The agency proposal follows:

Summary

N.J.A.C. 5:31 was originally adopted in 1985 and has been periodically amended over the years. The rules effectively provide the State with a mechanism for monitoring the financial practices of 445 authorities (181 fire districts and 264 all other authorities). The Board maintains that the readoption of N.J.A.C. 5:31 is essential to protecting the fiscal integrity of these independent agencies and in safeguarding the use of public funds, with the proposed amendments and new rules meeting various statutory and/or technological changes.

Pursuant to N.J.S.A. 52:14B-5.1(d1), the Governor ordered that the expiration date for N.J.A.C. 5:31 be extended by 365 days from July 18, 2018, to July 18, 2019. The proposed readoption of the chapter, approved by the Local Finance Board at its November 7, 2018 meeting, extends the expiration date by a further 180 days to January 14, 2020, pursuant to N.J.S.A. 52:14B-5.1.c(2).

The Local Finance Board (Board) has reviewed the rules proposed for readoption with amendments and new rules and has determined them to be necessary, reasonable, and proper for purposes for which they were originally promulgated. The rules serve to clarify and standardize the budgetary practices and financial reporting procedures for local authorities, including fire districts, pursuant to the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1 et seq. The rules also set guidelines for regulating the budgetary practices of fire district-sponsored length of service award programs (LOSAP). LOSAP programs serve as an incentive to maintain existing volunteer firefighters and emergency service personnel, as well as increase the ranks thereof.

In its review, the Board has determined that amendments to N.J.A.C. 5:31-1, 2, 3.1, 4.1, 5.1, 6.1, and 7.6 and Appendices A through C of Subchapter 7 are necessary. The Board has also determined that proposed new rules are necessary in Subchapters 2 and 6, along with several newly promulgated appendices to Subchapter 2.

A summary of the rules proposed for readoption at N.J.A.C. 5:31, along with proposed amendments and new rules, follows: references to “authorities” or “local authorities” encompass fire districts, unless a provision expressly excludes fire districts or is limited in application to fire districts.

N.J.A.C. 5:31-1 sets forth the general provisions of the chapter and provides definitions for the key words and terms used therein. Subchapter 1 also provides information on how to obtain the forms, documents, and instructions for the filing of annual authority budgets and audit reports with the Director of the Division of Local Government Services (Division).

The Board proposes to amend N.J.A.C. 5:31-1.1, to reflect the expansion of the chapter’s scope to implement statutory requirements other than those contained in the Local Authorities Fiscal Control Law, including, but not limited to, the User Friendly Budget Law, N.J.S.A. 40A:5-48, the two-percent tax levy cap for fire districts, N.J.S.A. 40A:4-45.45 et seq., and P.L. 2017, c. 206 pertaining to fire district elections, referenda, and capital expenditures, as well as the appropriation and revenue cap established by N.J.S.A. 40:14A-4.2 for regional sewerage authorities. N.J.A.C. 5:31-1.2 is proposed for amendment as follows: to add and define the terms “energy cost” and “regional sewerage authority” for purposes of implementing N.J.S.A. 40:14A-4.2; add and define the terms “chief financial officer,” “restricted fund balance,” and “service transfer;” and changing the term “unreserved retained earnings” to “unrestricted net position” in order to reflect updates made in the information collected from, and displayed in, authority budgets. The definition of “capital project” would be modified to apply to undertakings with a cumulative cost in any year of less than $25,000. N.J.A.C. 5:31-1.3 is proposed for amendment to expressly require electronic submission of authority budgets to the Division.

N.J.A.C. 5:31-2 explains the procedures that must be followed by authorities and fire districts in preparing their annual budgets and capital-spending programs. The subchapter establishes the required contents of the budget and capital program and the procedures for introducing and adopting same. Subchapter 2 also sets the scope of the Director’s review and provides a process for appealing the Director’s decision and for amending an approved budget. Lastly, the subchapter provides the requirements that fire districts must follow in preparing for a LOSAP.

The Board proposes substantial amendments, along with the addition of new rules, to Subchapter 2, that would improve the ability of the State, the entity or entities creating the authority, and the authority itself to monitor spending and prevent waste, fraud, and abuse. Proposed amendments to N.J.A.C. 5:31-2.1, 2.2, 2.3, 2.4, and 2.6 codify various updates made to authority and fire district budget forms starting in 2015, including additional required information, reflecting current budget submission and review practices. These amendments are proposed to bring said budgets into compliance with the content and disclosure requirements of the User Friendly Budget law, N.J.S.A. 40A:5-48, and, for fire districts, the two-percent levy cap law, N.J.S.A. 40A:4-45.45, along with the statutory ability to amend budgets post-adoption, to anticipate certain revenues not known at the time the budget was approved, N.J.S.A. 40A:14-78.5.c.

Proposed amendments to N.J.A.C. 5:31-2.1, which addresses annual budget preparation and content for authority budgets other than fire districts, include an expanded authority budget message requiring detailed support for increases or decreases in appropriations or revenues exceeding 10 percent, information on any proposed changes to the authority’s rate, fee, or charge structure along with the authorization for such changes (excluding housing authorities), reasons for any accumulated deficit along with a deficit reduction plan, identification and explanation of sources of any funds transferred to a county or municipality under a shared service or budget subsidy, a description of how the local and regional economy would specifically impact the proposed capital budget and capital program, and requiring reasons for utilization of unrestricted net position. N.J.A.C. 5:31-2.1(e) would permit electronic signatures for electronically-generated documents. For non-operating appropriations, subsection (i) would require the itemization of any municipal and county appropriations. Subsection (j) would update the itemization of housing authority non-operating appropriations to add renewal and replacement reserves and clarify that operation reserves also encompass maintenance, as well as eliminate the specialized revenues referenced in existing paragraph (j)(4). Subsection (k) would clarify that each authority operation requires a separate budget column rather than a separate budget. In addition to such other information as the Director may require for authority budget approval or to otherwise comply with the User-Friendly Budget Law, N.J.S.A. 40A:5-48, proposed new subsection (l) would codify the requirement that budgets contain schedules detailing employee
health benefit costs, accumulated liability for compensated absences, the
authority’s shared services agreements, and compensation for
independent contractors, governing body members, key and highest
compensated employees.

Proposed new N.J.A.C. 5:31-2.1(m) requires each budget to include
employee and compensation information listed on the authority’s W-3
form, the number of regular voting and alternate members of the
governing body, a statement on whether the authority is compliant with
all continuing disclosure obligations pertaining to its outstanding debt
issuances, an explanation of payments for discretionary bonuses,
severance, and termination, meals, catering, personal benefit contracts, an
explanation of the written policy governing reimbursement of expenses
incurred by authority employees and governing body members, along
with confirmation of local government officer filing of financial
disclosure statements pursuant to N.J.S.A. 40A:9-22.6 of the Local
Government Ethics Law. With respect to governing body members, key
employees, highest compensated employees, and independent contractors, subsection (m) would codify the requirement to provide
detailed disclosure of the process for determining compensation, any
family, business, and financial relationships with respect to the authority or
each other, various supplemental expenses paid for by the authority,
such as, but not limited to, travel, housing allowances, and vehicle
allowances. In addition, subsection (m) would codify the requirement that
an authority explain any notices received from a State or Federal agency
concerning maintenance and repairs for facilities, systems, and other
infrastructure, along with any fines, penalties, or assessments issued by
any State or Federal agency. Finally, subsection (m) would codify the requirement that housing authorities disclose whether the Federal
Department of Housing and Urban Development (HUD) has deemed them
“troubled” and describe the authority’s plan to address the identified
conditions.

Proposed new N.J.A.C. 5:31-2.1(n) would codify the requirement that
an authority certify compliance with the provisions of N.J.S.A. 40A:5A-
17.1 pertaining to maintenance of an Internet website or webpage.

N.J.A.C. 5:31-2.2(c) is proposed for amendment to eliminate the
$25,000 minimum threshold from the requirement to have a capital
program. N.J.A.C. 5:31-2.2(e) is proposed for amendment to reference the
female gender. N.J.A.C. 5:31-2.2(g) is proposed for amendment to require
disclosure of whether necessary approvals by affected agencies,
governmental agencies, and jurisdictions served by the authority have
been obtained, as well as whether each capital project or project financing
is consistent with the master plans of each jurisdiction the authority
serves. Other amendments to subsection (g) would clarify references to
“plan,” “program,” and “report.” Finally, subsection (j) would be
amended to facilitate electronic budget submission.

N.J.A.C. 5:31-2.3, dealing with the introduction and adoption of non-
fire district authority budgets, would be amended to codify the
requirement that revenue and appropriations shall be set forth for the
current and prior years, include updated references to unrestricted net
position, facilitate electronic budget submission, and clarify that the
authority shall be the entity to transmit the adopted budget to each local
unit served by the authority. Subsection (d) would be amended to codify
that personnel salary, wage, and fringe benefits be shown in the
appropriations along with the operations and maintenance reserves and
the reference to LOSAP would be deleted. Subsection (l) would be
amended to codify that an authority’s debt service schedule must show
principal and interest, as well as unrestricted net position, and
appropriations offset with revenues, appropriations offset with grants,
appropriations offset with restricted fund balance, and appropriations offset with unrestricted fund balance. For financed capital purchases, a fire district’s capital budget would need to set forth principal and interest on notes and capital leases (including
operating leases, as well as lease purchase agreements), along with
information regarding Local Finance Board approval and voter approval
for financing. Subsection (c) would also require information regarding
special meetings authorizing purchases of non-financed capital items.

N.J.A.C. 5:31-2.4(c) is proposed for amendment to codify the
procedure for unrestricting fund balance, which had been restricted to
funding a capital expenditure, for use in a fire district’s operating budget
to maintain essential services. Where the capital purchase was approved
for financing, a restricted fund balance referendum must be held by a fire
district on the third Saturday in February. In cases where a capital
expenditure was approved at a special meeting, the fund balance must be
unrestricted at a special meeting held by the fire district pursuant to
N.J.S.A. 40A:14-8. Subsection (f) is proposed for amendment to codify
the requirement that a levy cap referendum or restricted fund balance
referendum be authorized by a resolution of the majority of the full
members of the board of fire commissioners, with subsection (g) requiring
such resolutions to adhere to either Subchapter 2 Appendix A, levy
cap referendum, or B, restricted fund balance referendum. Subsection
(h) would codify requirements concerning adoption of resolutions
authorizing levy cap and restricted fund balance referendums as they
relate to fire district budget introduction and adoption. Recodified
subsection (i) would facilitate electronic submission of fire district
budgets to the Division.

Recodified N.J.A.C. 5:31-2.4(j) is proposed for amendment to require
that a fire district’s debt service schedule extend for five, rather than four,
years beyond the budget year, as well as codify the requirement that fire
districts include a reconciliation of fund balance for the current year along
with a computation of the estimated fund balance or deficit from the
preceding fiscal year. N.J.A.C. 5:31-2.4(j) would codify the requirement
that the fire district budget include the following information in addition
to such other information as the Director may require pursuant to law for
fire district budget approval: levy cap calculation pursuant to N.J.S.A.
40A:4-45.45, information concerning any levy cap referendum or
restricted fund balance referendum, a compensation schedule for
commissioners and officers, an employee health benefit cost analysis,
accumulated absence liability, a listing of all fire district shared services
agreements, and any contract for a sale of assets.

N.J.A.C. 5:31-2.4(k) is proposed for amendment to codify the
requirement that fire district budgets include a completed questionnaire
with respect to the following: a statement on whether the fire district is
compliant with all continuing disclosure obligations pertaining to its
outstanding debt issuances; information concerning the fire district’s
vehicles and any LOSAP program; information concerning any agreements with another entity for provision of fire protection or
emergency medical services; an explanation of payments for discretionary bonuses, severance, and termination, meals, catering, and personal benefit
contracts; an explanation of the written policy governing reimbursement of expenses incurred by fire district employees and commissioners, along
with confirmation of local government officer filing of financial
disclosure statements pursuant to N.J.S.A. 40A:9-22.6 of the Local
Government Ethics Law. With respect to fire district commissioners, key
employees, highest compensated employees, and independent contractors, subsection (k) would codify the requirement to provide
detailed disclosure of the process for determining compensation, any
family, business, and financial relationships with respect to the fire district or
each other, various supplemental expenses paid for by the fire district
such as, but not limited to, travel, housing allowances, and vehicle
allowances. Under subsection (k), the Director would be able to request
additional information as he or she may require for budget approval
pursuant to law.

Recodified N.J.A.C. 5:31-2.4(l) is proposed for amendment to
facilitate electronic submission of fire district budgets, as well as to give

(CITE 50 N.J.R. 2448) NEW JERSEY REGISTER, MONDAY, DECEMBER 17, 2018
the Division 45 days from date of receipt to review fire district budgets, which would be in accordance with the time permitted under N.J.S.A. 40A:5A-10; the existing deadline is 21 days. Existing N.J.A.C. 5:31-2.4(f), (i), (j), and (k) would be recodified with amendments as subsections (m) to (r) to facilitate electronic fire district budget submission and implement P.L. 2017, c. 206, as further discussed below. Existing subsections (l), (m), and (n) would be recodified with amendments as subsections (o), (p), (q), and (r) to implement P.L. 2017, c. 206, as further discussed below, and to codify the implementation of the property tax levy cap law, N.J.S.A. 40A:4-45.45 et seq. Proposed new subsection (s) sets forth the timeline for fire districts with November fire commissioner elections to certify the results of a levy cap referendum or restricted fund balance referendum, and for the Director to afterwards certify to the municipal tax assessor the amount to be raised by taxation to support the year’s fire district budget.

Recodified N.J.A.C. 5:31-2.4(t) adds the following required content to a fire district’s budget message: detailed support for increases or decreases in appropriations or revenues exceeding 10 percent; an explanation for reductions in unrestricted fund balance exceeding 10 percent; an explanation of the reasons for any deficit; a statement detailing the fire district’s compliance with the property tax levy cap law and reasons for exceeding the levy cap; and a listing of any service transfers to which the fire district is a party, including any levy cap base adjustment attributable to the service transfer. Subsection (u) would codify the requirement that a fire district certify to its compliance with the Internet website or webpage requirement set forth in N.J.S.A. 40A:14-70.2.g.

Proposed amendments to N.J.A.C. 5:31-2.6 would expressly require timely annual audit submission as a precondition for approving all authority budgets. Proposed amendments to N.J.A.C. 5:31-2.8 would facilitate the electronic submission of authority budgets to the Division by eliminating references to hand signatures and submission of multiple copies. N.J.A.C. 5:31-2.11 would codify the requirement that an introduced fire district budget requiring a levy cap referendum shall specify the line item appropriations to be funded by the proposed tax levy increase, restrict transfers to and from referendum line items, and require any cancelled or unexpended appropriations tied to a levy cap referendum or levy cap exclusions permitted under N.J.S.A. 40A:45.45 be deducted from the adjusted property tax levy based on the fire district’s audit report or as noted in the fire district’s budget message.

Proposed new N.J.A.C. 5:31-2.12 would codify the ability of fire districts to exclude from their levy cap calculation costs passed on to the fire district by the provider of a service pursuant to a shared services agreement, so long as the cost is a permissible exclusion set forth in N.J.S.A. 40A:4-45.45.b. Proposed new N.J.A.C. 5:31-2.13 would codify various requirements for holding a levy cap referendum or fund balance referendum, including date, time, and format; the public questions for both referendums would be required to adhere to the content and format set forth in proposed new N.J.A.C. 5:31-2.14 Appendices F and G, respectively. Proposed new N.J.A.C. 5:31-2.14 codifies various requirements for fire district special meetings to approve capital expenditures not requiring financing, including notice publication, date, time, the manner of conducting the meeting, and the manner of voting. Proposed new N.J.A.C. 5:31-2 Appendix C would require the fire district to certify to compliance with notice posting and publication requirements for special meetings. Fire districts would need to submit the affidavit set forth as proposed new N.J.A.C. 5:31-2 Appendix D to certify the results of the meeting along with the special meeting being held in compliance with law. Proposed new N.J.A.C. 5:31-2.15 would codify various requirements for fire district special elections to approve financing for capital expenditures, including capital items eligible for voter approval, requiring issuance of Local Finance Board findings prior to adoption of a resolution authorizing the special election, and the certification of election results; the certification of the special election results as well as the special election’s compliance with applicable law (with documentation in support thereof) would be required to adhere to the content and format set forth in proposed new N.J.A.C. 5:31-2 Appendix H. As proposed, N.J.A.C. 5:31-2.15 would also establish that operational leases for fire engines are to be considered a capital expenditure requiring Local Finance Board issuance of findings, along with approval at a special election held pursuant to N.J.S.A. 40A:14-85.

Proposed new N.J.A.C. 5:31-2.16 and 2.17 would codify the requirements set forth in N.J.S.A. 40A:14-78.3 and 78.5 for fire district budget amendments made either prior to or after budget adoption, including those for notice, public hearing, memorialization, and applications for Direct Board approval, where required.

P.L. 2017, c. 206 permits fire districts to switch their annual elections for board of fire commissioners from the third Saturday in February to the November general election. Upon doing so, the fire district budget would be adopted upon a two-thirds vote of the full membership of the board of fire commissioners without being subject to voter approval; any referendums to exceed the levy cap and release restricted capital reserves would be still be held on the third Saturday in February. The law also encompasses the “special meeting” process set forth in N.J.S.A. 40A:14-84 for authorizing capital purchases made without financing, which for fire districts with November fire commissioner elections would only require a two-thirds vote of the board of fire commissioners in lieu of a vote of members of the public in attendance, along with expanding the categories of capital expenditures that fire districts are authorized to either finance or pay for entirely out of the budget. Proposed amendments to N.J.A.C. 5:31-2.4, along with proposed new 2.13, 2.14, and 2.15, would serve to implement the new law. Proposed new N.J.A.C. 5:31-2 Appendices A through J would codify many model public notices, ballot questions, and results reporting that are applicable to fire districts incorporating the provisions of P.L. 2017, c. 206.

Proposed new N.J.A.C. 5:31-2.18 would prohibit any authority from amending an operational lease agreement after execution to become a lease-purchase agreement.

P.L. 2017, c. 290 (N.J.S.A. 40:14A-4.2) imposes a two percent appropriations cap and a two percent revenue cap on regional sewerage authorities established under the Sewerage Authorities Law, N.J.S.A. 40:14A-1 et seq. The law bars the Director from approving a regional sewerage authority budget for adoption unless said budget does not increase revenue or fee-funded appropriations beyond two percent over the prior budget year, subject to certain exceptions. Proposed new N.J.A.C. 5:30-2.19 through 2.23 implement said caps and the exceptions thereto in a manner consistent with the Sewerage Authorities Law and the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1 et seq.

N.J.A.C. 5:31-3 establishes rules that local authorities must follow in adopting a cash management plan and for depositing funds received. The subchapter also sets requirements for filing with the municipal tax collector, at least once a year or as otherwise requested by the tax collector, a certification of all unpaid service charges that are due and owing to the authority at the time of the filing.

The Board proposes to amend N.J.A.C. 5:31-3.1 to bring certain authority funds management requirements into line with those for municipalities and counties under the Local Fiscal Affairs Law, N.J.S.A. 40A:5-1 et seq., and in N.J.S.A. 5:30-8.5. First, N.J.A.C. 5:31-3.1 would be amended to expressly authorize local authorities to invest such securities and other instruments, as are permitted under N.J.S.A. 40A:5-14. Further, the proposed amendments would permit local authorities up to 96 hours from the time of initial receipt to deposit funds into the authority’s depository, so long as said funds are paid over to the officer charged with the custody of the authority’s general funds within 48 hours after the initial receipt thereof. Finally, N.J.A.C. 5:31-3.1 is proposed for amendment to state that no officer of an authority shall accept, in receipt of the payment of any fee or other charge, a check in excess of the amount charged for the custody of the authority at the time of the filing.

The Board proposes to amend N.J.A.C. 5:31-4 to prohibit authorities from reimbursing an employee for purchases of alcohol or other recreational intoxicating substances.

N.J.A.C. 5:31-5 contains the provisions that must be followed by local authorities when using electronic data processing systems or services for financial, payroll, and revenue accounting. The Board proposes to amend N.J.A.C. 5:31-5.1 to require authorities to utilize electronic systems or services for such purposes, as well as to remove the obsolete requirement that such systems be “Y2K” compliant.

N.J.A.C. 5:31-6 requires surety bonding for local authority employees who are directly involved in handling authority funds. The Board proposes...
changing the heading of this subchapter from “surety bonding” to “financial administration.” For the individual holding overall management responsibility for an authority’s finances, the Board proposes to amend N.J.A.C. 5:31-6.1 to encourage authorities to provide a fidelity bond with faithful performance coverage for the individual holding overall management responsibility for the authority’s finances separate from the local unit’s blanket fidelity bond, as well as to recommend that the schedule set forth in N.J.A.C. 5:30-8.2 serve as the basis for the bond amount. Proposed new N.J.A.C. 5:31-6.2, Notices of occurrences, would require the individual holding overall management responsibility for an authority’s finances to notify the Director of the Division of Local Government Services in any case where an authority might default, or has defaulted, in paying principal or interest on any of the authority’s debt obligations.

N.J.A.C. 5:31-7 establishes requirements for accounting and financial reporting systems and auditing procedures. The subchapter also contains four appendices. Subchapter 7 Appendices A and B are questionnaires that must be filed with the Director as part of the annual audit. N.J.A.C. 5:31-7 Appendix C contains the resolution that an authority’s governing body must approve and submit to the Director, attesting that each member has personally reviewed the annual audit, auditors comments, and recommendations. N.J.A.C. 5:31-7 Appendix D provides a confidential reporting form that must be filed with the Director in the event that an independent auditor suspects that irregularities or other illegal acts have occurred with respect to the handling of an authority’s funds.

The Board proposes to amend N.J.A.C. 5:31-7.6 to update the address for the American Institute of Certified Public Accountants (AICPA), as well as to amend N.J.A.C. 5:31-7 Appendices A and B to add questions pertaining to timely debt service payment and compliance with bond covenants, incorporate updates to rules impacting authority financial administration and the use of electronic funds transfer technologies, and eliminate a question pertaining to sinking funds. Finally, N.J.A.C. 5:31-7 Appendix C would be amended to require that the governing body of an authority certify to having reviewed the “Schedule of Findings and Questioned Costs” set forth in the authority’s audit.

N.J.A.C. 5:31-8 permits, under certain conditions, local authorities to issue refunding bonds without seeking Local Finance Board approval. As the Board has provided a 60-day comment period for this notice of proposal, the notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)(5).

Social Impact

The rules proposed for readoption with amendments and new rules will not only continue, but enhance, State oversight over local authorities, enhancing their credibility as viable public entities by ensuring their operations accord with sound financial and operational principles. As proposed for amendment, N.J.A.C. 5:31 also provides the general public with assurance that public funds are being properly managed and safeguarded. The proposed new rules concerning authority budget and audit documents serve to improve transparency and better protect against waste, fraud, and abuse. By facilitating electronic submission of authority budget and audit documents, the rules proposed for readoption with amendments and new rules would allow the Division of Local Government Services and the municipalities or counties that have created these authorities, along with authority governing body members, to better monitor authority finances and identify potential savings. The implementation of P.L. 2017, c. 206, which permits fire district elections to be shifted to the same date as the November general election, will promote greater voter participation in fire district commissioner elections and, thus, enhance accountability on the fire district level. Further, codification of fire district budgetary and election requirements will also promote standardization and transparency.

Economic Impact

The rules proposed for readoption with amendments and new rules do not impose new fees onto local authorities. Failure to readopt N.J.A.C. 5:31 would remove many of the procedures that now protect New Jersey taxpayers against the mismanagement of local tax dollars. Additional items proposed for inclusion on the authority and fire district audit questionnaires (N.J.A.C. 5:31-7 Appendices A and B, respectively) could have an indeterminate increase in the cost of completing an authority or fire district audit; however, the proposed questions are necessary to ensure that authorities maintain proper financial and operational controls in today’s environment, better safeguarding public funds against waste, fraud, and abuse. This is particularly the case for the use of electronic funds transfers, where proper controls are necessary to mitigate misappropriation and cybersecurity risks. Implementation of appropriations and revenue caps for regional sewerage authorities established pursuant to N.J.S.A. 40:14-1 et seq., will restrict their ability to fund increases in operational expenses. By facilitating the shift of fire district commissioner elections from the third Saturday in February to the November general election, the rules proposed for readoption with amendments and new rules would provide a fire district with estimated savings of up to $7,500 due to the county picking up election-related costs, such as, but not limited to, notice publication, ballot printing, and polling machines.

Federal Standards Statement

With the limited exception of exceptions to the regional sewerage authority appropriations and revenue caps, the rules proposed for readoption with amendments and new rules are not being readopted under the authority of, or in order to implement, comply with, or participate in any program established under Federal law or a State law that incorporates or refers to Federal law, standards, or requirements. Proposed new N.J.A.C. 5:31-2.19, 2.20, 2.21, and 2.22 implement an exception to the appropriations and revenue caps, respectively, for the cost of services mandated by Federal statute or by order of a Federal court. These rules do not exceed the Federal standards, and, therefore, no Federal standards analysis is required.

Jobs Impact

The Local Finance Board does not anticipate that the rules proposed for readoption with amendments and new rules will result in the creation or loss of any jobs, except that the proposed rules implementing the appropriations cap and revenue cap for regional sewerage authorities could potentially constrain those authorities’ ability to fund the full number of their current positions.

Agriculture Industry Impact

The Local Finance Board does not anticipate that the rules proposed for readoption with amendments and new rules will have an impact on the State’s agriculture industry.

Regulatory Flexibility Statement

A regulatory flexibility analysis is not required because the rules proposed for readoption with amendments and new rules do not impose reporting, recordkeeping, or other compliance requirements on small businesses, as defined under the Regulatory Flexibility Act (N.J.S.A. 52:14B-16 et seq.). The rules are applicable to local authorities created pursuant to the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1 et seq.

Housing Affordability Impact Analysis

The rules proposed for readoption with amendments and new rules are not expected to evoke a change in housing production costs nor will they affect the affordability of housing in New Jersey. The rules are applicable to local authorities created pursuant to the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1 et seq.

Smart Growth Development Impact Analysis

The rules proposed for readoption with amendments and new rules are not expected to evoke a change in the housing production within Planning Areas 1 or 2, or within designated centers under the State Development and Redevelopment Plan. The rules are applicable to local authorities created pursuant to the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1 et seq.

The agency proposal follows:

Summary

The Department of Education (Department) proposes to amend Subchapter 18 of N.J.A.C. 6A:23A, Fiscal Accountability, Efficiency, and Budgeting Procedures to comply with the Paid Sick Leave Act, P.L. 2018, c. 10 (N.J.S.A. 34:11D-1 et seq.). This new law requires private employers to provide sick time to certain employees and also permits employers to pay employees for earned unused sick leave. Under the new law, “[t]he employer shall not be required to permit the employee to accrue or use in any benefit year, or carry forward from one benefit year to the next, more than 40 hours of earned sick leave.” N.J.S.A. 34:11D-2.a. In other words, the employer’s obligations under the law are limited to a maximum of 40 hours of paid sick leave per year. The new law became effective October 29, 2018.

N.J.A.C. 6A:23A-18, Tuition for Private Schools for Students with Disabilities, provides the methodology for calculation of tuition charged by approved private schools for students with disabilities (APSSDs). The rules also establish non-allowable costs, audit and budgeting requirements, new school application information, and additional fiscal requirements.

N.J.A.C. 6A:23A-18.6, Non-allowable costs, provides a lengthy, yet non-exhaustive, list of 73 types of non-allowable costs that can be included in the tuition rate charged by APSSDs to school districts. Non-
