QUESTIONS

- 1. Could you please confirm whether a DCF contracted provider is eligible to apply for funding under the Request for Qualifications for Housing Related Support Services – Furniture/Appliances/Equipment (published September 3, 2026)?**

If awarded, would this funding be available to cover expenses incurred in excess of the limits on our existing contracts?

Answer: This RFQ is requesting qualifications from eligible vendors for the purchase, delivery, and assembly/set-up of household furnishings, bedding, appliances, and related equipment on an as needed basis to maintain

children safely in their current living situations or to facilitate reunification of children with their families. (Page 1 of the RFQ)

This RFQ is not intended to cover expenses incurred by a DCF contracted provider. Please refer to pages 1, 6 and 7 of the RFQ for additional clarification.

Also, DCF contracted programs awarded through RFP/RFQ usually stand alone and require their own agreements/deliverables. Covering expenses from other programs would have to be something negotiated at the onset of the contract and have cluster approval by the department requesting.
