Commissioner

October 1, 2021

James E. Deacon, Solid Waste Coordinator
Morris County Municipal Utilities Authority
214A Center Grove Road
Randolph, NJ 07869

Dear Mr. Deacon,

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a proposed amendment to the Morris County District Solid Waste Management Plan ("County Plan") dated September 8, 2021. This amendment to the County Plan proposes County Plan inclusion of an additional Class B material, specifically source-separated tires at the Jefferson Recycling, LLC Class B recycling center located at 710 State Route 15 North, Block 272; Lots 8 & 9 in the Township of Jefferson. The acceptance of this additional Class B material will be included in the facility's currently approved 700 tons per day capacity.

Pursuant to N.J.A.C. 7:26-6.11(b)5, a modification of an existing recycling center, including the acceptance of additional materials, constitutes an approvable administrative action. Therefore, this administrative action is hereby approved pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to issue a Class B Recycling Center General Approval Modification to Jefferson Recycling, LLC for the above noted operational change. Modifications to the Class B Recycling Center General Approval including, but not limited to, the site plan reconfiguration noted in the proposed amendment, should be addressed directly with the NJDEP's Bureau of Recycling and Hazardous Waste Management.

If you have any questions relative to this matter, please contact Dawn Slawsky of my staff by e-mail at dawn.slawsky@dep.nj.gov.

Sincerely,

Dana Lawson, Environmental Specialist 4
Bureau of Planning and Licensing
