Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

401 E. State Street, P.O. Box 420
Trenton, New Jersey 08625-0420
(609) 292-9880

Upon written request of any interested party, which raises the issues of fact relevant to the proposed agency action within thirty (30) days of this publication, a public hearing will be scheduled regarding the proposed agency action.

The application and all other supporting documents, as well as the draft Solid Waste Facility Permit and fact sheet are available for inspection at the above noted office of the Department's Division of Solid and Hazardous Waste, the office of Parsippany-Troy Hills Clerk and the office the Morris County Clerk.

Anyone who would like to obtain copies of the draft permit and a fact sheet for the facility should notify Richard Campbell at the above address or contact her at (609) 984-4567.

**NOTICE OF PUBLIC COMMENT PERIOD
REGARDING A SOLID WASTE FACILITY PERMIT FOR A SOLID WASTE TRANSFER STATION**

The New Jersey Department of Environmental Protection, Division of Solid and Hazardous Waste, hereby gives notice that it has tentatively approved a major modification application of the Solid Waste Facility Permit regarding the operation of the solid waste transfer station/materials recovery facility for Freehold Cartage, Inc., located at 825 Highway 33 East, Freehold, NJ 07728.

The application for a Solid Waste Facility Permit Modification to increase the permitted capacity was submitted in accordance with the requirements established at N.J.A.C. 7:26-2. The facility currently accepts and processes waste types (ID 10 Municipal Waste; ID 13 Bulky Waste; ID 13C Construction and Demolition Debris; and ID 27 Dry Industrial Waste) and Class A source separated recyclable materials. Currently, the solid waste capacity is limited to 1800 tons each Monday through Saturday period not to exceed 400 tons on any given day during this period and to 100 tons on Sunday. The acceptance of Type 10 waste is limited to the following: for the Monday through Saturday period, not more than 360 tons can be accepted and no more than 80 tons on any given day; and for Sunday, no more than 60 tons can be accepted.

FCI will increase the permitted capacity to the following: no more than 4,800 total tons of waste each Monday through Saturday period, no more than 1,000 tons on any given day during this period, and no greater than 200 tons on Sunday. Solid waste type ID10 tonnage is limited to the following: no more than 360 tons during each Monday through Saturday period, no more than 80 tons on any given day during Monday through Saturday, and no more than 60 tons on Sunday. Solid waste type ID23 tonnage is limited to the following: no more than 300 tons during each Monday through Saturday period, no more than 75 tons on any given day during Monday through Saturday, and no more than 50 tons on Sunday. Any Class A recyclable material accepted inside the transfer station building shall be counted against the total solid waste capacity limits.

Hours of waste acceptance are from 6:00 AM to 8:00 PM seven days a week, and waste are processed twenty-fours (24) hours a day seven days a week. Recyclable materials are removed from the solid waste stream and consolidated for shipment to end markets, and solid waste is consolidated for shipment to in and out of state disposal facilities.

The public comment period on the draft permit action begins on the date of the publication of this notice and will close within thirty (30) days of this publication. Any interested person may submit written comments during this period to the Department concerning the draft permit action to:

Anthony Fontana, Chief
Bureau of Solid Waste Permitting

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF WATER QUALITY
PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:
