

Notice of Potential Funding Opportunity

The Department of Children and Families is pleased to announce that it may in the next twelve months issue a request for Proposal for a grant opportunity. This is not a commitment but a forecast of the potential business needs of DCF.

RESIDENTIAL TREATMENT SERVICES (RTC)

The goal is to create an integrated service delivery approach with professional competencies and capabilities to maintain a treatment milieu that is functionally relevant to youth, with significant maladaptive behaviors that may include juvenile justice involvement, aggressive/assaultive behavior, sexual behaviors, trauma, and/or fire setting.

Opportunities are “forecasted” when funds are not yet formally available and are pending budgetary and discretionary spending approvals and federal agency program decisions. Once the forecasted opportunities are made final as a viable funding announcement, you will be able to complete and apply for consideration of funding within the timeframe of the Request for Proposal deadline date for any funding announcement you desire.
