**CERTIFICATION
OF THE DECEMBER 4, 2008
AMENDMENT TO THE ESSEX COUNTY
DISTRICT SOLID WASTE MANAGEMENT PLAN**

BY ORDER OF THE COMMISSIONER:

A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the state's counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Boards of Chosen Freeholders and the Hackensack Meadowlands Development Commission (now known as the New Jersey Meadowlands Commission) develop comprehensive plans for waste management in their respective districts. On August 13, 1980, the Department of Environmental Protection (Department or DEP) approved, with modifications, the Essex County District Solid Waste Management Plan (County Plan).

The Act further provides that a district may review its County Plan at any time and, if found inadequate, a new County Plan must be adopted. The Essex County Board of Chosen Freeholders (County Freeholders) completed such a review and on December 4, 2008 adopted an amendment to its approved County Plan.

The December 4, 2008 amendment proposes County Plan inclusion of the Re-Tire, LLC Class B Recycling Center, to be located on Block 3779, Lot 20,92 at 110 Evergreen Street in the City of Newark, for the receipt and processing of up to 175 tons per day (tpd) of source-separated scrap tires.

The amendment was considered administratively complete for review by the Department on February 4, 2009 and copies were distributed to various administrative review agencies for review and comment, as required by law. The Department has reviewed this amendment, and has determined that the amendment adopted by the County Freeholders on December 4, 2008 is approved as provided in N.J.S.A. 13:1E-24.

B. Findings and Conclusions with Respect to the Essex County District Solid Waste Management Plan Amendment

Pursuant to N.J.S.A. 13:1E-24a(1), I have studied and reviewed the December 4, 2008 amendment to the County Plan according to the objectives, criteria, and standards developed in the Statewide Solid Waste Management Plan and I find and conclude that the amendment is consistent with the Statewide Solid Waste Management Plan. In this regard, the County Freeholders are notified of the elements relative to the December 4, 2008 amendment which are included below.

Elements of the December 4, 2008 Amendment

Element: Facility Operations

The December 4, 2008 amendment to the County Plan is proposing County Plan inclusion of the Re-Tire, LLC Class B Recycling Center, to be located on Block 3779, Lot 20,92 at 110 Evergreen Street in the City of Newark, for the receipt and processing of up to 175 tpd of source-separated scrap tires. The operating hours of the facility are identified in the subject County Plan amendment as 7:00 am – 5:00 pm, Monday through Saturday.

Element: Regulatory Requirements

If any operation of a recycling center will discharge pollutants as defined in N.J.A.C. 7:14-1.9, said operation must secure a New Jersey Pollutant Discharge Elimination System Permit and/or a Treatment Works Approval for pollutant discharges prior to operation.

Recycling centers are subject to the provisions of N.J.A.C. 7:27-5, "Prohibition of Air Pollution". This regulation prohibits the release of odors and other air contaminants which interfere with the enjoyment of life and property. In addition, recycling centers may require an air quality preconstruction permit and operating certificate pursuant to N.J.A.C. 7:27-8.2(c), dependent upon the equipment and type of operations conducted at the facility.

C. Certification of the Essex County District Solid Waste Management Plan Amendment

In accordance with N.J.S.A. 13:1E-1 et seq., specifically N.J.S.A. 13:1E-21, which establishes specific requirements regarding the contents of the county solid waste management plans, I have reviewed the December 4, 2008 amendment to the approved County Plan and certify to the County Freeholders that the December 4, 2008 amendment is approved as further specified below.

The County Plan inclusion of the Re-Tire, LLC Class B Recycling Center, to be located on Block 3779, Lot 20,92 at 110 Evergreen Street in the City of Newark, for the receipt and processing of up to 175 tpd of source-separated scrap tires is approved.

This certification shall not be construed as an expression of the Department's intent to issue a recycling center approval to any recycling center for Class B materials. A recycling center approval shall only be issued where the applicant has submitted as administratively complete application, as per N.J.A.C. 7:26A-3.5, where all the substantive criteria for approval set forth in N.J.A.C. 7:26A-3.2, 3.3, and 3.4 are satisfied, where a fee has been paid in accordance with N.J.A.C. 7:26A-2, and where none of the criteria for denial of a recycling center approval are met, as per N.J.A.C. 7:26A-3.12.

D. Other Provisions Affecting the Plan Amendment
