

QUESTIONS AND ANSWERS

2022 RFP In-Home Recovery Program-Two Sites in Union County

Questions? Email us anytime

Contacts: Patti Bowen
Loren LaBadie

1. Does the office need to be in Union County?

The agency must have an office(s) in Union County or an adjacent county (Hudson, Essex, Morris, Somerset, or Middlesex).

2. Does an agency need to have existing collaborative relationships with treatment providers to submit for this RFP?

No. If level of care needs to change, then the program will reach out to providers for continuity of care and to ensure proper treatment measures are in place. For example, if a parent is receiving medication monitoring from an external provide, the APN will need to collaborate with the Psychiatrist or program subscriber.
