¹Comes from three distinct sources: (1) the Automatic Call Distribution (ACD) phone system; which keeps a count of the number of calls and call routing; (2) Monthly NJSpirit Intakes; which record decision making on calls received by hotline screeners, and (3) NJSpirit extracts of assigned CWS Referrals and CPS Reports.

²The number of Intakes, CPS Reports, and CWS Referrals are based on an extract from NJSpirit.

Data extracted by the Office of Research, Evaluation, and Reporting on **February 08, 2021** includes all Intakes, CPS Reports, and CWS Referrals received from **January 01, 2021** through **January 31, 2021**.

³The number calls received through the ACD System that were directed to a screener from any call-in phone number.

⁴The number of calls received through the ACD System that are abandoned either while waiting in queue or while ringing.

⁵The number of Intakes entered in NJSpirit from the number of calls received.

⁶The number of Intakes recorded in NJSpirit, by type of Intake. There is not a one-to-one relationship between an ACD call and an Intake; multiple calls to State Central Registry (SCR) may result in a single Intake, or one call may result in multiple Intakes.

⁷Intake: The process of documenting: a report of alleged abuse or neglect of a child (CPS); a request for services on behalf of a child, or a referral of a child for services (CWS); a call in which the caller provides additional or clarifying information about a current service case or active investigation (RI); informing a caller of, or referring a caller to, services available from other private or public sources (I&R); a call that requires no action by CP&P (NAR); or a response to a simple inquiry (IO).

CP&P Annual Trends in CPS Reports and CWS Referrals
