APPLICATION TO BECOME A DESIGNATED MAIN STREET NEW JERSEY (MSNJ) COMMUNITY

INTRODUCTION

Thank you for your interest in the Main Street New Jersey Program and Main Street New Jersey designation. This is the official application to become a designated Main Street New Jersey (MSNJ) community. MSNJ is part of the Office of Local Planning Services (LPS) in the NJ Department of Community Affairs (NJDCA).

The MSNJ Program implements N.J.S.A. 52:27D-452 *et. seq.*, by providing on- and off-site technical assistance and training in downtown revitalization and management. MSNJ may offer grant opportunities to eligible designated MSNJ district organizations to assist them with physical improvement projects that occur within designated districts as well as to support the development and implementation of their Transformation Strategies to the extent funding is available.

MSNJ has prepared this Application Guideline document to assist applicants seeking designation as a MSNJ District.

For a district management organization to be considered for designation, all the criteria must be addressed, and this form must be completed and submitted electronically to LPS. All applications for designation will be reviewed through a competitive process.

Program Description

The MSNJ program promotes the historic and economic redevelopment of traditional business districts in New Jersey by providing training and technical assistance to designated MSNJ districts. The purpose of the program is to assist the development of preservation-based downtown revitalization initiatives including strengthening the existing tax base, increasing sales, creating a positive community image with attractive and viable downtown buildings, attracting new businesses, creating new jobs, increasing investment in the downtown, and preserving historic architectural resources.
