- *Substance Use Involvement* -

Youth can present to the New Jersey System of Care as having a Substance Use (SU) Indicator in various ways. For the purposes of this report we are considering as indicators:

  1. A call with an SU Reason or Resolution Code entered in the report period.

  2. An open SU Tracking Element active at any time in the report period.

  3. An Active SU Authorization or SU related Wrap Flex Authorization active at any time in the report period.

  4. An indication via a Strength & Needs Assessment created in the report period. (score of 1, 2 or 3 in Risk Behaviors)

  5. An indication as the result of a Clinical Triage completed in the report period.

  6. A substance use specifier on YouthLink.

The 'All Unique Youth' count below represents the unique youth with at least one of the 6 types of indicators. All Demographic distributions are based on this unique population. Counties represented here are based on the parents home county or designated 'Mailing Address'; if there is no parent address or mailing address the CYBER Facesheet address is used. 'Unknown' county will include both youth with missing county data or Out of State youth.

Specific Substance Usage Distribution

Population details - Youth in this table are included based on the most recent Substance Use (SU) Module completed within 120 days prior to the report start date. The SU Module is an additional series of assessment items activated when a score of 1,2 or 3 is entered in the SU item of the Strength & Needs Assessment. A youth can have multiple substances identified per SU Module completed. Because of this the totals in this table will not match the unique number of SU Modules completed for the report month.

Other Metrics - School Attendance, Legal Involvement and Insurance Coverage

School Attendance scores are counted only for assessments completed 120 days prior to the start date of the report period.

Legal Involvement is reported from the Legal Module/Seriousness item. This module is opened when a 1, 2 or 3 is entered in the Legal Involvement question on the Strength & Needs Assessment.

Insurance Coverage is determined by Medicaid numbers associated with Authorizations active during the report period with the exception of 'Private Insurance' which is identified via the TPL tab in CYBER. These counts are not unique as a youth can have different Medicaid numbers for different authorizations.
