Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

PUBLIC NOTICE***

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin ***and*** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin ***only***.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:
