Ernest J. Kuhlwein, Jr., Director  
Dept. of Solid Waste Management  
129 Hooper Avenue  
P.O. Box 2191  
Toms River, New Jersey 08754-2191

Dear Mr. Kuhlwein:

On December 3, 2007, the Department of Environmental Protection's Solid and Hazardous Waste Program received a request for an administrative action to amend the Ocean County Solid Waste Management Plan (County Plan) to include the additional disposal of waste type 10 in the re-developed original landfill area at the Ocean County Landfill facility (OCLF) in Manchester Township, Ocean County.

On April 20, 2005, the Ocean County Freeholder Board adopted an amendment to the County Plan in include the revised development plan for the (OCLF) to accept type 13 waste at a filled portion of the facility. The April 20, 2005 County Plan amendment was certified as approved by the Department on November 17, 2005. The December 3, 2007 administrative action proposes to add waste type 10 along with type 13 as a part of the revised development plan for a filled portion of the facility.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the Department considers modifications of existing facilities, such as on-site operational changes, as approvable administrative actions. Therefore, County Plan inclusion of disposing waste type 10 (along with type 13) in the re-developed original landfill area at the OCLF is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please note that the approval of this administrative action by the Department shall not be construed as an expression of the Department's intent to issue a solid waste facility permit or permit modification for any solid waste facility or operation, or issue any other permit which may be required by the Department.

If you have any questions relative to this action, please contact Najwa N. Ali at (609) 984-9773 or email at [Najwa.Ali@dep.state.nj.us](mailto:Najwa.Ali@dep.state.nj.us).

Sincerely,

Guy Watson, Chief  
Bureau of Recycling and Planning
