Jack Sworaski, Director
Camden County Division of Environmental Affairs
1301 Park Blvd.
Cherry Hill, New Jersey 08002

Dear Mr. Sworaski:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Camden County District Solid Waste Management Plan (County Plan) dated August 18, 2020. This amendment to the County Plan proposes County Plan inclusion to approve the phased construction and subsequent operations of the Gloucester City Organic Recycling Facility, LLC (GCOR) located at Block 120, Lot 2, Water Street and Stinsman Avenue in the City of Gloucester, as follows: Phase I GCOR proposes to receive source-separated food waste and packaged food waste inside the building where pre-processing will take place and under Phase II, GCOR proposes to receive source-separated food waste, packaged food waste, yard waste (consisting of leaves, grass, brush and tree parts), where pre-processing and composting will take place at GCOR.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the modification of an existing recycling facility including on-site operational changes, can be accomplished via an administrative action. Therefore, the County Plan inclusion of construction and operational Phases I and II at the GCOR is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to issue a permit modification to the subject facility for the above noted operational changes.

If you have any questions relative to this matter, please contact Joanne McClendon of my staff by email at joanne.mcclendon@dep.nj.gov.

Sincerely,

Seth Hackman, Section Chief
Bureau of Planning and Licensing
