

Welcome!

Welcome to the Department of Children and Families Ocean Regional Campus, a place where every student's story matters, and every future holds promise.

At Ocean Regional, we recognize that the path to success is not the same for everyone. Our campus is dedicated to supporting students from Ocean County who may face unique life challenges – students who may have found traditional high school settings to be incompatible, as well as students who are pregnant or parenting.

Here, we provide more than just an education – we offer a community. Our dedicated staff works tirelessly to meet the academic, social, and emotional needs of each student in small class settings. We believe that with the right support, every young person can thrive.

Whether you're balancing school with parenting responsibilities or seeking a more personalized and understanding environment, we are here to help you achieve your goals.

We pride ourselves on fostering a safe, respectful, and inclusive space in which students are empowered to learn, grow, and plan for a successful future. Our staff uses community resources to help students create a path for after high school. At DCF Ocean Regional Campus, you are never alone – we walk this journey with you, every step of the way.
