Monica Gismondi, County Recycling Coordinator
GCIA/ Office of Recycling
503 Monroeville Road
Swedesboro, New Jersey 08085

Dear Ms. Gismondi:

On February 14, 2008 the Department of Environmental Protection's Solid and Hazardous Waste Management Program received the February 7, 2008 request for an administrative action from Gloucester County concerning Magnum Industries Class D recycling facility. On October 18, 2007 the Department of Environmental Protection's Solid and Hazardous Waste Program approved the inclusion of the Magnum Industries/Thanks for Being Green, LLC. Class D recycling facility located at Block 3, Lot 6 in the Township of Deptford into the Gloucester County Solid Waste Management Plan.

The February 7, 2008 administrative action proposes the following changes: a name change from Magnum Industries to the Thanks for Being Green, LLC. Class D recycling facility; the square footage of the building will be 20,000 square feet; and, projected daily tonnage will change from 1/8 ton per day to up to 8 tons per day.

Pursuant to N.J.A.C. 7:26-6.11(b) 4, 5., the operational changes of an existing facility constitutes an approvable administrative action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to issue a permit modification to the subject facility for the above noted operational changes.

If you have any questions relative to this action, please contact Najwa N. Ali of my staff at (609) 984-9773 or email at Najwa.Ali@dep.state.nj.us.

Sincerely,

Guy Watson, Chief
Bureau of Recycling and Planning
