State of New Jersey §

Comes now, \_\_\_\_\_ an authorized representative of \_\_\_\_\_, a Respondent to the Request for Qualifications for the Qualified Contractor Pool and having personal knowledge of the facts asserted herein makes the following statement:

“The pricing submitted with this response, has been done independently of all other contractors not included by name in the response associated with this affidavit. To my knowledge, there has been no attempt to work with other companies or persons to establish a price of the sample housing by agreement with others to artificially raise or lower the price of the house.

“To the extent that we have worked with material suppliers and subcontractors, it has been in good faith without any attempt to establish a price for the home for any other pricing submission other than our own.”

Further the Affiant sayeth not.
