Robert C. Shinn, Jr., *Commissioner, Dept. Environmental Protection*

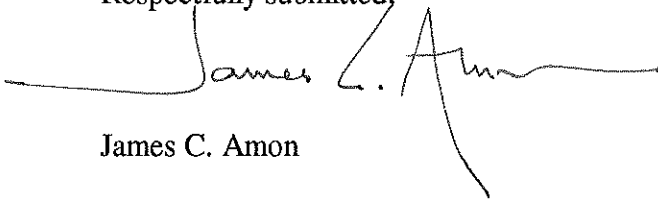

Mr. Jessen announced that this meeting was being held in conformance with all provisions of the Open Public Meeting Law. He asked Mr. Amon to explain the issues relating to the proposed realignment and widening of the intersection between Mapleton Road and Seminary Drive.

Mr. Amon showed plans for the new intersection and showed the Commissioners the approximate location of the proposed intersection. He also showed plans for the proposed Villas at Tuscan housing development and showed the Commissioners where the houses would be located and where the Canal Park is.

There was a brief discussion about the nature of the proposed intersection and of the proposed housing development, but Mr. Jessen advised those present that there would be a full discussion with opportunity for public comment at the meeting to be held in the Plainsboro Municipal Building.

The meeting was adjourned at 12:35 PM.

Respectfully submitted,
