**NOV 14 2017**

Dear Mr. Herrmann,

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a proposed amendment to the Essex County District Solid Waste Management Plan (County Plan) dated October 19, 2017. The subject request for administrative action to the County Plan proposes to add Block 2780, Lot 30 to the existing Lemcor, Inc. Transfer Station/Materials Recovery Facility (TS/MRF), located on Block 2780, Lots 28 and 32, Block 2755, Lots 1 and 46, and Block 2767, Lots 1 and 35 at 170 Frelinghuysen Avenue in the City of Newark.

The County Plan inclusion of the above noted block and lot will not result in any operational changes at the subject facility, which is included in the County Plan with a capacity of 650 tons per day (3,150 tons per week) of solid waste types 10, 13, 13C, and 27 and operating hours of 24 hours per day, Monday through Sunday.

Pursuant to N.J.A.C. 7:26-6.11(b)14, the addition of an adjacent parcel of property to an existing solid waste facility and/or recycling center can be accomplished through an administrative action. Therefore, the County Plan inclusion of Block 2780, Lot 30 to the existing site of the Lemcor, Inc. TS/MRF in the City of Newark is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).
