However, should there be any discrepancies between this text and the official version of the rule, the official version will prevail.

REGULATORY HISTORY

Filed:	October 27, 1960
Effective:	January 1, 1961
Revision Promulgated:	August 5, 1977
Revision Effective:	October 12, 1977 (8 N.J.R. 375(a), 9 N.J.R. 420(a))

7:27-5.1 Definitions

The following words and terms, when used in this subchapter, shall have the following meanings unless the context clearly indicates otherwise.

“Air pollution” means the presence in the outdoor atmosphere of one or more air contaminants in such quantities and duration as are, or tend to be, injurious to human health or welfare, animal or plant life or property, or would unreasonably interfere with the enjoyment of life or property throughout the State and in such territories of the State as shall be affected thereby and excludes all aspects of employer-employee relationship as to health and safety hazards.

“Economic poisons” means those chemicals used as insecticides, rodenticides, fungicides, herbicides, nematocides or defoliant.

7:27-5.2 General provisions

- (a) Notwithstanding compliance with other subchapters of this chapter, no person shall cause, suffer, allow or permit to be emitted into the outdoor atmosphere substances in quantities which shall result in air pollution as defined herein.
- (b) The provisions of subsection (a) of this section shall not apply to the use of economic poisons.
