

Mrs. Rukiah Alwan- Principal

My name is Rukiah Alwan, proud principal at the DCF Burlington Regional School! Our Educational Program, TEC (Transitional Education Center) meets the individual needs of at- risk youth that have been temporarily removed from public schools.

As part of our plethora of supports and services, we help expecting or parenting teens, that are at risk of failure, earn their high school diploma through PROJECT Teach (teen education and child health).

In addition, we have a fully licensed daycare facility on site. Part of the learning experience is to have parenting classes and allow the mothers/fathers to interact with their child or children during the academic day.

Our year round, alternative program assists students with specialized instruction, career guidance, Child Study Team services (if applicable) and life and parenting skills.

We look forward to partnering with your school and recognize the significant difference we make in our students lives! Please feel free to contact me with any further questions.
