Pages 14-16  Required Documents for Each Option Page

Page 17  2019 9% Green Point LETTER OF INTENT
REQUIRED: FOR BOTH 4% & 9% TAX CREDIT PROJECTS – ENERGY STAR CERTIFICATION

How to achieve FOR NEW CONSTRUCTION AND GUT REHAB:

Low Rise Construction:
Energy Star Version 3.1

High Rise Construction:
Energy Star’s Multifamily High Rise program (MFHR) or P4P New Construction (for buildings 7 stories and higher).

New Alternative: Energy Star Multifamily New Construction Program, version 1.1

***See Page 3 decision trees to determine whether or not your project is High Rise or Low Rise***

- Required Documents:
  - At Application:
    - Signed Letter of Intent provided by NJHMFA (See Page 6)
    - Signed copy of contract between the applicant and an Energy Consultant (Home Energy Rating System or HERs rater).
    - Signed Energy Star Partnership Agreement
  - Prior to Construction (at Commitment for Agency Construction-financed projects):
    - Signed Builders Upgrade Package, also known as, the Preliminary Energy Analysis, highlighting the specific energy efficiency criteria, projected HERs rating(s), and stating that the project is on track to meet Energy Star Certification.
  - Post Construction (for 8609 package):
    - Energy Star Homes Certificates, showing HERs rating of each unit, issued by NJ Clean Energy Program (NJ CEP) participating HERs rater or MFHR Certificate(s) issued by the EPA, for each MFHR building.

FOR MODERATE AND SUBSTANTIAL REHAB PROJECTS THAT DO NOT QUALIFY FOR ENERGY STAR OR MFHR:

Low Rise Construction:
Home Performance with Energy Star, if applicable. Please note: HPwES requires attic air sealing and a major insulation upgrade. 
 OR
ASHRAE Level 2 Energy Audit w/targeted 15% Savings

Energy Star Alternative Paths
Follow the decision trees for guidance. Your Energy Consultant will help guide you.

High Rise Construction:
Pay for Performance (if applicable) OR
ASHRAE Level 2 Energy Audit w/targeted 15% Savings

Required Documents: See individual charts on Page 4

For more information on Energy Star, MFHR and all other programs, please visit the New Jersey Office of Clean Energy at: [http://www.njcleanenergy.com/](http://www.njcleanenergy.com/)

**Energy Star Alternative Compliance Paths for Rehab Projects**

*choose the one that fits your project*

---

**Path 1: ASHRAE Level 2 Energy Audit w/targeted 15% energy savings** *(see page 5 for measures to evaluate)*

| Application       | 1.) NJHMFA signed Letter of Intent  
|                   | 2.) Signed agreement with Energy Consultant |
| Prior to Construction | 1.) Property Needs Assessment detailing recommended upgrade items, modeled energy savings and cost/payback. |
| Post Construction  | 1.) Measurement, Verification documentation with photographic images |

---

**Path 2: Home Performance with Energy Star (NJHPwES) Tier 2**

| Application       | 1.) NJHMFA signed Letter of Intent  
|                   | 2.) Signed agreement/contract with BPI (Building Performance Institute) Goldstar NJ Clean Energy Program participating contractor |
| Prior to Construction | 1.) Copy of email from NJCEP Program Manager approving energy modeling, indicating projected Total Energy Savings (TES) and incentive level. This email is issued by the NJCEP Program Manager after reviewing the proposed measures and sample energy modeling  
|                   | 2.) NJ HPwES Work Scope Approval Letter (this letter is issued by the NJCEP Program Manager for each building within the project as submitted. This letter commits the incentive funding for the project and expires in 120 days. |
| Post Construction  | 1.) Certificate of Completion signed by owner and contractor  
|                   | 2.) NJ HPwES Work Scope Completion Letter issued by NJCEP Program Manager for each building within the project as completed and submitted. |

---

**Path 3: Pay for Performance (P4P) Existing Buildings**

| Application       | 1.) NJHMFA signed Letter of Intent  
|                   | 2.) Signed agreement with P4P Program Partner  
|                   | 3.) Copy of P4P Initial Application Approval Letter (received from NJCEP Program Manager) |
| Prior to Construction | 1.) Copy of Notice to Proceed from P4P Program Manager  
|                   | 2.) Copy of approved Energy Reduction Plan  
|                   | 3.) Copy of approval for First Incentive |
| Post Construction  | 1.) Copy of Substantial Completion Report  
|                   | 2.) Copy of approval of Second Incentive  
|                   | 3.) Copy of Benchmarking Report – when available, usually around 15 months from installation approval date. This report is not necessary for the 8609 and is for informational purposes only. |

**ASHRAE Level 2: Measures that Must Be Evaluated:**

All items relevant to the project must be evaluated and noted. This list will assure a basic level of analysis to every project. All items must be approved by HMFA and the Energy Consultant.

<table>
<thead>
<tr>
<th>Measures That Must Be Evaluated</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Envelope</strong></td>
</tr>
<tr>
<td>Air Sealing (including weather stripping)</td>
</tr>
<tr>
<td>Insulation - Roof Deck or Attic</td>

</table>
By signing this document, I certify the following (“we” refers to the applicant organization):

1. We understand that ENERGY STAR certification or an NJHMFA approved alternative, is a prerequisite to participation in the Low-Income Housing Tax Credit program. We agree to complete the applicable NJ Clean Energy Program path, and will comply with the submission requirements listed in the NJHMFA QAP Green requirements document.

2. We understand that no projects are exempt from this requirement and have reviewed the alternative programs paths (if needed) for compliance - as indicated in the NJHMFA QAP Green requirements document.

3. If requested we will allow NJHMFA Technical Services staff, or designee, access to the project site pre, during and post construction for the purpose, of but not limited to, confirming Clean Energy Program compliance.

4. WHEN LIHTC IS AWARDED, CONTACT Pam DeLosSantos or John Ternes FOR THE NEXT COMPLIANCE STEPS.

5. I am an authorized representative of the organization.

Signature: __________________________ Date: ____________

Name of signer: _________________________________________

Title: ___________________________________________________

Project Name: _____________________________________________

Parent Organization (not LLC): ______________________________

CHECK the intended NJHMFA ENERGY STAR Program or Alternative:

**New Construction:**
- [ ] NJ Energy Star Homes V.3.1
- [ ] Energy Star Multifamily High Rise
- [ ] PAY FOR PERFORMANCE New Construction
- [ ] Energy Star Multifamily New Construction Program V1.1

**Rehab:**
- [ ] Home Performance with Energy Star
- [ ] PAY FOR PERFORMANCE Existing Construction
- [ ] ASHRAE Level 2 Energy Audit
**IMPORTANT NOTES:**

- The application shall include a copy of the completed, signed and submitted letter of intent from the developer to NJHMFA.

- Prior to issuance of the 8609, developer/owner will submit a signed energy benchmarking utility release form for all common area meters (gas, oil, and electric, etc.), provision of certain project data (square footage per building, mechanical systems installed, etc.) and signed energy benchmarking utility release forms for a minimum of 50% of tenants rented up at time of 8609 issuance for new construction, and a minimum of 30% of tenants, representing each unit type, for renovation projects.

- Applicant will also be required to include the tenant utility release form as a part of the lease agreement. For the next three years for new construction projects, the applicant will ensure that at least 50% of tenants have viable utility release forms and will collect the utility data from the applicable utility company on a semi-annual basis. For renovation projects, tenant utility data will be collected 1 year prior to commencement of work, and 2 years post-construction for a minimum of 30% of each unit type.

- NJHMFA does not provide additional, set-aside funding for Green Items covered by this program.

**SUBMIT ALL REQUIRED DOCUMENTATION AFTER A TAX CREDIT ALLOCATION TO:**

*Please send all required documents to:*

John Ternes, NJ Housing and Mortgage Finance Agency  
jternes@njhmfa.gov  
Phone: 609.278.7696

For U.S. Post Office:  
P.O. Box 18550  
Trenton, NJ 08650-2085

For Fed Ex, UPS, Visitors, etc.:  
637 S. Clinton Ave.  
Trenton, NJ 08611

**WHAT TO SUBMIT WITH TAX CREDIT APPLICATION**

Attach hard copies of the following with application.

- Letter of Intent
- Energy Benchmarking building utility release form
- Energy Benchmarking tenant utility release form
LETTER OF INTENT – ENERGY BENCHMARKING INITIATIVE

Please email a signed copy of this page to NJHFMA Technical Services, and include in Tax Credit Application.

By signing this document, I certify the following (“we” refers to the applicant organization):

1. We have received and reviewed the Program’s materials, consisting of the ‘LIHTC Green Point Requirements 2019’ and ‘Energy Benchmarking Technical Manual’, which includes the letter of intent, building utility release form and survey, and tenant utility release form.

2. We understand that a meeting with NJHMFA’s Technical Services Division is required within three (3) months of the Tax Credit Award Date.

3. We understand that prior to issuance of the 8609 we will submit a signed energy benchmarking utility release form for all common area meters (gas, oil, and electric, etc.), provision of certain project data (square footage per building, mechanical systems installed, etc.) and signed energy benchmarking utility release forms for a minimum of 50% of tenants rented up for new construction, or a minimum of 30% of each unit type for renovation projects, at time of 8609 issuance.

4. We understand for the next three years after new construction, we will ensure that at least 50% of tenants have viable utility release forms; or for renovation projects, for 1 year prior and 2 years after the work is completed, we will ensure that for at least 30% of each unit type, we will collect the utility data from the applicable utility company on a semi-annual basis.

5. We understand that Clean Energy Program compliance is a prerequisite to participation in the LIHTC Green Point program. I will comply with ENERGY STAR, or other applicable requirements, as indicated in the LIHTC QAP section (c) 8 and 2019 ENERGY STAR letter of intent.

6. If requested we will allow NJHMFA staff access to the project site pre, during and post construction for the purpose of but not limited to: project monitoring, performance testing, interviews, surveys and photographs.

7. I am an authorized representative of the organization.

BUILDING OWNER UTILITY RELEASE FORM

Authorization for NJHMFA to Receive Customer Utility Data

Date: ____________________________

To Whom It May Concern:

By signing this release form, the property owner (Owner) grants the New Jersey Housing and Mortgage Finance Agency (NJHMFA) and its designee, a consultant for this initiative, permission to access utility data information for the past one (1) year of (if applicable) and for the following three (3) years from this date for the development/building referenced below. The utility data includes energy consumption, energy demand, energy cost, as well as associated fees and taxes for each billing period. This information will be used to track energy efficiency and consumption of the building indicated below for the express purpose of measuring the success of past energy upgrades, comparing building performance to similar building types and determining need for future energy efficiency improvements.

I am an authorized representative for the development and building listed below and account(s) listed on the following page(s), totaling _____ pages, and represent and warrant that I have full authority to execute this release form on behalf of the Owner. Owner understands that the information obtained as part of this initiative may be released by the NJHMFA to other participating developments upon request for comparison purposes. Comparison reports compiled by the NJHMFA for this program and provided to other developments will not include this development’s name or address. Owner understands and acknowledges that such information may be subject to release under the Open Public Records Act, N.J.S.A. 47:1A-1 et seq., or other applicable law. Owner understands that each applicable utility provider (Utility) reserves the right to verify this authorization request.

Owner authorizes the Utility to release the requested information on Owner’s account or facilities to the NJHMFA or its designee. Owner hereby releases, holds harmless, and indemnifies the NJHMFA and the Utility from any liability, claims, demands, causes of action, damages, or expenses as a result of, but not limited to: 1) any release of information to NJHMFA or its designee pursuant to this Utility Release; or 2) the unauthorized use of this information by NJHMFA or its designee.

Sincerely,

Authorized Representative (signature) __________________________________________________________

TENANT UTILITY RELEASE FORM

Authorization for NJHMFA to Receive Customer Utility Data

Date: ____________________________

To Whom It May Concern:

By signing this release form, the tenant (Tenant) grants the New Jersey Housing and Mortgage Finance Agency (NJHMFA) and its designee (a consultant for this initiative) permission to access utility data information for the past two (2) years of (if applicable) and for the following three (3) years from this date for the unit referenced below. Utility data includes energy consumption, energy demand, energy cost as well as associated fees and taxes for each billing period. This information will be used to track energy efficiency and consumption of the building indicated below for the express purpose of measuring the success of past energy upgrades, comparing building performance to similar building types and determining need for future energy efficiency improvements.

I am an authorized representative for the unit and account(s) listed below and represent and warrant that I have authority to execute this release. Tenant understands that the information obtained as part of this initiative may be released by the NJHMFA to other participating developments upon request for comparison purposes. Comparison reports compiled by the NJHMFA for this program and provided to other developments will not include tenant’s information or this development’s name or address. Tenant understands and acknowledges that such information may be subject to release under the Open Public Records Act, N.J.S.A. 47:1A-1 et seq., or other applicable law. Tenant understands that each applicable utility provider reserves the right to verify this authorization request.

Tenant authorizes the Utility to release the requested information on Tenant’s account to the NJHMFA or its designee. Tenant hereby releases, holds harmless, and indemnifies the NJHMFA and Utility from any liability, claims, demands, causes of action, damages, or expenses as a result of, but not limited to: 1) any release of information to NJHMFA or its designee pursuant to this Utility Release; or 2) the unauthorized use of this information by NJHMFA or its designee. Tenant understands that he/she may cancel this authorization at any time by submitting a written request to both the Utility and NJHMFA.

Sincerely,

Authorized Representative (Tenant signature) ____________________________

9% Tax Credit Point Options

**4 Point options**

**Participation in one of the following programs***:

1. **Enterprise Green Communities Mandatory** plus 35 points
   a. 2015 EGC Criteria
   b. 35 optional points for New Construction, 30 optional points for Substantial Rehab.
   c. If pursuing actual certification, see EGC’s definition of affordable housing projects. Projects must serve residents at or below 60% AMI.

2. **LEED Version 4.0 Silver or higher** (Homes, Multifamily Midrise or New Construction)

   Silver or higher
   a. Silver = 334 points minimum

4. **New Jersey Zero Energy Ready Home** (Tier 3)
   a. Aligns with DOE Zero Energy Ready Home specs
   b. HERS Score 50 and below.
   c. Tier 3 Plus includes Solar Electric or Thermal

5. **Living Building Challenge**
   a. At least 3 of the 7 petals

6. **Passive House**
   a. PHIUS or PHI. If doing PHI, consult with the Technical Services Green Technical Advisor.

*Certification is not required but all mandatory requirements of each program must be followed and documented to NJHMFA.*

---

**3 Point options**

**Participation in one of the following programs***:

1. **Enterprise Green Communities** Mandatory criteria
2. **LEED v4** Certified

3. **ICC/ASHRAE 700 - NGBS 2015** (National Green Building Standard)
   Bronze or higher
   a. Bronze = 231 points minimum

*Certification is not required but all mandatory requirements of each program must be followed and documented to NJHMFA.*
Required Documents for Each Program

Enterprise Green Communities (EGC)

At Application
- NJHMFA Letter of Intent
- Signed contract with an EGC-approved consultant/HERs Rater.

Prior to Construction (or at Commitment for Agency Construction-financed projects)
- Completed EGC pre-build checklist along with all Supplemental Documents.
- Evidence in drawings and specifications that all mandatory and optional criteria have been incorporated.

Post Construction, 8609 package
- Post-build checklist and binder documenting each completed criteria, verified by EGC consultant.

LEED Rating System

At Application
- NJHMFA Letter of Intent
- Signed contract with a credentialed LEED consultant/HERs rater.

Prior to Construction (or at Commitment for Agency Construction-financed projects)
- Finalized LEED checklist showing projects’ rating level.
- Verification by LEED Consultant and developer that all LEED checklist items have been incorporated into the plans and specifications.

Post Construction, 8609 package
- Completed LEED checklist with final rating level
- LEED Workbook documenting the fulfillment of all LEED credits and prerequisites.
- Letter and documentation from LEED consultant (New Construction) or Green Rater (Homes or Midrise) stating project met all the parameters of the program.

For more information, visit [http://www.usgbc.org/LEED/](http://www.usgbc.org/LEED/)

NGBS Rating System

At Application
- NJHMFA Letter of Intent
- Signed contract with an accredited NGBS Green verifier/HERs rater.

Prior to Construction (or at Commitment for Agency Construction-financed projects)
- Finalized NGBS scoring spreadsheet showing projects’ rating level and all claimed points.
- Verification by NGBS Green verifier and developer that all NGBS criteria have been incorporated into the plans and specifications.

Post Construction, 8609 package
- Final Verification Report/Construction Scoring Spreadsheet, with no red/warning cells.
Verification Workbook documenting the fulfillment of all NGBS points and mandatory items, signed by NGBS Green Verifier and Builder.

For more info, visit [http://www.homeinnovation.com/services/certification/green_homes/multifamily_certification](http://www.homeinnovation.com/services/certification/green_homes/multifamily_certification)

**Zero Energy Ready Homes**

*At Application*
- NJHMFA Letter of Intent
- Signed contract with a ZERH-approved consultant/HERs Rater.

*Prior to Construction (or at Commitment for Agency Construction-financed projects)*
- Completed copy of RNC Site Registration form and email confirmation.
- Energy Star Summary Report
- Evidence in drawings and specifications that all NJCEP-ZERH, EPA, and RESNET requirements have been incorporated.

*Post Construction, 8609 package*
- All applicable Energy Star or NJCEP completed checklists.
- Energy Star Summary Report

**Living Building Challenge 3.1**

*At Application*
- NJHMFA Letter of Intent
- Signed contract with a LBC-approved consultant/HERs Rater.

*Prior to Construction (or at Commitment for Agency Construction-financed projects)*
- Copy of Preliminary Audit showing all selected Petals and imperatives.
- Evidence in drawings and specifications that all selected Petals/imperatives have been incorporated.

*Post Construction, 8609 package*
- Copy of Post-Construction Preliminary Audit with all documentation for Mandatory Petals and project Typology Imperatives.

For more information, visit [https://living-future.org/lbc/](https://living-future.org/lbc/)

*At Application*
- NJHMFA Letter of Intent
- Signed contract with a PHIUS or PHI-certified Rater/Verifier.

*Prior to Construction (or at Commitment for Agency Construction-financed projects)*
- Copy of design and primary project energy modeling by the PHIUS Certified Passive House Consultant (CPHC).
Evidence in drawings and specifications that all design and equipment will meet PHIUS standards, as approved by the CPHC.

**Post Construction, 8609 package**

- Copy of Post-Construction final testing, verification and energy performance metrics from the PHIUS+ Certified Rater/Multifamily Verifier.
- PHIUS+ Onsite Quality Control Workbook for Multifamily Projects and supporting documentation/checklists.

For more information, visit [http://www.phius.org/home-page](http://www.phius.org/home-page)
2019 NJHMFA 9% Green Point Options LETTER OF INTENT

By signing this document, I certify the following ("we" refers to the applicant organization):

1.) We understand that ENERGY STAR certification or NJHMFA approved alternative, is a prerequisite to participation in the Low-Income Housing Tax Credit program. We agree to complete the applicable NJ Clean Energy Program path, and will comply with the submission requirements listed in the NJHMFA QAP Green requirements document.

2.) We have received and reviewed the 2019 LIHTC Green Requirements and Documentation, which includes a list of requirements for each 9% option, forms and related informational material.

3.) We will submit the requested documentation for our selected option, as outlined in the 2019 LIHTC Green Requirements document.

WHEN LIHTC IS AWARDED, CONTACT Pam DeLosSantos or John Ternes at NJHMFA, FOR THE NEXT COMPLIANCE STEPS.

I am an authorized representative of the organization.
