**Victim Information:**

**Identifier (Initials):** H.B.                      **Gender:** Male  
**Date of Birth/Age:** 9/28/17                  **County of Residence:** Burlington  
5 mths

**Incident Information:**

**Date of Incident:** 2/14/18                      **Date CP&P Notified of Incident:** 2/14/18

**Allegation Type:**       Abuse                       Neglect

**Disposition:**               Substantiated                       Suspected/Pending

**Description of Incident:** On 2/14/18, H.B.'s parents placed him on the bed of their motel room and went outside to smoke a cigarette. When they returned, they reported that H.B. appeared to be unconscious. 911 was called and when they arrived, H.B. was transported to the hospital. Medical assessments revealed that H.B. was "critically ill with a severe hypoxic injury to the brain. H.B.'s parents, B.B. & W.H, admitted that due to his excessive crying, they placed him in time-out by covering his entire body with a comforter for 10 minutes. On 3/3/18, H.B. passed away as a result of a severe lack of oxygen to his brain. CP&P completed a Child Protection Service (CPS) investigation and substantiated both B.B & W.H for neglect/child death..

**Other Possible Child Victims and Living Arrangement (Gender/age of siblings or other children residing with the child victim or perpetrator only):** Female, 5 months, Resource parent

- Open (Date Opened: )                       Closed (Date Closed: 12/28/17 )                       Not Previously Known
- The victim or family was known to CP&P but the details of such involvement are not pertinent to the fatality or near fatality and not subject to disclosure.

**If previously known and the information is pertinent to the fatality or near fatality, the date and disposition of each prior referral:** On 9/29/17, a referral was generated by the State Central Registry (SCR) noting that B.B. gave birth to twins (34.5 weeks); however, she had not obtained all the

necessary items to care for them. She appeared unprepared for the arrival of her children. A Child Welfare Service (CWS) Assessment was completed by the Burlington West LO.

On 11/17/17, a report was made that the twins (i.e., 1 month) were residing in a motel with their parents and sleeping in their car seats. In addition, it was reported that B.B. had the twins out shopping without proper outerwear and that she drinks alcohol and smokes marijuana. A CPS investigation was completed by the Burlington West LO, and the finding was not established. This case was closed on 12/28/17.

**Disposition:**               Substantiated                       Suspected/Pending

**Description of Incident:** On 3/13/17, C.D. was unresponsive and had to be transported to the hospital. Medical assessments revealed new and multiple healing physical injuries. C.D. 's step-father (T.G.) indicated that she was tantruming and threw herself backwards down the steps. In addition, he reported that C.D. took a nap after this incident. C.D.'s medical doctor as well as a NJ forensic child abuse expert reported that C.D.'s injuries were not a result of a fall but physical abuse. On 7/18/18, T.G. admitted that he back handed C.D., which caused her to fall down the steps and sustain a fatal brain injury. CP&P completed a Child Protection Service (CPS) investigation and substantiated T.G. for physical abuse/child death and neglect/medical. C.D.'s mother, K.G., has been substantiated for neglect/child death also. CP&P maintains that K.G. did not make reasonable efforts to protect her child.

**Allegation Type:**       Abuse                   Neglect

**Disposition:**               Substantiated               Suspected/Pending

**Description of Incident:** On 5/31/18, a call was made to 911 noting that D.S. was not breathing. EMS personnel arrived to the home and was told that D.S. had ingested heroin. Narcan was provided and he was transported to the hospital. Efforts to revive him were unsuccessful and D.S. passed away on this date. Due to D.S.' extensive history related to the consumption of illegal drugs, his mother, H.S., was directed to supervise him at all times. However, at the time of this incident, she was upstairs and he was with a friend in the basement of the home ingesting drugs. In addition, it has also come to light that on the day that D.S. died (5/31/18) test results revealed that for H.S. had been also consuming illegal substances. C.P&P completed a Child Protection Service (CPS) investigation and substantiated H.S. for neglect/child death and substance abuse of caretaker threatens child.

**If previously known and the information is pertinent to the fatality or near fatality, the date and disposition of each prior referral:** On 5/24/07, D.S.' step-brother reported that he was being mistreated by his father and step-mother, H.S. In addition, he stated that he had feelings of depression and

difficulty sleeping. A CPS investigation completed by the Morris West LO generated a finding of unfounded. This case was closed on 7/24/07.

On 6/10/09, there was an allegation made to the State Central Registry (SCR) of D.V. involving D.S.' parents. The Morris West LO completed a CPS investigation and the finding was unfounded. This case was closed 8/18/09.

On 10/15/09, there were three referrals that were generated by SCR noting that D.S.' father was physically, emotionally, and verbally abusive. In addition, it was reported that D.S.'s father smokes marijuana. Findings from all three CPS referrals completed by the Morris West LO were unfounded.

On 1/14/10, D.S.' brother told school officials that his father hit him and was verbally abusive. The Bergen Central LO noted a CPS finding of unfounded.

On 8/8/11, concerns were reported that there was domestic violence occurring in the home and that H.S. was abusing non prescribed prescriptive drugs. The CPS investigative finding noted by the Morris East LO was unfounded.

On 10/28/11, while in a caretaking role, it was alleged that H.S. was drinking and driving. The finding of this CPS investigation was unfounded by the Morris East LO.

On 11/04/12, there was a report that the family home was without heat or electricity. The Morris East LO finding regarding this investigation was unfounded.

On 5/5/14, there were allegations with respect to D.S.' brother regarding tardiness and excessive absenteeism. Also, it was reported that his parents abused drugs and his mother was depressed and possibly suicidal. A Child Welfare Service (CWS) was completed by the Morris East LO and this case was closed on 7/1/14.

On 11/7/16, it was reported that D.S.' brother was physically abused by his father and there were facial injuries. The CPS finding noted by the Morris East LO was not established. This case was reopened.

On 4/2/17, reportedly, there was a large party at the family residence where minors were drinking alcohol and smoking marijuana. D.S.' brother (14) was arrested for possession of drug paraphernalia and drinking. The Morris East LO determined a finding of not established.

On 5/11/17, H.S. was charged with driving under the influence and being in possession of illegal prescriptive substances. At the time of this incident, her minor son and his girlfriend were in the car. The finding of this CPS investigation by the Morris East LO was not established.

On 8/30/17, during a meeting H.S. admitted that she gives D.S. has prescription medication, Xanax, to help him with his anxiety. A finding of not established was generated by the Morris East LO for this CPS investigation.

On 11/20/17, it was alleged that H.S. provided D.S. with illegal substances. In addition, it was noted that D.S.' sibling was on house arrest; however, he seemed to be ignoring the court directive. This CPS report finding was not established. The Morris East LO.

On 11/22/17, D.S. was picked up by the police and was in possession of unprescribed medication. Later, on the same day, he overdosed on Xanax and alcohol. The Morris East LO completed a CWS Assessment.

On 11/26/17, because H.S. was intoxicated twice in a three-day period, she was taken to crisis. D. S. was reportedly brought to the hospital also. His drug screen revealed that he had consumed several unprescribed illegal substances. The Morris East LO noted a finding of not established.

On 1/9/18, while under the supervision of a family friend, D.S. overdosed on heroin. The finding of this CPS investigation was substantiated.

**Allegation Type:**       Abuse                       Neglect

**Disposition:**               Substantiated                       Suspected/Pending

**Description of Incident:** On 8/23/18, A.W.'s mother, M.B. left her in the care of her boyfriend, Ahree Nellom. Mr. Nellom reported that he woke up and found A.W. sluggish and noted that there appeared to be a vomit like substance coming from her nose. He telephoned M.B. and she contacted 911. EMS personnel arrived at the family residence and provided CPR. Reportedly, A.W. had no pulse. She was transported to the hospital; however, A.W. could not be resuscitated and was pronounced at 4:38 a.m. During questioning, Mr. Nellom provided different accounts in relation to the circumstances surrounding A.W. death. The medical examiner, M.E., determined A.W.'s death as "Suspicious" and later deemed it as a homicide. CP&P completed a Child Protection Service (CPS) investigation and substantiated Mr. Nellom for physical abuse/child death. The M.E. reported that A.W. died of blunt force trauma. M.B. has been substantiated for neglect/risk of risk of harm. M.B. was determined to be culpable in the death of her daughter in that she left A.W. in the care of Mr. Nellom, who she had only known for a short period of of time.
