ALLEGATIONS	FINDINGS	RESULTS
1. Inadequate staff/child ratios: There were 7 children under the age of 18 months with 1 staff member.	1. At the time of the investigation, adequate staff/child ratios were maintained in all classrooms throughout the center, including in the infant/toddler classroom. Interviews with the director and staff denied the allegation and indicated that there are always two staff in the infant/toddler classroom. However, a review of staff and children’s attendance records revealed that on 2/22/2019 in the afternoon, there were 7 children ages 18 months – 2 ½ years old with one staff and a second staff was needed. The center needs to ensure that adequate staff/child ratios are maintained at all times.	1.Substantiated
