JAN 13 2014

Nina Seiden, Solid Waste & Recycling Coordinator  
Passaic County Office of Solid Waste & Recycling Programs  
1310 Route 23 North  
Wayne, NJ 07470

Dear Ms. Seiden:

The Department of Environmental Protection's (DEP) Solid and Hazardous Waste Management Program is in receipt of a request for administrative action to the Passaic County District Solid Waste Management Plan (County Plan) dated November 12, 2013. Administrative Action 003-13 to the County Plan proposes County Plan inclusion of additional parcels as parts of the Gaeta Recycling Company, Inc. Transfer Station/Materials Recovery Facility (TS/MRF) and Class A Recycling Center, which are currently operated on Block K1300, Lot 12; Block K1304, Lots 11 and 15; Block K1305, Lots 1-3, 18, and 21; and Block 7118, Lot 2 with a mailing address of 278-282 West Railway Avenue in the City of Paterson. Specifically, Administrative Action 003-13 to the County Plan proposes County Plan inclusion of the following parcels in the City of Paterson as parts of the Gaeta Recycling Company, Inc. TS/MRF and Class A Recycling Center:

- 201-203 Genessee Avenue (Block 7005, Lot 2);
- 199 Genessee Avenue (Block 7005, Lot 3);
- 197 Genessee Avenue (Block 7005, Lot 4);
- 197-199 Knickerbocker Avenue (Block 7006, Lot 3);
- 184-186 Genessee Avenue (Block 7006, Lot 17)\*;
- 188-190 Genessee Avenue (Block 7006, Lot 18);
- 192-194 Genessee Avenue (Block 7006, Lot 19); and,
- 276-281 West Railway Avenue (Block 7118, Lot 3).

\* As submitted, Administrative Action 003-13 to the County Plan did not identify the block and lot designation of 184-186 Genessee Avenue, but a December 17, 2013 e-mail from Frank Cerinetti, Operations Manager of the subject facilities, to Ross M. Hull, of my staff, identified the block and lot designation of this parcel as Block 7006, Lot 17.

It must be noted that although the total combined County Plan capacity of the subject facilities is 720 tons per day (tpd) of solid waste types 10, 13, 13C, 23, and 27 and Class A recyclable materials, the current DEP-issued Solid Waste Facility (SWF) Permit to Gaeta Recycling Company, Inc. for the TS/MRF limits the capacity to 400 tpd (2,100 tons per week) of solid waste types 10, 13, 13C, 23, and 27 and/or Class A recyclable materials. Of this 400-tpd capacity, a maximum daily capacity of 300 tons of Class A recyclable materials may be received.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the inclusion of additional parcels of land to an existing solid waste facility and/or recycling center can be accomplished via an administrative action. Therefore, the County Plan inclusion of the above identified parcels in the City of Paterson as parts of the Gaeta Recycling Company, Inc. TS/MRF and Class A Recycling Center is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Lastly, pursuant to N.J.S.A. 13:1E-21(a)4, each County Plan shall include an analysis of solid waste transportation routes. As no transportation routes have been included in the County Plan to and from the Gaeta Recycling Company, Inc. TS/MRF, the County is directed to address this deficiency to the County Plan within 180 days of the date of this approval. The County Plan inclusion of transportation routes for solid waste vehicles accessing and exiting the subject facility may be accomplished as per N.J.A.C. 7:26-6.11.

If you have any questions relative to this matter, please contact Ross M. Hull of my staff at (609) 984-5936 or by e-mail at [ross.hull@dep.state.nj.us](mailto:ross.hull@dep.state.nj.us).

Sincerely,

Robert Goodwin, Supervising Environmental Specialist  
Bureau of Recycling and Planning
