FOR THE RENEWAL OF A SOLID AND HAZARDOUS WASTE FACILITY PERMIT**

The New Jersey Department of Environmental Protection (Department), Division of Solid & Hazardous Waste, hereby gives notice that it has tentatively approved a Hazardous Waste Facility Permit renewal application submitted by Picatinny Arsenal, Morris County, EPA ID No.: NJ3 210 020 704, for the continued operation of a solid and hazardous waste container storage facility. The draft permit covers ongoing solid and hazardous waste activities that are regulated by the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) on the State level and the Resource Conservation and Recovery Act (RCRA) on the Federal level.

Picatinny Arsenal is a major subordinate center of the U.S. Army Material Command. Picatinny Arsenal has responsibility for the research and development of numerous armament items, including pilot-level production of explosives, propellants, and metal parts. The research, production, and testing activities at the facility result in the generation of various solid and hazardous waste streams. The facility is authorized to store onsite-generated solid and hazardous waste in container storage areas, with a total storage capacity of twenty-six thousand seven hundred (26,700) gallons. The permit restricts the permittee to the storage of on-site generated solid and hazardous waste only. The permittee cannot accept solid and hazardous waste from any other generator.

The public comment period on this tentative approval begins on September 25, 2017, and ends on November 8, 2017. Written comments and requests for a public hearing must be submitted to:

Karen Kloo, Chief

On October 1, 2009, the Department denied a Freshwater Wetland Letter of Interpretation, determining that the extent of wetlands and waters were not accurately located on the submitted plan. Through the appeal process, the applicant has revised the wetlands and waters boundary to accurately reflect the existing site conditions. As such, the Department is considering entering into a Settlement Agreement and may issue a Letter of Interpretation Line Verification that resolves the Petitioner's appeal of the Department's October 1, 2009 decision.

Comments regarding this settlement or requests for information regarding this action should be sent to Stacey MacEwan, Project Manager, Division of Land Use Regulation, Bureau of Inland Regulation, NJDEP, Mail Code 501-02A PO Box 420, Trenton, NJ 08625-0420, or by e-mail care of Stacey.MacEwan@dep.nj.gov. Comments must be received by NJDEP within 30 days of this publication.

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement and Escrow Agreement and issue a Modification to Coastal Zone General Permit No. 4, File No. 1517-04-0008.2 CZM160001 (Permit). Said Modification would resolve the appeal of the Permit conditions requiring the construction of a 10-foot wide public access way and public access signs on-site and the filing of a conservation restriction governing the on-site public access. The Modification will indicate that the public access requirement was satisfied by the completion of a monetary contribution towards a future, off-site, Department approved, bayside, public access improvement project in accordance with the executed Settlement and Escrow Agreement. The applicant is James Bodenheimer. Notice of the final decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.
