Ernest J. Kuhlwein, Jr., Director
Dept. of Solid Waste Management
129 Hooper Avenue
P.O. Box 2191
Toms River, NJ 08754-2191

Dear Mr. Kuhlwein:

On September 3, 2008 the Department of Environmental Protection's Solid and Hazardous Waste Program received a request for an administrative action to include in the Ocean County District Solid Waste Management Plan (County Plan) the Supreme Computer and Electronic Recyclers expanded list of approved materials that are to be accepted at their Class D Recycling Center at 1950 Rutgers University Boulevard, Lakewood Township. The list of approved materials currently consists of computer components, electronic equipment, fluorescent bulbs, batteries, and ballasts. Pursuant to the September 3, 2008 administrative action, the approved list of materials will now include mercury containing devices (i.e. thermostats, thermometers, and relay switches, etc.), and lighting ballasts that contain PCB's.

Pursuant to N.J.A.C. 7:26-6.11(b) 5., on-site operational changes at an existing facility may be considered for approval through the administrative action process. Therefore, this amendment is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to modify an existing Class D Recycling Center Approval to Supreme Computer and Electronic Recycler.

If you have any questions relative to this action, please contact Najwa N. Ali of my staff at (609) 984-3438 or email at Najwa.Ali@dep.state.nj.us.

Sincerely,

Guy Watson, Chief
Bureau of Recycling and Planning
