DISCONTINUATION OF GPS

Discontinuation of GP-020 Research and Development (R & D)

• Public Comments Period for the Discontinuation ended on September 17, 2021.

• The Department received several comments, and created the Response to Comments document:
  • sent copy to those who commented; and
  • Make it available in our website Bureau of Stationary Sources, under Public Notices. https://www.state.nj.us/dep/aqpp/publicnotices.htm

• GP-020 was discontinued on May 16, 2022
GP-020A Research and Development Operation (GP-020A)

• On March 31st, the Department met with stakeholders to discuss the option of a new general permit for R&D.

• Since the meeting, the Department has created a draft of a GP-020A for R&D that meets all applicability requirements and shared with the stakeholders on May 27th.

• Tentatively for public comments by this Summer.

• Depending on comments received, tentatively available by this Fall.
