

Notice of Potential Funding Opportunity

The Department of Children and Families is pleased to announce that it may in the next twelve months issue a request for Proposal for a grant opportunity. This is not a commitment but a forecast of the potential business needs of DCF.

GROUP HOME LEVEL 2 INTELLECTUAL/DEVELOPMENTAL DISABILITY INTENSITY OF SERVICES AGES 14-19

Potential Three (3) Five Bed Community-Based Homes (15 Beds)

The goal of this service is to create a safe, stable, and therapeutically supportive environment with a comprehensive array of services that will assist the youth with I/DD and challenging behaviors with acquiring, retaining, and improving the behavioral, self-help, socialization, and adaptive skills needed to achieve objectives of improved health, welfare, and the realization of the individual's maximum physical, social, psychological, and vocational potential for useful and productive activities in the home and community.

Opportunities are "forecasted" when funds are not yet formally available and are pending budgetary and discretionary spending approvals and federal agency program decisions. Once the forecasted opportunities are made final as a viable funding announcement, you will be able to complete and apply for consideration of funding within the timeframe of the Request for Proposal deadline date for any funding announcement you desire.
