PDF APPROVAL GENERATION FOR PCPs AND GPs

October 4, 2019

Mike Adhanom, Section Chief of Bureau of Stationary Sources, Air Quality

PDF APPROVALS PCPs AND GPs

- Pre-NJEMs PCPs and some early NJEMS PCPs don't have PDF approvals;
- GPs registered before 2018 don't have PDF approvals;
- The PDF Approvals allow facilities and interested parties to access the permits electronically online (DataMiner or Community Corner).

WE WILL
CONTACT
YOU!

- The Department may contact the facilities for the following reasons:
 - To update contact information contained in Masterfile;
 - To advise that some sources may qualify for GPs;
 - To request the payment of outstanding bills.

INTERNAL ACTION

- The Department will be doing the following;
 - Updating the list of equipment based on the initial air permit application, if necessary;
 - Updating the renewal invoices based on the list of permitted equipment contained in the initial application, if necessary;
 - The Department will be creating the PDF approvals manually to facilitate the availability of the permit information to the public.
