Dear Ms. Gismondi:

On February 13, 2009, the Department of Environmental Protection's Solid and Hazardous Waste Program received a request for an administrative action dated February 13, 2009 for Gloucester County District Solid Waste Management Plan (County Plan) inclusion of proposed amendments to the County Plan. This request for an administrative action is in response to the Department's November 18, 2008 certification of an amendment to the County Plan adopted by the Gloucester County Board of Chosen Freeholders on June 4, 2008, which identified five elements requiring additional detail. These five elements are identified below:

- Designation of County Plan implementation agency;
- Inventory of the quantity of solid waste generated within the County for the next ten years;
- Inventory of all solid waste and recycling facilities;
- County plan inclusion process for solid waste and recycling facilities with definitive timeframes for the Board of Chosen Freeholder's approval and/or rejection; and,
- Designation of materials required to be recycled.

The February 13, 2009 administrative action addresses the elements noted above. Therefore, pursuant to N.J.A.C. 7:26-6.11(b) 6 & 14., the Department considers these modifications to the County Plan as an approvable administration action. This request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact Najwa N. Ali of my staff at (609) 984-9773 or email at [Najwa.Ali@dep.state.nj.us](mailto:Najwa.Ali@dep.state.nj.us).

Sincerely,
