

NEW JERSEY STATE MODEL WORKPLACE VIOLENCE POLICY (2019)

I. Purpose

To set forth the Office of the Public Defender's (OPD) Workplace Violence Policy and procedures concerning violence in the workplace pursuant to Executive Order 49 (1996). New Jersey State employees have a right to work in a safe and secure environment.

II. Policy Statement

The OPD Workplace Violence Policy is committed to promoting a safe environment for employees, clients, customers, and visitors and to work with employees to maintain a work atmosphere that is free from violence, harassment, intimidation, and other disruptive behavior. OPD has a zero tolerance for such behavior in the workplace. Employees at all levels are encouraged to report threatening or intimidating behavior to the appropriate authorities in and outside the OPD, which, in turn, will be promptly investigated and if substantiated remedied with appropriate administrative or disciplinary action.

III. Definitions

Workplace may be any location, either permanent or temporary, where an employee performs any work-related duty (any field location, any off-site business-related social function, or any facility where state business is conducted.) More specifically, a workplace includes, but is not limited to, office buildings and surrounding perimeters, including parking lots, field locations, clients' homes as well as traveling to and from work assignments.

Workplace Violence is any act or threat of physical violence, harassment, intimidation, or other threatening disruptive behavior that occurs at the workplace. It ranges from threats and verbal abuse to physical assaults and even homicide. It can involve employees, clients, customers, and visitors.

The following acts are considered situations involving workplace violence:

- Violent acts by anyone who has no other connection with the workplace but enters with the intent to commit a robbery or another crime.
- Violence directed at employees by customers, clients, patients, students, inmates, or any others to whom an organization provides services.
- Violence by an employee against customers, clients, patients, students, inmates, or any others to whom an organization provides services.
- Violence against co-workers, supervisors, or managers by a present or former employee.

- Violence committed in the workplace by someone who does not work there, but has a personal relationship with an employee (for example, this can be an abusive spouse or domestic partner).

Threats or Threatening Behavior is overt expression, verbal or nonverbal, of an intent to cause physical or mental harm. It is intended to instill fear in the recipient thereof. An expression constitutes a threat without regard to whether the party communicating it has the present ability to carry out the threat or without regard as to whether the expression of harm is one of an immediate or future nature.

Harassment or Intimidation is threats or other conduct, which in any way, create a hostile environment; impair agency or department operations; or frighten, alarm or inhibit others. Psychological intimidation or harassment includes making statements which are false, malicious, disparaging, derogatory, rude, disrespectful, abusive, obnoxious, insubordinate, or which have the intent to hurt others' reputations. Physical intimidation or harassment may include holding, impeding, or blocking movement, following, stalking, touching, or any other inappropriate physical contact or advances.

Note: Harassment or intimidation based on an individual's protected class are also covered by the New Jersey State Policy Prohibiting Discrimination in the Workplace and should therefore be reported to OPD's EEO Officer

Stalking is a malicious course of conduct that includes approaching or pursuing another person with intent to place that person in reasonable fear of serious bodily injury or death to him/herself or to a third party.

Physical Assault is the act of inflicting physical harm or unwanted or hostile physical contact of a non-sexual or sexual nature, including but not limited to, hitting, fighting, pushing, shoving, or throwing objects.

Note: Physical assault of a sexual nature such as sexual assault or rape are also covered by the New Jersey State Policy Prohibiting Discrimination in the Workplace and should therefore be reported to OPD's EEO Officer. Such conduct should also be reported to the appropriate law enforcement.

Property Damage is damage to property which includes property owned or utilized by the State, its employees, clients and visitors.

Weapon shall mean any instrument which will cause bodily harm, physical damage, or death when used in the ordinary and usual manner contemplated by its design and construction and includes, but is not limited to: firearms, clubs, knives, stun guns, brass knuckles and martial arts weapons.

Employee Advisory Service provides professional referral services and counseling to state employees and their dependents who are dealing with personal, family or work- related issues that may be adversely impacting work performance including situations involving workplace violence.

IV. Prohibited Actions

Prohibited behaviors that are considered “acts or threats of violence” under this policy include, but are not limited to, the following:

- Disruptive or aggressive behavior intended to disturb, frighten, interfere or prevent normal work activities (such as yelling at others, use of abusive language, shaking fists at another person, punching a wall).
- Any type of physical contact to cause harm (hitting, shoving, slapping, punching or other physical attack).
- Threatening to harm an individual or his/her family, friends, or property. This includes direct or indirect threats such as sending threatening letters, threatening phone calls or threatening emails.
- Conduct that includes repeated verbal abuse and intimidation, profanity, or unwanted sexual comments, advances or physical contact. It should be noted that allegations of unwelcome or unwanted sexual comments, advances, or physical contact are covered under the New Jersey State Policy Prohibiting Discrimination in the Workplace and should be reported to the appropriate law enforcement as it may also subject the aggressor to criminal charges.
- Breaking or throwing objects.
- Making harassing or threatening telephone calls or sending harassing or threatening written or electronic communications.
- Intimidating or attempting to coerce an employee to do wrongful acts.
- Concealing or using a weapon.

Other Forms of Violence

Bullying is a form of repeated aggressive, humiliating, and intimidating behavior over time to intentionally hurt another person, physically or mentally. Bullying is characterized by an individual behaving in a certain way to gain power over another person. Examples of this behavior include but are not limited to outbursts of anger, using derogatory names, withholding necessary work information, spreading rumors, or ridiculing someone in front of another. Like any other disruptive or violent behavior, conduct that undermines an employee’s right to dignity at work is a violation of this policy.

Obsession/Stalking is another form of workplace violence which occurs when an individual repeatedly seeks to establish a personal relationship with another, contrary to

the wishes of the victim. The offender simply refuses to stop the escalating attempts to maintain attachment with the victim, even when the victim tries to set limits or end the attachment. Obsessed individuals have been known to be a threat to the safety of the individual with whom they are obsessed. Employees are encouraged to seek assistance from their supervisor and the Office of Human Resources if they believe that someone has an obsessive attachment, or they are being stalked.

Domestic Violence is a pattern of abusive and controlling behaviors used by one person in an intimate relationship over another to gain power and control. This may include verbal, emotional, and physical abuse. Employees who are victims of domestic violence are strongly encouraged to seek assistance. The Employee Advisory Service is available to help at 1-866-EAS- 9133.

Victims of domestic violence, or other personal problems, who believe that violence may extend to the workplace are encouraged to notify their supervisor and the Office of Human Resources. OPD understands the sensitivity of the requested information and will maintain confidentiality, to the extent possible, to respect the employee's privacy. In accordance with NJSA 11A:2-6a, Human Resources Officers shall follow the Uniform Domestic Violence Policy issued by the Civil Service Commission.

V. Policy Provisions

OPD will not tolerate any behavior of any employee, customer, contractor, vendor or any other person that reasonably poses a threat to the safety and security of, or that harms any OPD employee or OPD property. In furtherance of this policy, all employees, including directors, managers and supervisors, have a responsibility to adhere to work practices designed to make the workplace more safe and secure. All employees, including directors, managers, and supervisors, are responsible for using safe work practices; for following all OPD directives, policies and procedures, the OPD Workplace Violence Crisis Management Plan, and the OPD Emergency Operations Plan; and for assisting in maintaining a safe and secure work environment. Employee reports of violence or threats of violence will be held in confidence to the maximum extent possible and subject to all applicable laws. OPD will not tolerate any form of retaliation against an employee for making a report under this policy.

A. Protective or Restraining Orders

OPD employees who have been granted court-ordered protection which extends to the workplace must notify his/her supervisor and the Office of Human Resources, who will work together to develop a plan to ensure compliance with the order and maintain the safety of the employee and others at the workplace.

B. Weapons in the Workplace

Under no circumstances may an employee or member of the public (other than an appropriately licensed law enforcement or security officer) possess any form of weapon such as a firearm, knife (with a blade longer than 3 inches) or explosive device on their

person or in their vehicle or in state vehicles. If an individual has a permit to carry such type of weapon, this policy shall supersede that permit. In addition, use of or intent to use any other object as a weapon is also a violation of this policy. If the above situation exists, such individuals will be asked to remove any form of weapon from the worksite. Employees who become aware of the presence of a weapon should immediately report it to management. If management is unsuccessful in obtaining voluntary consent to this request, law enforcement assistance shall be sought.

C. Imminent or Actual Violence Situations

Actual threats should always be taken seriously and responded to immediately. If an employee feels that someone presents a danger or demonstrates peculiar behavior, he or she should take proper precaution, and promptly report such behavior to his or her supervisor or manager.

Moreover, if circumstances indicate imminent or actual danger involving weapons or personal injury, employees should take the necessary precautions to assure their own safety and the safety of others by dialing 9-911 from state phone lines (911 from cell phones) for immediate law enforcement and medical assistance.

D. Establishment of a Crisis Management Team
