

STATE OF NEW JERSEY
DEPARTMENT OF ENVIRONMENTAL PROTECTION

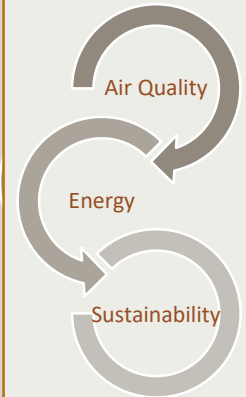

DIVISION OF AIR QUALITY

AIR QUALITY, ENERGY, AND SUSTAINABILITY

AIR PERMITTING

February 1, 2019

Connor Lapiska, Bureau of Stationary Sources

TIMING OF PERMIT REVIEW FOR PRECONSTRUCTION PERMITS (PCP)

Type of Applications	Expected Time frame
Initial Preconstruction Permit	90 days
Permit Revision	90 days
Compliance Plan Change	30 days
Seven-Day-Notice Change	30 days
Amendment	30 days
Environmental Pilot Test (EIPT)	30 days

TIMING OF PERMIT REVIEW FOR PRECONSTRUCTION PERMITS (PCP)

- Review time for PCP applications could be greatly affected if one or more of the following apply:
 - Application is not administratively / technically complete
 - Second Level Health Risk Assessment for HAPs
 - Public Comments
 - Over-burdened communities
 - Case by Case State of the Art Determination
 - Other reasons such as the complexity of the source or operation.

TIMING OF PERMIT REVIEW FOR OPERATING PERMITS

Type of Applications	Expected Time Frame
Initial Operating Permit	18 months
Minor Modification	90-180 days (3-6 months)
Significant Modifications	12-18 months
Operating Permit Renewals	12-18 months

TIMING OF PERMIT REVIEW FOR OPERATING PERMITS

- In addition to the items listed in Slide 3, review time for OP applications could be greatly affected if one or more of the following apply:
 - Health Risk Assessment for HAPs
 - NAAQS Air Quality Modeling
 - EPA Comments
 - Public Comments, Public Hearing
 - Sensitive project / Sensitive location / Over-burdened communities
 - NSR applicable (PSD/Sub 18 analysis)
 - CER requirements

TIPS FOR EXPEDITING THE REVIEW PROCESS

- Arrange a pre-application meeting
- Submit a complete RADIUS application with supporting documentation (calculations, manufacturer's specifications, etc.) – use Permit Application Checklist
- Respond in a timely manner to information requests by DEP

GENERAL PERMITS

- General Permits (GPs) and General Operating Permits (GOPs) are good options to obtain a permit in a shorter period of time. However, the source(s) must meet all the applicable requirements in the general permit.
 - On-line registration
 - Immediate authorization to construct and operate (approved after payment)
 - No case by case review – Conditions are fixed
 - Cost Savings (less expensive than PCPs)

Note: Each GP and GOP apply to a specific class of common sources
