Richard Hills, Head
Middlesex County
Division of Solid Waste Management
100 Bayard Street 2nd Fl.
New Brunswick, NJ 08901

Dear Mr. Hills:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of the June 13, 2005 proposed amendment to the Middlesex County District Solid Waste Management Plan (County Plan). The amendment proposes County Plan inclusion of a Class A Facility, State Street Recycling located at Block 459, part of Lots 55-67 and Lots 80-92 with the street address of 1037 State Street, Perth Amboy. The facility will accept up to 150 tons per day of Class A recyclables (plastic, glass, aluminum, steel containers, cardboard, mixed paper and newspaper).

Although this action was initiated as a County Plan amendment, pursuant to N.J.A.C. 7:26-6.11(14)., the Department considers this proposed County Plan amendment to be a permissible administrative action and thereby approves the administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed, as an expression of the Department's intent to issue a Class A recycling center approval to the subject facility.

If you have any questions relative to this action, please contact Najwa Ali of my staff at (609) 984-9773 or at Najwa.Ali@dep.state.nj.us

Sincerely,

Guy Watson, Chief
Bureau of Recycling and Planning
