Not Even For A Second!

Water Safety Tips For Children And Adults

- NEVER leave children swimming unattended. Drowning can occur in an inch or two of water.
- Stay within an arm’s length of small children in water to protect against rapid drowning.
- Warn children to never swim at a pool or beach alone or without a lifeguard.
- Train children to swim at an early age.
- Teach children that swimming in a pool is far different than swimming in open water.
- Be certain only qualified and undistracted adults are entrusted with supervising children in water.
- Always empty inflatable pools, buckets, pails and bathtubs after each use.
- Personal floatation devices do not guarantee water safety.
