Judy,

Here is the email with the 2 with scope that does not warrant consultation.

AC Intersections

AC Check Valves

Thank you

Kim

Sincerely,

Kim McEvoy

Subject: Re: [EXTERNAL] AC HUD ERR- Toxic Review Spreadsheets

Judy,

I had to do a sole source aquifer review on the Ac projects and was provided a brief description of the scope for the scope AC Check Valves and AC intersection Projects. It seems that base don't he scope they are both exempt from this review since the scope of the work is replacement of existing mechanical elements and no below ground disturbance. I will not be reviewing those based on that scope, if that is not accurate then please let me know.

I will distribute an email shortly on the remaining projects...

Thank you!

Kim

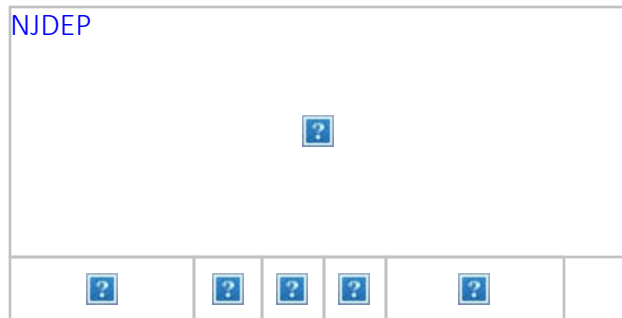

Sincerely,

Kim McEvoy

Hi Kim,

Here are 3 of the projects--one was submitted twice so will see if there is one more outstanding.

Thanks,

Judy

Hi Kim,

Attached are updated spreadsheets for all the AC Projects. Please disregard the ones that have been previously completed.

Thanks,

Judy

Hi Glenn,

I did not notice that all the projects needed to be resubmitted with updated PAMS_PIN.

Please update all accordingly.

Thanks,

Judy

Judith,

Attached please find the Toxic Review Spreadsheet prepared for six of the seven sites we are working on. The AC Floodproofing Project is the one exception where no Hazardous Sites of Concern are within 3000 feet of the proposed project.

Thank you,

Glenn M. Donohue
