Section I - General Information

A. Summary Program Description:

The New Jersey Department of Children and Families (DCF) Children's System of Care (CSOC), announces its intent to qualify providers for Summer Camp and Alternative Recreational Sessions. A respondent may submit only one response to this RFQ.

Respondents who become qualified through this RFQ process to offer their summer camps to youth with Developmental Disability (DD) eligibility will be included on the Qualified Provider (QP) list located at www.performcarenj.org. Only those on the QP list are eligible to receive the DCF CSOC per diem contribution toward the costs of the summer camp tuition of eligible families of youth with DD eligibility.

A qualified summer camp must be physically located within the State of New Jersey and provide one (1) or more of these three (3) separate types of camp:

1. Traditional Day Camp - recreational activities offered in daily episodes.
2. Alternative Recreational Sessions - recreational activities offered on an hourly basis;
3. Overnight Camp - recreational activities offered in daily episodes, must include overnight hours.

Responses may be for one (1) or all three (3) camp types. If the respondent seeks to provide more than one (1) type, the response must include a separate Program Description Form for each camp type. This form is described in this RFQ in *Section III – Documents Requested to be Submitted with This Response* and may be accessed by clicking on the links provided there.

Providers of CSOC Summer Camp and Alternative Recreational Session programs previously qualified by DCF CSOC in 2014, 2015, 2016, 2023 and 2024, who notified CSOC of their intent to provide these services for 2026 by the deadline are **not** required to respond to this RFQ. If they would like to add a new camp type to the services they currently provide (i.e., Traditional, Overnight or Alternative Recreational Sessions) they should contact CSOC to complete and submit a separate Program Component Form and Agency Data Information Form for each camp type sought to be added.

One-to-One Services

Qualified providers of traditional Summer Day Camp or Alternative Recreational Session programs requiring one-to-one support services for youth seeking to register to attend their summer programs must arrange to meet with the family/caregiver and jointly complete and sign the application for one-to-one support services and the Child Adaptive Behavior Summary (CABS). The CABS will be used for all youth under age twenty-one (21) who will be attending a CSOC qualified summer day camp or Alternative Recreational Sessions and are requesting one-to-one support services.

These meetings are required to take place prior to the youth being given an authorization for services.

1:1 Support Services RFQ

Camp providers applying to offer traditional Summer Day Camp or Alternative Recreational Sessions are strongly encouraged to also apply to offer one-to-one support services to prospective campers by responding to the simultaneously published [RFQ for one-to-one supports](#). A qualification to provide camp services DOES NOT automatically qualify a camp provider to provide one-to-one support services. CSOC funding for one-to-one support services is only available to providers who are qualified through the One-to-One Support Services RFQ. One-to-one support services are not available for overnight camp participants.

B. Funding Information:

DCF intends to fund services offered by providers that meet the qualifications and agree to all its terms and conditions. Funding is for the provision of summer camp services from June 2026 through August of 2026.

As with all services provided through CSOC, financial support toward summer camp tuition is based on available resources in a given fiscal year. All funding is subject to appropriation. The continuation of funding is contingent upon the availability of funds and resources in future fiscal years. Funds awarded under this program may not be used to supplant or duplicate existing funding.

Qualified providers of summer camp services for youth with DD will be reimbursed according to the maximum rates in the below rate table for authorized eligible youth:

Type of Service	Authorized Units of Service	Maximum Rate Per Unit
Traditional Day Camp (TDC)	Up to 10 days per youth per summer season	\$128.57/day
Overnight Camp	Up to 6 nights per youth per summer season	\$213.76/night
Alternative Recreational Sessions (ARS)	Up to 20 sessions per youth per summer season	\$64.28/session (each session must be a minimum of 2 hours)
Hybrid – Traditional Day Camp and Alternative Recreational Sessions	5 days of TDC and 10 sessions of ARS per youth per summer season	\$128.57/day for TDC and \$64.28/session for ARS

Following their qualification, providers will receive billing instructions and other important introductory information from CSOC. DCF will pay qualified providers after

reviewing and approving their submitted payment vouchers and supporting documentation.

Please be reminded that DCF provides financial assistance only up to the maximum limits noted above for the daily camp rate. The amount available per child, youth, or young adult is capped and may vary by year and by the number of families that apply. No additional funds shall be provided for start-up or any other purpose. The costs of camp services may not be fully covered by the DCF financial assistance contribution. Additional days, or costs in excess of the maximum rate per unit, are the financial responsibility of the family/caregiver for payment.

CSOC financial support toward summer camp tuition does not cover the following costs:

- camp registration
- camp deposit
- transportation to and from camp
- trips taken during camp.
- Missed days of camp and/or One-to-One aide services

Families and caregivers are responsible for the cost of summer camp tuition minus any financial support provided by DCF. Qualified providers should inform families and caregivers to consider their financial ability to pay the balance that exceeds the DCF tuition cap and encourage them to explore all avenues for funding summer camp tuition and the availability of scholarships such as local recreation departments and civic groups. DCF financial support toward camp tuition is the funding source of last resort.

When a determination regarding the eligibility of youth for DCF financial support toward summer camp tuition has been made, the Contracted System Administrator (CSA), currently PerformCare, will provide written notification of the outcome to the family/caregiver and camp within thirty (30) days. The outcome may be approval and authorization, denial due to not meeting eligibility criteria, or denial due to a lack of resources.

DCF makes no representation regarding the volume of activity that a provider may expect as a consequence of becoming a qualified provider under this RFQ. There is no guarantee that the services will be accessed. Providers are responsible for advertising their camp services to youth and families in the areas they serve and registering those interested. Families must be in receipt of a summer camp registration letter from the camp before they can complete the summer camp application for funding through CSOC on the PerformCare website.

- 1) The response was received prior to the stated deadline.
- 2) The Statement of Acceptance is signed by the person with the necessary authority to execute the agreement.
- 3) The response is complete in its entirety, including all documents requested to be submitted in support of the response listed in Section III. If any of these documents are missing from the response, DCF may provide an email notice to the respondent after the response is submitted. Respondents will have up to five (5) business days after notice from DCF to provide the missing documentation. If the documents are not then timely submitted in response to that notice, the response may be rejected as non-responsive.
- 4) The response conforms to the specifications set forth in the RFQ.

Failure to meet the criteria outlined above, constitutes grounds for rejection of the response.

Responses meeting the initial screening requirements of the RFQ will be distributed to the Evaluation Committee for its review and recommendations.

B. Response Review Process

DCF convenes an Evaluation Committee in accordance with existing policy to review all responses. All voting and advisory reviewers complete a conflict-of-interest form. Those individuals with conflicts or with the appearance of a conflict are disqualified from participation in the review process. The voting members of the Evaluation

Committee will review responses, deliberate as a group, and recommend final funding decisions.

DCF reserves the right to reject any response when circumstances indicate that it is in its best interest to do so. DCF's best interests in this context include, but are not limited to, the State's loss of funding, inability of the respondent to provide adequate services, applicant's lack of good standing with a State Department, and an indication or allegation of misrepresentation of information or non-compliance with any State contracts, policies and procedures, or State or Federal laws and regulations.

A response to a RFQ may result in the qualification of the respondent if the Evaluation Committee concludes the respondent will comply with all requirements as demonstrated by submitting the specified documentation and signing the Statement of Acceptance. All respondents are required to provide all the requested documentation and to confirm their ability to meet or exceed all the compulsory requirements, to provide services consistent with the scope of services delineated, and to comply with all the service implementation and payment processes described.

All respondents will be notified in writing of DCF's intent to qualify a respondent.

C. Appeals

An appeal of a determination to reject a response as incomplete or unresponsive may be considered only to dispute whether the facts of a particular case are sufficient to meet the requirements for rejection and not to dispute the existence of any of the requirements.

An appeal of a determination not to qualify a respondent may be considered only if it is alleged that DCF has violated a statutory or regulatory provision in its review and evaluation process.

Pursuant to DCF policy P1.08, such appeals must be submitted in writing within ten (10) business days following the date on the Notice of Disqualification or Notice of Regret letter by emailing it to DCF.AHUAppeals@dcf.nj.gov and/or mailing it to:
