SUPPORTIVE HOUSING STANDARDIZED SPECIFICATIONS FORMAT

Technical Services has developed the following condensed specification format to assist Architect's with their Construction Document submission for review by the Agency.

The specification format is based upon the Construction Specifications Institute (CSI) Division List. This document is intended as a guide that encompasses the typical and expected categories of equipment and materials for a given project; it may not be comprehensive for a given project. It is the architect's responsibility to develop a comprehensive list specific to each individual Project's scope of work.

Please provide the following information for each Item Category below, as applicable:

- Name of Product
- Manufacturer
- Detailed description:
  - Material Composition
  - Dimensions
  - Pattern
  - Color
- Warranty

Item Categories

Division 1:

- Temporary Facilities

Division 2:

- Site Work
- Piping
- Paving
- Landscaping
- Lawns and Irrigation

Division 3:

- Concrete
- Reinforcements
- Concrete Restoration and Cleaning

Division 4:

- Masonry
- Stone
- Simulated Masonry
- Masonry Restoration and Cleaning

Division 5:

- Structural Metal Framing and Decks
- Metal Fabrications
- Cold-Formed Metal Framing

Division 6:

- Wood Framing
- Trusses
- Finish Carpentry
- Plastic Fabrications

Division 7:

- Insulation
- Damproofing and Waterproofing
- Sealants
- Roofing and Accessories
- Siding
- Flashing and Sheet Metal

Division 8:

- Doors and Frames
- Windows
- Glazing

Division 9:

- Finishes

Division 10:

- Bathroom Accessories
- Wall and Corner Guards
- Signage
- Closet Specialties
- Louvers and Vents

Division 11:

- Appliances
- Security Equipment
- Water Treatment Equipment

Division 12:

- Cabinetry and Countertops
- Furnishings

Division 13:

- Radon Protection
- Lightning Protection
- Solar Equipment
- Security Access and Surveillance
- Fire Suppression

Division 15:

- Plumbing Fixtures
- Service Piping
- Heating, Ventilating and Air-Conditioning Equipment
- Air Distribution

Division 16:

- Lighting Equipment
- Electrical Power
- Service Wiring
- Emergency Generator
