

EMERGENCY PREPAREDNESS

TIPS

Assess your risk to natural, health and technology related hazards

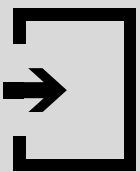

Designate an emergency preparedness team or leader

Develop a checklist of actions to take before an emergency event

Create an emergency contact list with key phone numbers

Prepare an evacuation plan and share with your employees

Flood proof your business; elevate or anchor supplies

Iron Hill Brewery in Maple Shade has a safety representative who is responsible for **maintaining contact information** for all emergency departments, as well as having an **evacuation plan in place for all employees and guests.** [Learn More](#)

Blanc Display Group in Dover has a **Safety Team that includes management, human resource representatives and warehouse workers.** The team meets regularly to review processes and and protocols that comply with or exceed labor regulations, and promotes the welfare of all employees, the community and the environment. **Emergency preparedness is updated in protocols, processes, literature and evacuation plans in both English and Spanish.** [Learn More](#)
