REG = HMDC/Pinelands Exemption

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION

EVENTS OF PUBLIC INTEREST

DATE: November 14, 2014

TIME: 11:00 a.m.

PLACE: Landscape Irrigation Contractor Examining Board
Public Meeting
401 East State Street, 5th floor Conf. Room (5E002)
Trenton, NJ

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF: GOLD STAR PAVING/RECYCLING INC
 Enforcement File # 1328-04-0007.1
 Block and Lot [178, 297] [178, 298]
 Marlboro Twp, Monmouth County

Comments regarding this settlement or requests for a copy of the settlement should be sent to: Michele Kropilak, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, 1510 Hooper Ave Suite 140, Toms River NJ 08753 or via email at Michele.Kropilak@dep.nj.gov. Comments must be received by NJDEP within 30 days of this publication to be considered.

In the MATTER OF: Township of Lacey
CAFRA File NO. 1512-08-0020.1 CAF080001
Railroad Ave. (Connector Road), Township of Lacey
OAL Docket No. ELUCA 10995-2009S

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION issued a CAFRA permit with a linear development waiver on October 16, 2014 to the Township of Lacey authorizing the construction of Railroad Avenue, a road approximately 1.9 miles long, consisting of two 11-foot travel lanes and an 8-foot wide bike path, within the former Barnegat Branch of the Central Jersey Railroad right-of-way. The proposed bike path conforms to the design standards of Ocean County's proposed Barnegat Branch Trail. Proposed Railroad Avenue will begin at existing Lacey Road and will extend north to its terminus with South Street. South Street will provide the connection between Railroad Avenue and Route 9.

Formerly, the road project had been designed as a 2.21 mile long road beginning at Lacey Road and extending north through the Oak Bluff Avenue right-of-way where it would have connected with Route 9 at Bay Way. However, on March 27, 2009, the Department denied a request for a CAFRA permit and a Freshwater Wetland Transition Area Waiver for the project. The applicant subsequently appealed the Department's permit decision. The Department and the applicant decided to settle the matter and a notice of the proposed settlement was published in the DEP Bulletin on August 18, 2010. An additional notice was also provided on January 11, 2012 in the DEP Bulletin. In response to public comments received, the project was revised to eliminate the segment of road in the Oak Bluff Avenue right-of-way and instead will terminate at South Street. Public notice of this revision was provided in the DEP Bulletin on July 24, 2013.

The permit, revised plans, and a Final Summary Report concerning the above referenced matter are available for public review by contacting Christopher Jones, Manager, at Department of Environmental Protection, Division of Land Use Regulation Mail Code 501-02A P.O. Box 420, Trenton, New Jersey 08625-0420 or at (609) 984-6216.

This settlement satisfies the appeal of File Numbers 1512-08-0020.1CAF080001 and FWW080001.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
WATERFRONT DEVELOPMENT PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement and issue a permit that resolves the appeal of the denial of Petitioner's permit application under the Waterfront Development Act (N.J.S.A 12:5-3 et seq.). Petitioner has agreed to reduce the existing fixed dock that is 17.1 feet by 19 feet to 8 feet wide by 15 feet long and reduce the floating dock from 21 feet long by 12 feet wide to a 10 feet by 20 feet as shown on one sheet to be revised to show the new dimensions entitled "PLAN TO ACCOMPANY A WATERFRONT DEVELOPMENT PERMIT APPLICATION, DENOFA A. ERNEST & ANGELINA, LOTS 15, 16 17, BLOCK 202 (tax map), BOROUGH OF STONE HARBOR, CAPE MAY COUNTY, N.J." and prepared by Stone Harbor Surveyors.

IN THE MATTER OF:

Ernesto M, & Angelina D. De Nofa
File No.: 0510-09-0038.1 APL090001
Block 202 Lots 15, 16, 17
Borough of Stone Harbor
Cape May County, New Jersey

Notice of the final permit decision will appear in the Division of Land Use Regulation section of the DEP Bulletin.

Comments regarding this settlement or requests for information regarding this action should be sent to: Shorefront Region Section Chief, Division of Land Use Regulation, Mail Code 501-02A, PO Box 420, Trenton, NJ 08625-0420 or by e-mail care of chris.dolphin@dep.state.nj.us, or the office may be reached by telephone: (609) 777-0454. Comments must be received by NJDEP within 15 days of this publication.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
COASTAL GENERAL PERMIT 9, COASTAL GENERAL PERMIT 14, AND WATERFRONT
DEVELOPMENT PERMIT APPLICATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement and issue a Zane Exemption, Coastal General Permit 8, and a Waterfront Development Individual Permit (Authorizations) that would resolve the appeal of Coastal General Permit 9, Coastal General Permit 14, and Waterfront Development Individual Permit #1508-06-0007.1 CAF060001, CAF060002, WFD060001. Said Authorizations would authorize the in-kind replacement of the bulkhead, construction of a 2-story dwelling, a 5' x 33' dock and the filling of 300 sq. ft. of water for dwelling construction. The Authorizations will be issued pursuant to the Rules on Coastal Zone Management (N.J.A.C. 7:7E-1.1 et seq.) and the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 et seq.). The project is shown on one sheet entitled, "Plot Plan of Survey, Tax Map Lot 139, Block 4, Eagleswood Township, Ocean County, New Jersey," dated May 9, 2014, last revised September 16, 2014, and prepared by Leon J. Tyszka. The applicants are James Thompson and Tina Mueller. Notice of the final decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF:

James Thompson and Tina Mueller
NJDEP FILE #1508-06-0007.1
Block 4, Lot 139
Eagleswood Township, Ocean County

Comments regarding this settlement or requests for information regarding this action should be sent to: Shorefront Region Section Chief, Division of Land Use Regulation, Mail Code 501-02A, PO Box 420, Trenton, NJ 08625-0420 or by e-mail care of chris.dolphin@dep.nj.gov, or the office may be reached by telephone: (609) 777-0454. Comments must be received by NJDEP within 15 days of this publication.

**Notice of Public Comment Period Regarding Site Specific Water Quality Management Plan Amendment
Applications Pursuant to P.L.2013, c.188**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has received the following Water Quality Management Plan site specific amendment requests pursuant to P.L. 2013, c.188. P.L. 2013, c.188 directs the Department to accept and process certain site specific amendment proposals despite the absence of a wastewater management plan in compliance with the Water Quality Management Plan rules. Pursuant to the provisions of the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), notices of amendment proposals and the Department's subsequent final action are to be published in the New Jersey Register (NJR). In accordance with P.L. 2013, c.188, notice of site specific amendments for projects or activities having a wastewater planning flow of less than 20,000 gallons per day (gpd) or being less than 100 acres in size is to be published in the Department of Environmental Protection (DEP) Bulletin.

Notice of site specific amendment proposals for changes in sewer service area designation, which may include new or expanded wastewater treatment facilities, are individually provided below.

An appointment to review the file for any of the proposals may be arranged by calling the Division of Coastal and Land Use Planning at (609) 984-6888. The Department's file is available for inspection between 8:30 a.m. and 4:00 p.m., Monday through Friday at 401 East State Street, Trenton, New Jersey.

Interested person may submit written comments on any of the proposals. When providing comments, specify which proposal the comments are being provided for. All comments must be submitted within 30 days of the date of this public notice to the address cited below. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment request.

Interested persons may request that the Department hold a non-adversarial public hearing or extend the public comment period up to 30 additional days for any of the proposals. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. The requests must be submitted within 30 days of the date of this public notice to the address cited below. If a public hearing is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

Written comments should be submitted to:

Elizabeth Semple, Acting Director
Land Use Management
Division of Coastal and Land Use Planning
Mail Code 401-07C
PO Box 420, 401 East State Street
Trenton, New Jersey 08625-0420

Notice(s) of site specific proposals that qualify for review under P.L. 2013, c. 188 are individually provided below:

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF COASTAL AND LAND USE PLANNING**

Proposed Amendment to the Monmouth County Water Quality Management Plan

Public Notice:

Harbor Road Water Treatment Plant

Take notice that the New Jersey Department of Environmental Protection (Department) is seeking public comment on a proposed amendment to the Monmouth County Water Quality Management (WQM) Plan. This amendment proposal, entitled Harbor Road Water Treatment Plant”, submitted on behalf of the Western Monmouth Utilities Authority (WMUA), would expand the WMUA’s Pine Brook Treatment Plant sewer service area (SSA) by 9.24 acres to include a portion of Block 171, Lot 71 located in Marlboro Township, Monmouth County. The proposed expansion would allow for the abandonment of an existing septic system that presently treats the Harbor Road Drinking Water Treatment Plant’s (WTP) sanitary wastewater. In addition, sludge that is currently treated by onsite backwash lagoons is proposed to be discharged to the WMUA collection system and conveyed to the Pine Brook Treatment Plant. This proposed amendment has been reviewed in accordance with the Water Quality Management Planning rules at N.J.A.C. 7:15 and P.L 2013, c.188. This preliminary notice represents the Department’s determination that the proposed amendment is in compliance with the regulatory criteria pursuant to N.J.A.C. 7:15.

This application has been reviewed in accordance with the Water Quality Management Planning rules that set the environmental standards to be applied to an amendment at N.J.A.C. 7:15-5.18, N.J.A.C. 7:15-5.24 and N.J.A.C. 7:15-5.25.

The proposed project site, located south of Harbor Road and west of Route 79, is currently identified as Individual Subsurface Sewage Disposal System (ISSDS) area for wastewater flows of less than 2,000 gallons per day (gpd) as designated on the Monmouth County Future Wastewater Service Area Map FWSA map. The parcel currently includes the existing above referenced WTP, which has undergone recent water quality treatment upgrades and the installation of on-site solar panel array. The projected wastewater flow as a result of the proposed connection to the Pine Brook Treatment Plant, calculated in accordance with N.J.A.C. 7:14A-23.3, is 20,000 gallons per day (gpd).

As outlined at N.J.A.C. 7:15-5.24, sewer service may only be provided to areas that are not identified as environmentally sensitive areas (ESAs), Coastal Fringe, Coastal Rural and Coastal Environmentally Sensitive Planning Areas, beaches, coastal high hazard areas, and dunes. Pursuant to N.J.A.C. 7:15-5.24, ESAs are defined as contiguous areas of 25 acres or larger consisting of habitat for threatened and endangered species as identified on the Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One (C1) special water resource protection areas, and wetlands, alone or in combination. These areas are not included in the proposed SSA.

Pursuant to N.J.A.C. 7:15-5.24(c), certain coastal planning areas, not applicable here, must also be excluded from SSA. Specifically, there are no Coastal Fringe Planning Areas, Coastal Rural Planning Areas, or Coastal Environmentally Sensitive Areas on the proposed project site.

In accordance with N.J.A.C. 7:15-5.24(d)1, areas with Federal 201 grant limitations that prohibit the extension of sewers are excluded from the adopted SSA either where local mapped information exists delineating these areas, or through a narrative description where mapping does not exist, except as provided under N.J.A.C. 7:15-5.24(f)1. Where a narrative approach has been used, it is noted as text on the adopted FWSA map. Pre-existing grant conditions and requirements (from Federal and State grants or loans for sewerage facilities), which provide for restriction of sewer

service to environmentally sensitive areas, are unaffected by adoption of these amendments and compliance is required.

In addition to the environmentally sensitive areas with Federal 201 grant limitations that prohibit the extension of sewers identified under N.J.A.C. 7:15-5.24(d)1, there are other special restricted areas, not applicable here, which must also be excluded from SSA pursuant to N.J.A.C. 7:15-5.24(d)2 through 4. Specifically, there are no beaches, coastal high hazard areas, or dunes on the project site.

In accordance with N.J.A.C. 7:15-5.25(h)1, the projected wastewater flow of the project has been evaluated. The Department has determined that the WMUA's Pine Brook Treatment Plant has adequate available capacity to treat the proposed wastewater flow from this project.

In accordance with N.J.A.C. 7:15-5.25(h)3 the water supply need for the proposed project has been evaluated. Water supply for the proposed development will be provided by the Marlboro Township Municipal Utilities Authority which is a public water system which withdraws water from the Farrington Aquifer. The location of the diversion on Harbor Road and the water allocation permit number is WAP030001, program I.D. 5055. The existing water allocation permit will not require modification to serve the proposed project

In accordance with N.J.A.C. 7:15-5.25(h)4, a project or activity's stormwater management is to be evaluated. However, P.L. 2013, c. 188 directs that there is a presumption that an engineered subdivision or site plan is not required. Without such information a review and determination of compliance with the Stormwater Management rules (N.J.A.C. 7:8) is not possible. The county and local governments are responsible for review and implementation of the Stormwater Management rules during their review and approval of proposed development. Marlboro Township has an adopted stormwater management ordinance (No. 2006-21) which complies with the performance standards of the Stormwater Management Rules at N.J.A.C. 7:8.

In accordance with N.J.A.C. 5.25(h)5, a riparian zone has been identified on the proposed project site as the tributary to the Deep Run (FW2-NT) that borders the southern edge of the property. Riparian zones or buffers are established along all surface waters, based on the surface water body's classification designated at N.J.A.C. 7:9B, under the following regulations: the Flood Hazard Area Control Act Rules, the Stormwater Management rules, and the Water Quality Management Planning rules. The required buffer width for Deep Run is 50 feet. In accordance with N.J.A.C. 7:15-5.25(h)5i, the Riparian Corridor Analysis has been satisfied by the exclusion of the buffer area from the proposed SSA.

In accordance with N.J.A.C. 7:15-5.24(b)1, to determine areas designated as threatened or endangered species habitat, the Department utilized the Division of Fish and Wildlife's Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, version 3.1. Areas identified by the Landscape Project as being suitable habitat for threatened and endangered species Ranks 3 (State threatened) , 4 (State endangered), and 5 (Federal endangered or threatened) are not to be included in proposed SSAs except as provided under N.J.A.C. 7:15-5.24(e) – (h), or unless a site has undergone a site specific Habitat Suitability Determination prepared in accordance with N.J.A.C. 7:15-5.26 that found the site to be not suitable habitat, or pursuant with N.J.A.C. 7:15-5.24(g)2, the Department determined the ESA is not critical to a population of endangered or threatened species, the loss of which would decrease the likelihood of the survival or recovery of the identified species. Review of the project site has determined that no threatened or endangered species habitat exists on site.

In accordance with N.J.A.C. 7:15-5.24(b)2, areas mapped as Natural Heritage Priority Sites are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). Review of the project site has determined that no Natural Heritage Priority Sites exist on site.

In accordance with N.J.A.C. 7:15-5.24(b)3, the Department has determined there are no special water resource protection areas along Category One waters on the site.

In accordance with N.J.A.C. 7:15-5.24(b)4, areas mapped as wetlands pursuant to N.J.S.A. 13:9A-1 and 13:9B-25 are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). Wetlands have been

identified on the proposed project site along the southern edge of the property. The provisions at N.J.A.C. 7:15-5.24(b)4, have been satisfied by the exclusion of the wetlands areas from the proposed SSA.

In accordance with N.J.A.C. 7:15-5.25(h)6, proposed development disturbance is not to be located in areas with steep slopes, defined as any slope greater than 20 percent. There are no steep slopes on the proposed project site.

Additional issues which may need to be addressed for any new or expanded wastewater treatment facility proposal include, but are not limited to, compliance with stormwater regulations, antidegradation, effluent limitations, water quality analysis, and exact locations and designs of future treatment works. Additionally, sewer service to any particular project is subject to contractual allocations between municipalities, authorities and/or private parties, and is not guaranteed by this amendment.

Approval of this amendment does not eliminate the need for any permits, approvals or certifications required by any Federal, State, County or municipal review agency with jurisdiction over this project/activity.

This notice is being given to inform the public that a plan amendment has been proposed for the Monmouth County WQM Plan. All information related to the WQM Plan and the proposed amendment is located at the Department, Office of Water Resources Management Coordination, 401 East State Street, P.O. Box 420, Mail Code 401-02A, 401 East State Street, Trenton, N.J. 08625-0420. The Department's file is available for inspection between 9:00 a.m. and 4:00 p.m., Monday through Friday. An appointment to inspect the documents may be arranged by calling the Office of Water Resources Management Coordination at (609) 984-3665.

Interested persons may submit written comments on the proposed amendment to WQM Program Docket, at the Department address cited above, with a copy sent to Mr. James Clarkin, CME Associates, 3141 Bordentown Avenue, Parlin, NJ 08859. All comments must be submitted within 30 days of the date of this public notice. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment proposal.

Interested persons may request in writing that the Department hold a non-adversarial public hearing on the amendment or extend the public comment period in this notice up to 30 additional days. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. These requests must be submitted within 30 days of the date of this notice to WQM Program Docket at the Department address cited above. If a public hearing for the amendment is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

**Proposed Amendment to the Tri-County Water Quality Management Plan
Public Notice
Testa Property**

Take notice that the New Jersey Department of Environmental Protection (Department) is seeking public comment on a proposed amendment to the Tri-County Water Quality Management (WQM) Plan. This amendment proposal, submitted on behalf of Procacci Development Corporation would expand the sewer service area (SSA) of the Elmwood Avenue Wastewater Treatment Plan (WTP) to portions of Block 15, Lots 11.03, 11.04, and 11.05 in Evesham Township, Burlington County.

This proposed amendment has been reviewed in accordance with the Water Quality Management Planning rules, N.J.A.C. 7:15-1 et seq. and P.L. 2011 c.203 as amended and supplemented by P.L. 2013 c.188. Section 6(h) of P.L. 2013, c. 188 allows for the consideration of an application for a WQM Plan amendment that does not propose a specific project or activity, was previously in an approved SSA, and delineates as SSA a parcel not to exceed 100 acres in size that complies with the regulatory criteria for the delineation of a SSA established at N.J.A.C. 7:15-5.24.

In accordance with N.J.A.C. 7:15-5.24, environmentally sensitive areas (ESAs) have been assessed to determine what areas are appropriate for inclusion in the proposed SSA. ESAs are defined as contiguous areas of 25 acres or larger consisting of habitat for threatened and endangered species as identified on the Landscape Project Maps of Habitat for

Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One (C1) special water resource protection areas, and wetlands, alone or in combination. These ESAs are not included in the proposed SSA.

In accordance with N.J.A.C. 7:15-5.24(b)1, to determine areas designated as threatened or endangered species habitat, the Department utilized the Division of Fish and Wildlife's Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, version 3.1. Areas identified by the Landscape Project as being suitable habitat for threatened and endangered species Ranks 3 (State threatened), 4 (State endangered), and 5 (Federal endangered or threatened) are not to be included in proposed SSAs except as provided under N.J.A.C. 7:15-5.24(e) – (h), or unless a site has undergone a site specific Habitat Suitability Determination prepared in accordance with N.J.A.C. 7:15-5.26 that found the site to be not suitable habitat, or pursuant with N.J.A.C. 7:15-5.24(g)2, the Department determined the ESA is not critical to a population of endangered or threatened species the loss of which would decrease the likelihood of the survival or recovery of the identified species. Review of the site has determined that no threatened or endangered species habitat exists on site.

In accordance with N.J.A.C. 7:15-5.24(b)2, areas mapped as Natural Heritage Priority Sites are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). Review of the project site has determined that no Natural Heritage Priority Sites exist on site.

In accordance with N.J.A.C. 7:15-5.25(h)5i, riparian zones shall be protected. Riparian zones or buffers are established along all surface waters, based on the surface water body's classification designated at N.J.A.C. 7:9B, under the following regulations: the Flood Hazard Area Control Act Rules, the Stormwater Management rules, and the Water Quality Management Planning rules. No riparian zones have been identified on site.

In accordance with N.J.A.C. 7:15-5.24(b)4, areas mapped as wetlands pursuant to N.J.S.A. 13:9A-1 and 13:9B-25 are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). In accordance with N.J.A.C. 7:15-5.24(e)2, Letter of Interpretation, L.O.I. # 0313-13-0001.1 was submitted, which re-delineates the wetlands and their associated buffers, and these areas are not included in the proposed SSA.

In accordance with N.J.A.C. 7:15-5.24(c), lands within certain coastal planning areas (Coastal Fringe, Coastal Rural, and Coastal Environmentally Sensitive Planning Areas) are not included in the SSA. The project site is not in a coastal planning area.

Pursuant to N.J.A.C. 7:15-5.24(d), special restricted areas including areas with Federal 201 grant limitations that prohibit the extension of sewers to serve development in specified areas such as wetlands and floodplains, in addition to special restricted areas of designated beaches, coastal high hazard areas, and dunes are not included in the SSA. These restricted areas are not applicable here.

This proposed amendment represents only one part of the permit process and other issues may need to be addressed prior to final permit issuance. Additional issues which may need to be addressed may include, but are not limited to, the following: compliance with stormwater regulations; antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.

This notice is being given to inform the public that a plan amendment has been proposed for the Tri-County WQM Plan. All information related to the WQM Plan and the proposed amendment is located at the Department, Office of Water Resources Management Coordination, P.O. Box 420, Mail Code 401-02A, 401 East State Street, Trenton, N.J. 08625-0420. The Department's file is available for inspection between 9:00 a.m. and 4:00 p.m., Monday through Friday. An appointment to inspect the documents may be arranged by calling the Office of Water Resources Management Coordination at (609) 777-4349.

Interested persons may submit written comments on the proposed amendment to WQM Program Docket, at the Department address cited above with a copy sent to Mr. Joseph Mancini, Licensed Professional Engineer & Planner, Tri-State Engineering & Surveying, PC, at P.O. Box 1304, Blackwood, NJ 08012. All comments must be submitted

within 30 days of the date of this public notice. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment request.

Interested persons may request in writing that the Department hold a non-adversarial public hearing on the amendment or extend the public comment period in this notice up to 30 additional days. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. These requests must be submitted within 30 days of the date of this notice to WQM Program Docket at the Department address cited above. If a public hearing for the amendment is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION**

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF: SEAN & DONNA BRADLEY
 Enforcement File # 1612-06-0002.1
 Block and Lot [160, 10]
 Totowa Borough, Passaic County

Comments regarding this settlement or requests for a copy of the settlement should be sent to: Dwayne Snead, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, 401 East State Street, Mail Code 401-04C, PO Box 420, Trenton, New Jersey 08625 or via email at Dwayne.Snead@dep.state.nj.us. Comments must be received by NJDEP within 30 days of this publication to be considered.

Waiver Rule Requests

NOTE: Pursuant to N.J.A.C. 7:1B-2.3(c), this section contains only those waiver rule requests related to rules for which the Department publishes notice of permit decisions in the DEP Bulletin. To access information on all waiver rule requests received by the Department, use the interactive reports on the Department's DataMiner website. Please visit <http://www.nj.gov/dep/waiverrule> and click on the "Search for Waiver Requests and Decisions" button to access these reports.

	Section	4

Narrative	<p>A complete explanation of the basis for the waiver request is set forth in the attached letter of Susanne Peticolas dated May 30, 2013. Exelis Inc. (Exelis) seeks to obtain a waiver of N.J.A.C. 7:26A-7.4(b)2 (the NJDEP Regulation) on the grounds that it conflicts with several Federal Regulations and that strict compliance with the NJDEP Regulation would be unduly burdensome. Exelis, a defense contractor subject to United States Department of Defense (DOD) regulations, generates classified information during the implementation of its defense contracts. Due to the nature of its business and customer base, much of the information that Exelis stores electronically implicates national security concerns and, accordingly, is mandated by the DOD to be treated as classified. This classified information, stored on removable hard drives, must be destroyed completely and at the highest classification level (Top Secret) in accordance with DOD regulations. Shredding is the method that is most protective of human health and the environment as well as cost effective and DOD compliant. Under NJDEP regulations, shredding is impermissible without a Class D Recycling permit. Obtaining such a permit is unduly burdensome and would result in excessive cost compared to on-site shredding, which achieves comparable or greater benefits to public health and safety or the environment. First, there is a very real possibility that the Clifton facility could be shut down if Exelis is required to cease shredding. Second, sending the classified hard drives to a licensed facility is not possible because no DOD approved facility exists in New Jersey. Third, becoming a Class D licensed recycling facility in order to continue on-site shredding would come at an exorbitant and unnecessary cost. For all of these reasons as further detailed in the letter, a waiver of the NJDEP Regulation is warranted.</p>

DIVISION OF REMEDIATION MANAGEMENT AND
OPERATIONS ELEMENT**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz
Operations Element
PO Box 028
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF WATER QUALITY
PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:
