Permit Descriptions

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity**: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands**: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup**: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits**: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility**: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Tidal Wetlands**: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval**: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development**: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NOTICE OF PUBLIC COMMENT PERIOD
FOR THE RENEWAL OF A HAZARDOUS WASTE FACILITY PERMIT AND A SOLID WASTE FACILITY PERMIT

The New Jersey Department of Environmental Protection, Solid and Hazardous Waste Management Program, hereby gives notice that it has tentatively approved a Hazardous Waste Facility Permit renewal application and a Solid Waste Facility Permit renewal with modification application submitted by Clean Earth of North Jersey, Inc., Kearny Town, Hudson County for the continued operations of a hazardous waste facility and a solid waste transfer station. These permits cover ongoing hazardous waste and solid waste activities conducted at 105 Jacobus Avenue, Kearny Town that are regulated by the Resource Conservation and Recovery Act (RCRA) on the federal level and the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) on the State level.

Clean Earth of North Jersey, Inc. owns and operates a commercial hazardous waste treatment, storage and transfer facility. The facility receives waste streams of various hazardous waste codes from off-site generators via highway and rail. The hazardous wastes are stored on-site in containers and tanks or are treated on-site in containers, tanks, and within cells in various approved areas. Hazardous waste may be blended/bulked, solidified/stabilized, consolidated, repackaged, and transferred. The facility has a permitted maximum capacity of 249,500 gallons or its equivalent volume of hazardous waste at any one time.

Clean Earth of North Jersey, Inc. also owns and operates a commercial solid waste transfer station/materials recovery facility on-site. The facility accepts waste types 10 (Municipal waste – household hazardous waste only), 13 (Bulky waste) and 13C (Construction & Demolition waste) 27 (Dry Industrial waste), 27A (Dry Industrial Waste Asbestos), and 72 (Non-hazardous Liquid Waste) with an approved capacity of 2,810 tons per day, consisting of 2,660 tons per day of ID 10, 13, 13C, 27 and 72 and 150 tons per day of ID 27A. The draft Solid Waste Facility Permit also authorizes the construction of a new solid waste transfer station building. The facility also conducts large quantity universal waste handler activities involving the collection and transfer of batteries, pesticides, mercury-containing devices, consumer electronics, lamps, and oil-based finishes. The solid waste activity will be regulated by the Solid Waste Facility permit, while the large quantity universal waste handler activities require no permit.

The public comment period on these tentative approvals begins on November 1, 2011 and will close December 15, 2011. During this period, any interested person may submit written comments concerning the tentatively approved permits to:

Mr. Robert M. Confer, Chief
New Jersey Department of Environmental Protection
Solid and Hazardous Waste Management Program
Bureau of Landfill and Hazardous Waste Permitting
Mail Code: 401-02C  P.O. Box 420
Trenton, NJ 08625-0420
(609) 984-6985

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department’s response will be set forth in a response document which shall become part of the administrative record upon which the Department shall base its final decision. Any person who has submitted relevant written comments will receive notification of the Department’s final decision. Upon written request of any interested party, which in the opinion of the Department raises significant issues relevant to the proposed agency action during the public comment period, a public hearing will be scheduled regarding the proposed agency action.

Copies of the draft permits and supporting permit applications are available for inspection at the office of the Department’s Solid and Hazardous Waste Management Program listed above. Anyone wishing to obtain a copy of fact sheets on the facility, the draft permits, and/or further information, or to arrange to review the administrative
record should first contact Ms. Lisa Offredo at the address listed above or contact her at (609) 984-5950. The files may be inspected by appointment only, weekdays between the hours of 9:00 AM and 5:00 PM.

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would authorize the relocation of three secondary dunes between the 21st Street and 23rd Street rights-of-way in North Wildwood, Cape May County. Two of these dunes were constructed in 2009 as part of the North Wildwood beach renourishment project. The beach renourishment work is shown on 14 sheets of plans entitled “North Wildwood Beach Renourishment Project, City of North Wildwood, Cape May County, New Jersey,” prepared by Remington, Vernick & Walberg Engineers, dated July 11, 2007, last revised October 23, 2008. The proposed dune relocation would be performed by WB Resorts, Inc. as part of potential re-redevelopment of the Seaport Pier. Any dune relocation must be approved in advance by the Department following a demonstration by WB that the dune relocation meets certain criteria, including that it will not cause significant adverse long-term impacts on the natural functioning of the beach and dune system. In addition, any approved dune relocation will be incorporated into North Wildwood’s beach and dune management plan.

Notice of the final permit decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin and a newspaper(s); or

2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin only.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

i. The Municipal Clerk  
ii. The Highlands Council  
iii. The Municipal Environmental Commission (if one exists);  
iv. The Municipal Planning Board  
v. The Municipal Construction Official  
vi. The County Planning Board; and  
vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP’s final determination.

Written comments should be submitted to:
Elizabeth Semple, Manager
Land Use Management
Division of Land Use Planning
Office of Land Use Planning
Mail Code 401-07C
The New Jersey Department of Environmental Protection, Division of Land Use Planning, has reviewed the below-listed Highlands Applicability and Water Quality Management Plan (WQMP) Consistency Determination Application(s) according to the requirements under N.J.S.A. 13:20 (The Highlands Water Protection and Planning Act) and issued the indicated determinations.
