEZ: Yes.
- MS McNAMARA: Mr. Blee?
- MR. BLEE: Yes.
- MS McNAMARA: Mr. Light?
- MR. LIGHT: Yes.
- MR. CUNNINGHAM: Thank you very much.
- 23 (All parties sworn.)
- 24 MR. CUNNINGHAM: Good morning. Thanks
- 25 for your appearance. Similar to the City of Asbury

1 Park I've been working very, very closely with the City

- 2 at Atlantic City on their efforts. And we have a lot
- 3 of stuff with the Division going on there. This
- 4 financing is one component of that. Kind of a
- 5 multi-faceted approach to dealing with a lot of the
- 6 City of Atlantic City's issues. I'm obviously well
- 7 aware of this project. And I've participated in the
- 8 calls and the conversations. I wanted the Board to
- 9 have the ability to ask any questions of the city, but
- 10 I understand, you know, what's going on here. The only
- 11 thing I would ask, and I would direct this to Ms
- 12 Edwards, if you would, could you just explain to the
- 13 Board the need for the nonconforming maturity schedule
- 14 why that makes sense given Atlantic City's that drop
- off. If you would address that then we can open up the
- 16 questions for the Boards members.
- MS EDWARDS: Sure. Absolutely. As
- 18 you're aware, we're here to get approval under 2-51 and
- 19 2-55 for the approval of the refunding bond ordinance,
- as well as a nonconforming maturity schedule and use of
- 21 the municipal qualified bond act for the ordinance for
- 22 not to exceed 43 million. 43 million will go to
- 23 funding an emergency appropriation that will be used to
- repay the state loan in the amount of \$40,000,000.
- The structure of the maturity schedule

is laid out to defer principle for the first five years

- 2 of the transaction and then funding the balance out 25
- 3 years. The deferment of principle for five years is to
- 4 alleviate the city of additional debt service burdens
- 5 as they're dealing with their financial distress over
- 6 the next several years. In addition, the maturity
- 7 schedule is wrap around the additional municipal
- 8 qualified bonds that were approved earlier in the year
- 9 for \$12,000,000. They will be packaged together. And
- 10 the structure of the wrap is to give the city the
- 11 highest amount of coverage possible under the act and
- 12 the available aid that is given to the city. With this
- 13 structure we're able to provide the city based on total
- 14 aid received almost up to four times debt service
- 15 coverage if we're able to get the nonconforming
- 16 maturity schedule approved. That's the minimum
- 17 coverage. The maximum coverage is about 5.3 percent.
- 18 So as you can see, it's certainly a good thing to have
- 19 this nonconforming maturity schedule for the city as
- 20 it's working through its financial distress.
- 21 MR. CUNNINGHAM: Thank you for that.
- 22 Any questions from the Board? Once again, I'll make a
- 23 motion for this and seek a second.
- MS. RODRIGUEZ: Second.
- 25 MR. CUNNINGHAM. Thank you. Do roll

1	call.	
2	M	IS McNAMARA: Mr. Cunningham?
3	M	IR. CUNNINGHAM: Yes.
4	M	IS McNAMARA: Mr. Avery?
5	M	IR. AVERY: Yes.
6	M	IS McNAMARA: Ms Rodriguez?
7	M	IS RODRIGUEZ: Yes.
8	M	IS McNAMARA: Mr. Light?
9	M	IR. LIGHT: Yes.
10	M	IR. CUNNINGHAM: I believe that
11	concludes the m	natters before the Board today. So
12	motion to dismi	ss. Or motion to adjourn.
13	(	All: So moved.)
14		
15	(	Matter is adjourned at 11:25 a.m.)
