Dear Interested Community Member;

Subject: Air Pollution Control Permit Construction of New Source Application
HARLEIGH CEMETERY ASSOC
Program Interest No: 50318
Permit Activity No: PCP 200002
1640 Haddon Avenue, , Camden, Camden County, NJ .

This is to inform you that the above referenced facility has submitted an air pollution control permit application. [This facility is currently permitted as a minor facility, pursuant to N.J.A.C. 7:27-8, under Program Interest Number 50318.](#)

The facility is a cemetery which also operates human crematories.

The applicant is proposing the following changes in the application: Facility is consolidating 2 older crematory units that were permitted under two separate applications and also adding one additional new crematory unit, with all being listed under one new single permit. The new permit will have a total of 3 human crematory units. Emissions listed on the application are based on the manufacturers supplied data.

The application and supporting documentation are available for the duration of the review process on the Department's website at <https://www.state.nj.us/dep/aqpp/eprn.htm>. The website documentation will be updated should the application be revised during the administrative and technical review; however, no additional notifications will be made. Please check the website periodically for the latest information.

A formal public comment period, pursuant to N.J.A.C. 7:27-8.10, will be offered after the technical review of the application is complete. During the public comment period, the public will have the opportunity to comment on the draft permit.

If you have any questions or informal comments on the application, or if you would like to request a meeting with the Department to discuss the application, please contact Quddus Qayyum at (609) 633-8221 or Quddus.Qayyum@dep.nj.gov.

Sincerely,

A handwritten signature in cursive script that reads "Michael A" followed by a long horizontal flourish.
