

New Jersey Historic Trust Announces Preservation New Jersey Historic Preservation Fund Grants

Preservation Planning, Heritage Tourism, and Capital Grants will be Available

TRENTON (January 5, 2022) - The New Jersey Historic Trust announces that applications for the Preserve New Jersey Historic Preservation Fund are now available. Applications must be submitted by April 14, 2022.

This year the Historic Trust will offer both planning and heritage tourism (Historic Site Management) grants, and ‘bricks and mortar’ (Capital Preservation) grants. Eligible applicants are 501© non-profit organizations, as well as units of county, municipal or state government. Eligible properties must be certified eligible for listing on the New Jersey Register of Historic Places by August 1, 2022.

“Being able to help so many of New Jersey’s treasured historic resources is very rewarding,” said Executive Director, Dorothy Guzzo. “We are looking forward to working with new applicants.”

Planning grants may be used for activities that will assist in planning for the long-term stewardship, development, and successful management of historic sites, including developing preservation plans, engineering studies or archaeological assessments. The Trust is also offering grants to foster heritage tourism initiatives that may include visitor readiness surveys, wayfinding, and developing linkages between attractions. New for this year, the maximum grant request has been raised from \$50,000 to \$75,000. The matching grant requires a \$1 match for every \$3 in request.

Capital preservation grants may be used for construction expenses related to the preservation, restoration, repair, and rehabilitation of historic property and professional fees necessary to prepare and complete the construction project. There are two levels of capital request: At Level I, the maximum request is \$150,000 and required a match of \$2 for every \$3 requested. At Level II, the maximum request is \$750,000 and requires a match of \$1 for every \$1 requested. All construction projects should be supported by previous investigations, such as preservation plans or assessments. The Trust will again offer applicants the opportunity to apply for a multi-phase project to facilitate funding for substantially complex projects. In this category, the Trust may commit to up to three years of funding at the \$750,000 level, assuming all other requirements have been met.

Applications and guidelines are available on the Trust's web site:

<https://www.nj.gov/dca/njht/programs/preservenj/overview/>

Applicants are strongly encouraged to read the [Grant Guidelines](#) to determine if the proposed project is eligible for funding. Staff is available to answer questions at 609-984-0473 or njht@dca.nj.gov.

The Preserve New Jersey Historic Preservation Fund was established by legislation in 2016 after New Jersey voters approved a change to the state constitution to provide a stable source of funding for open space, farmland, and historic preservation by dedicating funds from the corporate business tax. The Preserve New Jersey Fund continues the work of the Garden State Historic Preservation Trust Fund (2000-2012) and the Historic Preservation Bond Program (1990-1997). Since 1990, more than \$156 million in matching grants has been awarded to worthy historic preservation construction and planning projects throughout the state.

Created by the State Legislature, the New Jersey Historic Trust is a nonprofit historic preservation organization affiliated with the Department of Community Affairs. Governed by a 15-member board of trustees, the mission of the Trust is to advance historic preservation in New Jersey for the benefit of future generations through education, stewardship and financial investment programs that save our heritage and strengthen our communities.
