Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Coastal Permit: A permit or an authorization issued under this chapter pursuant to CAFRA, the Wetlands Act of 1970, N.J.S.A. 13:9A-1 et seq., or the Waterfront Development Law, N.J.S.A. 12:5-3.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway, floodplain or riparian zone in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NOTICE OF PUBLIC COMMENT PERIOD
REGARDING A SMALL-SCALE SOLID WASTE THERMAL DESTRUCTION FACILITY
PERMIT RENEWAL**

The New Jersey Department of Environmental Protection, Division of Solid & Hazardous Waste hereby gives notice that it has tentatively approved a Solid Waste Facility Permit renewal application regarding the operation of the existing Small-Scale Solid Waste Thermal Destruction Facility Permit for Novartis Pharmaceuticals Corporation (Novartis) located at 59 NJ Route 10 in the Township of East Hanover, Morris County.

The application for a Solid Waste Facility Permit renewal was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility is currently permitted to process Novartis generated Type #10 Waste (Municipal), Type #25 Waste (Animal and Food Processing), and Type #27 Waste (Dry Industrial) with an approved maximum combustion rate of 780 pounds per hour for any combination of waste types authorized for processing.

The public comment period on the draft permit action begins on the date of the publication of this notice and will close within thirty (30) days of this publication. Any interested person may submit written comments during this period to the Department concerning the draft permit action to:

Anthony Fontana
Chief
New Jersey Department of Environmental Protection
Division of Solid & Hazardous Waste
Bureau of Solid Waste Permitting
Mail Code 401-02C
P.O. Box 420
Trenton, New Jersey 08625-0420
(609) 292-9880

Upon written request of any interested party, which raises the issues of fact relevant to the proposed agency action within thirty (30) days of this publication, a public hearing will be scheduled regarding the proposed agency action.

The application and all other supporting documents, as well as the draft Solid Waste Facility Permit and fact sheet are available for inspection at the above noted office of the Department's Division of Solid & Hazardous Waste, the office of the Township of East Hanover Clerk, and the office of the Morris County Clerk.

Anyone who would like to obtain copies of the draft permit and a fact sheet for the facility should notify Kim Beccia at the above address or contact her at 609-984-2104.

Notice of Request for Participation in a Project Partnership with the New Jersey Department of Environmental Protection to apply for project funding available through Coastal Resilience grant program offered by the National Oceanic and Atmospheric Administration (NOAA)

A. BACKGROUND ON NOAA GRANT OPPORTUNITY

As part of its national effort to build resilient coastal ecosystems, communities and economies, NOAA has announced the availability of up to \$15 million in funding for coastal community and habitat restoration projects in 2017.

Funding Opportunity Title: FY 2017 NOAA Coastal Resilience Grants Program
Funding Opportunity Number: NOAA-NOS-NRPO-2017-2005159

The NOAA funding opportunity seeks project proposals from nonprofit organizations, institutions of higher education, regional organizations, private entities, and local, state, and tribal governments. The primary focus of this grants program is to implement projects that build resilience coastal communities, economies, and ecosystems. The NOAA Coastal Resilience Grants program will support two categories of activities:

- 1) **Strengthening Coastal Communities:** activities that improve capacity of multiple coastal jurisdictions to prepare and plan for, absorb the impacts of, recover from, and/or adapt to extreme weather events and climate-related hazards; or
- 2) **Habitat Restoration:** activities that restore habitat to strengthen the resilience of coastal ecosystems and decrease the vulnerability of coastal communities to extreme weather events and climate-related hazards.

NOAA will accept proposals requesting between \$100,000 and \$2 million. More information can be found online at grants.gov or from <https://coast.noaa.gov/resilience-grant/>. The deadline for applications to NOAA for the Coastal Resilience grants funding opportunity is March 15, 2017.

NOAA will give high priority for the funding of projects that:

1) Strengthening Coastal Communities

- Enhance civic capacity and maintain or establish collaborative efforts through engagement with appropriate stakeholders, development of collaborative projects and leveraging of resources;
- Increase stakeholder understanding and awareness of the impacts of extreme weather and climate-related hazards on coastal communities and economic sectors that depend on the ocean and coasts;
- Improve planners and decision makers' access to data and information related to current and future environmental, economic, and social conditions and their capacity to integrate information into sound, science-based planning and decision making;
- Increase planners and decisions makers' knowledge of the costs, benefits, and tradeoffs of the use of natural and nature-based solutions for a potential ranges of purposes including but not limited to coastal infrastructure protection, water quality enhancement, habitat creation, and increased recreational use.

2) Habitat Restoration

- Result in socio-economic benefits associated with the restoration of healthy and resilience coastal ecosystems, such as increased economic activity, enhanced recreation including fishing, changes in human well-being, improved or protected infrastructure, decreased flooding impacts, elimination of safety hazards, and/or reduced maintenance costs.
- Restore habitat within the Blueprint Habitat Focus Areas (<https://www.habitat.noaa.gov/habitatblueprint>) or habitat for Listed species including Species in the Spotlight (http://www.nmfs.noaa.gov/stories/2015/05/05_14_15species_in_the_spotlight.html);
- Implement on-the-ground restoration activities that will begin within 24 months of the proposed award start date, will result in beneficial impacts, and achieve the stated ecosystem resilience and habitat goals;
- Demonstrate collaboration and alignment among multiple stakeholders, including state and federal agencies, by proposing projects and implement ecosystem-based multi-benefit restoration recommendations and site-specific strategies outlined in existing coastal vulnerability or resilience studies and comprehensive planning efforts such as fisheries recovery and/or management plans.

B. New Jersey Department of Environmental Protection Request for Partners

In response to this Federal Funding Opportunity, the New Jersey Department of Environmental Protection's Office of Coastal and Land Use Planning ("Department"), is offering to enter into partnerships with eligible entities submitting proposals for the NOAA Coastal Resilience Grant Program. Eligible entities are: nonprofit organizations; private (for profit) entities; institutions of higher education; and state, territorial, tribal, and local governments as defined at 2 C.F.R. 200.64, which includes counties, municipalities, and cities; and regional organizations (as defined in the NOAA announcement).

The Department may propose a project of its own, and partner in a project led by eligible entities, in response to the NOAA FFO.

The Department is considering submittal of an application in response to the NOAA FFO to fund a collaboration of partners to develop and implement activities to advance a common framework for coastal resilience and apply those actions at the local and regional scale.

The Department is also offering to provide support within a partnership of entities seeking funding for projects in New Jersey that propose to build resilience to coastal hazards, including activities that protect life and property,

safeguard people and infrastructure, strengthen the economy, or conserve and restore coastal and marine resources. The Department is offering support to develop the grant application to NOAA, substantive support during the project including but not limited to completion of specific project tasks, technical and regulatory compliance assistance, and in-kind match through staff support for projects that meet the eligible applicant requirements and demonstrate that they clearly address the NOAA project evaluation criteria as well as those set forth below.

Entities seeking to partner with the Department must provide the following information to the Office of Coastal and Land Use Planning on or before **February 15, 2017**.

The Department will notify eligible entities of its acceptance of their offer to partner on or before **March 1, 2017**.

Proposal/Applicant Information

- Qualifying entity's name, mail address, and phone number;
- Qualifying entity's primary contact person's name, mail address, phone number, and e-mail address;
- Names, mail addresses, phone numbers, and e-mail addresses of all qualifying project partners, subcontractors, or agents serving as a contact for the proposed project;
- Proposed project details including:
 - For Department-led project:
 - Activity(s)/task(s) the eligible entity proposes to develop and implement, as part of the collaboration of partners, to advance a common framework for coastal resilience and application of those actions at the local and regional scale;
 - Budget for the proposed activity(s);
 - Statement of Qualifications of the perspective grantee which details the experience of the entity successfully implementing resiliency planning, tool development, data collection, ecological creation, restoration or enhancement projects, and/or coastal hazards resiliency projects;
 - For eligible entity-led projects:
 - Present an overview of the project scale and scope;
 - Site location maps that provide both regional and site specific details;
 - Narrative description of how the proposed project addresses each of the NOAA application evaluation criteria;
 - Narrative description of how the proposed project addresses each of the Factors considered by the Department identified below;
 - Overall budget for the project;
 - Statement of Qualifications of the lead perspective grantee which details the experience of the entity or grantee partnership successfully implementing resiliency planning, tool development, data collection, ecological creation, restoration or enhancement projects, and/or coastal hazards resiliency projects;
 - Proposed activity(s) of the Office of Coastal and Land Use Planning;
 - Additionally, for eligible entity-led Habitat Restoration projects:
 - Sketch plan or engineered designed drawing that details', to the extent possible, the proposed project elements and location of the project elements within the project site, for Habitat Restoration projects;
 - Proposed plan to ensure pre- and post-construction site monitoring plan, for Habitat Restoration projects;
 - Federal and or State permit authorizations currently valid for the project or the readiness and feasibility of the project obtaining such requisite permits in a timely fashion, for Habitat Restoration projects.

C. FACTORS CONSIDERED BY THE DEPARTMENT IN SELECTING PARTNERSHIPS TO PURSUE THE NOAA FUNDING OPPORTUNITY

For a Department-led project:

- The extent to which the proposed activity/task directly supports a collaboration of partners to develop and implement activities to advance a common framework for coastal resilience and application of those actions at the local and regional scale; and
- The stated objectives and priorities of the funding for Strengthening Coastal Communities or Habitat Restoration categories; and
- Whether the project builds on, informs, or otherwise improves ongoing Office of Coastal and Land Use Planning activities; and
- Budget for the proposed activity(s); and
- The experience of the prospective grantee or grantee partnership successfully implementing other similar projects.

For all eligible entity-led projects:

- The extent to which a project directly addresses the stated objectives and priorities of the funding for Strengthening Coastal Communities or Habitat Restoration categories; and
- The extent to which a project is likely to provide sustainable and lasting benefits and resiliency to extreme weather events and climate-related hazards; and
- Whether the project is consistent with the strategies identified in the *New Jersey Coastal Management Program Section 309 Assessment & Strategy 2016-2020* found at <http://www.nj.gov/dep/cmp/docs/njcmp-309-strategy-assessment-2016-2020.pdf>; and
- Whether the project builds on, informs, or otherwise improves ongoing Office of Coastal and Land Use Planning activities; and
- Whether the project demonstrates collaboration and alignment among multiple stakeholders; and
- Whether the project includes a focused and effective education and outreach strategy; and
- The experience of the prospective grantee or grantee partnership successfully implementing other similar projects, and

Additionally, for eligible entity-led Habitat Restoration projects:

- Whether Federal and State permit authorizations requisite to conduct a habitat restoration project have been obtained, or existing permits can be modified to reflect the project elements and remain valid; or
- Where no proposed project permits are currently valid, whether project activities requiring permit authorizations are included within current Federal and State Nationwide and General Permits; or
- Where no proposed project permits are currently valid, whether the proposed project activities requiring an Individual permit authorization under either or both Federal and State jurisdictions are likely to gain approvals that will enable the project to be completed by September 30, 2020.

Partnership offerings submissions shall be provided to:

PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:
