Brian Costantino, Solid Waste Coordinator  
Camden County Division of Environmental Affairs  
1301 Park Blvd.  
Cherry Hill, NJ 08002

Dear Mr. Costantino:

The New Jersey Department of Environmental Protection's Division of Sustainable Waste Management, Bureau of Solid Waste Planning and Licensing is in receipt of a request for administrative action to the Camden County District Solid Waste Management Plan (County Plan) dated April 21, 2025. This amendment to the County Plan proposes County Plan inclusion of the ReGenesis Materials Class A Single Stream Recycling Facility, to be located at 200 Cherry Avenue, Block 39, Lot 9 in the Township of Voorhees. This request proposes acceptance of up to 90 tons per day of Class A recyclables consisting of cardboard, glass containers, metal food/beverage containers, mixed residential paper, newspaper, plastic, and scrap metal as single or multi stream recyclables, with operating hours of 7:00 a.m. to 4:00 p.m., Monday through Friday.

Pursuant to N.J.A.C. 7:26-6.11(b)3, the inclusion of new recycling facilities for processing Class A recyclable materials can be accomplished via administrative action. Therefore, the County Plan inclusion of the ReGenesis Materials Class A Single Stream Recycling Facility is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11.

If you have any questions relative to this action, please contact me at (609) 940-5805 or Amy Entin at [Amy.Entin@dep.nj.gov](mailto:Amy.Entin@dep.nj.gov).

Sincerely,

Jill Aspinwall, Section Chief  
Bureau of Solid Waste Planning and Licensing
